Stargrave: Quarantine 37 Joseph A. McCullough,2021-09-16 When it was commissioned, Imperial Research Station 37 was home to nearly 10,000 scientists and researchers working on a vast array of biological and chemical projects. Then, six months before the outbreak of the war, Station 37 went dark. No escape pods were launched and all attempts at communication went unanswered. Only a solitary, repeating broadcast filled the silence: "This station is under quarantine - do not approach". When the war came, the station was forgotten, left to drift lifelessly in its empty system. Now, in the aftermath of the Last War, Station 37 has been rediscovered and its broadcast heard once more... Quarantine 37 is a supplement for Stargrave in which players lead their crews into an abandoned space station, hunting for lost technology, unique research, and forgotten experiments. Compete with your opponents for these valuable resources across two competitive mini-campaigns, or venture into the vast maze of corridors and laboratories alone in the first Stargrave solo campaign. Also included are six new soldier types, new backgrounds and powers, terrifying additions to the bestiary, and a new advanced technology table packed with loot to help you in your adventures in the ravaged galaxy.

Sixty Years of Airfix Models Jeremy Brook,2015-06-30 The best-known and most important manufacturer of plastic model kits in the UK, Airfix has been at the forefront of the industry since 1955 when the first Airfix aircraft kit appeared in UK branches of Woolworth's. The kits were made to a constant scale and covered a wide variety of subjects, from aircraft to birds and from tanks to dinosaurs. In 1981 the famous London-based company closed down and only the kits survived intact. For the next twenty-five years Airfix was run by Palitoy and later Humbrol, but suffered from a lack of investment. In 2006, Hornby Hobbies Ltd, the train and Scalextric manufacturer, bought the ailing company and transformed it. Money and resources were ploughed into the range, and today Airfix releases around twenty new kits per year, designed to an incredibly high standard. The old kits of the 1950s and 1960s are gradually being replaced by new state-of-the-art tooling, all bearing that most prestigious name - Airfix. Published to coincide with the sixtieth anniversary of the first Airfix aircraft kit, *Sixty Years of Airfix Models*, tells the full story, year by year, of the company and its products. Illustrated throughout with colour photographs of kits, box art and completed models.
