World of Warcraft and Philosophy Luke Cuddy, John Nordlinger, 2010-08-24

World of Warcraft is the most popular ever MMORPG (massively multiplayer online role playing game), with over twelve million subscribers and growing every day. WoW is everywhere - from episodes of South Park and The Simpsons, to online series like Watch the Guild, accolades and awards from game critics, prime-time commercials with William Shatner and Mr. T., and even criminal and civil courts in the real world. People marry and divorce individuals they have met in the game, realworld financial markets thrive in virtual WoW property, parents have their kids treated 'for Warcraft addiction, and real-world lawsuits, vendettas, and murders have been provoked by the game. Since identities are known to be assumed, is it okay to totally misrepresent yourself in the game? Does the Corrupted Blood epidemic warn us of future public health catastrophes? How can it be wrong to steal something which doesn't exist or torture characters who don't feel pain? Is warfare really essential to the world of Warcraft? What can our own world learn from Azeroth's blend of primitivism and high-tech? A specially commissioned guild of philosophers tackle these and other hard questions in World of Warcraft and Philosophy. 'Finally, something Horde and Alliance alike can enjoy! Log off and curl up with World of Warcraft and Philosophy: you'll level up your Intellect for better boasting at your next guild party and cocktail party alike. ''

World of Warcraft Daniel Lisi,2016-06-20 A personal look at the pros and cons of temporarily giving your life over to the world's biggest game.

Illidan: World of Warcraft William King,2016-04-12 Behind the legend stands a being hungry for justice and vengeance as the adventure, intrigue, and heroism of World of Warcraft, the global phenomenon, rise to a new level. You are not prepared. Illidan Stormrage is one of the most powerful beings ever to walk the lands of Azeroth. He is also one of the least understood. Behind his legend, beneath his enigmatic mission, lies a brilliant mind whose machinations are comprehended by few—and trusted by even fewer. Illidan's righteous reign of justice and vengeance has begun. Long ago, the night elf sorcerer Illidan infiltrated the demonic Burning Legion to ward off its invasion of Azeroth. Instead of hailing him as a hero, his own kind branded him the Betrayer, questioning his intentions after he appeared to aid the demon lords. For ten thousand years, he languished in prison—vilified, isolated, but never forgetting his purpose. Now the Legion has returned, and there is only one champion who can truly stand against it. Released from his bonds, Illidan prepares for the final confrontation in the alien realm of Outland, gathering an army of grotesque fel orcs, serpentine naga, cunning blood elves, and twisted demon hunters to his side. He alone knows what deeply hidden motives guide his hand; he alone understands the price that must be paid to defeat the enemies of creation. Yet as before, he is assailed by those who see his schemes as a cynical quest for power, including the

night elf Maiev Shadowsong, his former jailor. Warden Shadowsong and her Watchers have pursued the Betrayer to Outland to exact retribution for his crimes, and she will not rest until Illidan is in her custody . . . or in his grave. Praise for Illidan "William King kicks off a great story with Illidan."—BlizzPro "For many people, new and old players alike, this book will be an eye-opening journey."—All Things Azeroth "I enjoyed World of Warcraft: Illidan a great deal."—BlizzPlanet "Damn fun . . . There's virtually never a dull moment in Illidan."—Cineline

A time when the Dark Titan Sargeras, and his demon pawns persuaded Queen Azshara and her Highborne to cleanse Azeroth of its lesser races. A time when the Dragon Aspects were at the height of their power -- unaware that one of their own would soon usher in an age of darkness that would engulf the world of...War Craft®. In the first chapter of this epic trilogy, the outcome of the historic War of the Ancients is forever altered by the arrival of three time-lost heroes: Krasus, the dragon mage whose great power and memories of the ancient conflict have inexplicably diminished; the human wizard Rhonin, whose thoughts are divided between his family and the seductive source of his now-growing power; and Broxigar, a weathered orc veteran who seeks a glorious death in combat. But unless these unlikely allies can convince the demigod, Cenarius, and the untrusting night elves of their queen's treachery, the burning Legion's gateway into Azeroth will open anew. And this time -- the struggles of the past may well spill over into the future...
