Wattman Willy Vandersteen,2017-04-21T00:00:00+02:00 In het bos ontdekken onze vrienden een mysterieus trammetje en zijn vriendelijke bestuurder Wattman. Oldays maakt jacht op de oude tram om zijn verzameling oldtimers aan te vullen en bovendien worden onze vrienden ook nog gegijzeld door twee bandieten. Als onze helden, Wattman en de tram per ongeluk weggeflitst worden door de teletijdmachine beleven ze allerlei spannende avonturen in andere tijden... Na hun terugkeer is Wattman nergens meer te bespeuren. Alleen vind je nu zijn graf op de plaats waar eerder het trammetje gevonden werd...

An Innocent Millionaire Stephen Vizinczey,1990-11-15 Brilliantly inventive, written with great flair and shows a deliciously comic and ironic sense of American realities.—Alfred Kazin The virtues of [Vizinczey's] style are those he finds in Hungarian poetry: the moody ferocity of a locked-up beast, and also a classic clarity and complete lack of self-indulgence.—Thomas D'Evelyn, Christian Science Monitor Shows where the true values lie—not in wealth or the rule of law but in that as yet inviolate sector where a man and woman make love. . . . I was entertained but also deeply moved: here is a novel set bang in the middle of our decadent, polluted, corrupt world that, in some curious way, breathes a kind of desperate hope.—Anthony Burgess, Punch (London) Bravo!—Graham Greene

Education for a Sustainable Future Keith A. Wheeler,Anne Perraca Bijur,2012-12-06 This book illustrates how sustainability, information technologies, and envisioning the future can be effectively woven into an integrated educational experience. By understanding what it takes to build a sustainable community, students will develop the skills needed to engage successfully in a sustainable society. Using the real world as their classroom, they will participate in gathering and analyzing data, clarifying values, listening, speaking, thinking creatively, and making decisions about their community.

Crick Crack, Monkey Merle Hodge,2013-05-20 The cultural and linguistic complexity of postcolonial Trinidadian society is cleverly portrayed in this beautifully written West Indian novel. Hodge uses the voice of the central character, Tee, to tell a story that begins with two young children forced to live first with their aunt Tantie and then with Aunt Beatrice. Tanties world overflows with hilarity, aggression, and warmth. Aunt Beatrices Creole middle-class world is pretentious and exudes discrimina-tory attitudes toward people of color in the lower classes. As we follow Tee from childhood to young adulthood, we share the diversity and richness of her struggle to exist in two worlds, fit in with relatives and classmates, learn from differing cultures, and carve out her identity. In addition to Hodges powerful, evocative writing and messages, readers are treated to an insightful introduction and study questions, written by Roy Narinesingh, that prompt fruitful discussions of postcolonial issues.

Jobs to Be Done Stephen Wunker,Jessica Wattman,David Farber,2016-11-15 In a challenging economy filled with multiple competitors, no one can afford to stagnate. Yet, innovation is notoriously difficult. How do you pinpoint the winning ideas that customers will love? Sifting through purchasing data for clues about what might sell or haphazardly brainstorming ideas are typical strategies. However, innovation expert Stephen Wunker offers the effective Jobs method: determining the drivers of customer behavior--those functional and emotional goals that people want to achieve. This simple shift in perspective opens up new insights about your customers and a wealth of hidden opportunities. For example, social media newcomer Snapchat used the Jobs process to capture the millennial demographic. By reducing functionality, the company satisfied its users' unmet need to document real life in the moment, without filters and like buttons. Packed with similar examples from every industry, this complete innovation guide explains both foundational concepts and a detailed action plan developed by Wunker and his team. In Jobs to Be Done, the groundbreaking Jobs Roadmap takes you step-by-step through the innovation process and reveals how to: Gather valuable customer insights Turn those insights into new product ideas Test and iterate until you find original profitable solutions And much more! Jobs to Be Done gives you a clear-cut framework for thinking about your business, outlines a roadmap for discovering new markets, new products and services, and helps you generate creative opportunities to innovate your way to success.

Language and the Sexes Francine Harriet Wattman Frank,Frank Anshen,1983-01-01 From the Back Cover: In a highly readable and lively text, the authors explore the way language mirrors our cultural assumptions, especially those concerned with gender distinctions. Focusing on contemporary issues, they draw on their knowledge of sociolinguistics and other languages to illustrate how sexism may be hidden by habits of language. In making the reader aware of these, they suggest options for change. Language And The Sexes synthesizes a wide range of up-to-date information and research under several topics: naming, stereotypes of language behavior, the politics of conversation, forms of address, asymmetry in vocabulary, and possibilities of reform. The book concludes with suggested projects related to these topics, guidelines for non-discriminatory language use, and an extensive bibliography.
