With the strategies and materials in this book, a teacher can give personalized direct instruction in the 3 Rs to a beginner, in just a few minutes a day. The early chapters tell how to prepare a young child for reading, writing, and arithmetic. Subsequent chapters show how to give a beginner an early start on learning the 3 Rs. All strategies begin with the oral approach (from phonemic awareness to arithme-talk) and then progress to print that is personally meaningful to a young child. Early 3 Rs: \* Includes arithmetic as a component of early literacy. \* Gives developmentally appropriate methods for direct teaching of the 3 Rs. \* Provides scripts of what the teacher can say to promote early learning. \* Helps education students in field-based classes offer personalized instruction.
