Voice of the Whirlwind Walter Jon Williams, 2015-04-29 Steward is a Beta— a clone. In his memories, he's an elite commando for an orbital policorp— but because his Alpha never did a brain-scan update, Steward's memories are fifteen years out of date . . . and in those fifteen years, everything has changed. An interstellar war destroyed the company that held his allegiance. His wife has divorced him, along with the second wife that he can't even remember. Most of his comrades died in a useless battle on a world called Sheol, and those who survived are irrevocably scarred. An alien race has arrived and become the center of a complex and deadly intrigue. And someone has murdered him. "Fast-moving, hard-driving, with a robust well-handled plot . . . a stirring and heartening performance." – Kirkus Reviews "Walter Jon Williams proves that he is a master of action, character and galaxy-spanning plots." — Fantasy Review "A combination of fast action, gritty realism, and high-tech polytechnics that is certain to be popular with Williams' growing audience." –Booklist. "(Williams) is a master of the intricate yet fast-paced plot—the essence of thrillers and novels of political intrigue." –Locus

The Great Canoes in the Sky Stephen Robert Chadwick, Martin Paviour-Smith, 2016-11-29 Presenting spectacular photographs of astronomical objects of the southern sky, all taken by author Stephen Chadwick, this book explores what peoples of the South Pacific see when they look up at the heavens and what they have done with this knowledge. From wives killing brothers to emus rising out of the desert and great canoes in the sky, this book offers the perfect blend of science, tradition and mythology to bring to life the most famous sights in the heavens above the southern hemisphere. The authors place this starlore in the context of contemporary understandings of astronomy. The night sky of southern societies is as rich in culture as it is in stars. Stories, myths and legends based on constellations, heavenly bodies and other night sky phenomena have played a fundamental role in shaping the culture of pre-modern civilizations throughout the world. Such starlore continues to influence societies throughout the Pacific to this day, with cultures throughout the region – from Australia and New Zealand in the south to New Guinea and Micronesia in the north - using traditional cosmology as a means of interpreting various aspects of everyday life.

One of peaceful springs and waters, the other a symbol of darkness and resilience. Now, both are on Earth, each with a different vision. Scorpius in search of Hell's Gate snatches all lost souls that live among us to form his army. Pegasus searching for peace lives amongst the humans as one of them. Scorpius Bruce Craig, 2013-04-12 The beautiful and tranquil Isle of Purbeck and its insular, pagan community are about to be thrust into a struggle between good and evil. Help comes in the unlikely form of Rowan Benson - Rowan isn't a pagan or a crusader against evil, in fact, he's quite ordinary and hasn't been to the Isle since childhood. But, after a powerful and vivid dream he's compelled to break free from his tedious existence and return. His trip quickly evolves into a quest, as he's drawn to a series of clues and puzzles. Along the way he encounters many of the strange locals and is exposed to their pagan traditions. He's forced to face his ancestry, the occult, a savage dog and a violent bird. Does Rowan possess the ability to settle the conflict? Will his course be determined by the stars and the pagan gods? Or, will he be pecked to death... Many characters and events are based on historical records: William Benson once owned Brownsea Island, was an MP and is said to have dabbled in black magic. Aleister Crowley, the occultist, performed ritualistic magic close to Studland, and St. Aldhelm (who has a chapel and cape named in his honour in the Isle of Purbeck) popularised an early list of the eight principal sins upon which eight of the characters, and chapters, have been based. 'A thoroughly decent adventure-mystery-occult-historical-romantic-comedy.' The author

Cloak and Dagger James Trusty, 2014-04-12 Of course, the video showed the ZDMS enforcers who had been trans-ferring Bogart to Security Central stopping their vehicles on the bridge and beyond either end of such. It then showed some of them dragging him out of their hovercarrier. A moment later, gunfire from various directions began hammering them, their companions, and their vehicles...After the general watched the video, he lit a cigarette and said, I wonder who those silly bastards were taking their orders from. Ya know, I had figured they must have done something stupid to get themselves killed. But I had refused to believe they had done it, while preparing to kill Bogart. That admission nearly shocked Sheila. She had figured he was the sort of person who suspected nearly everyone of being unreliable, if not treach-erous. So, she said, it seems obvious that someone uncool is controlling things behind your back. The question is who? The general grumbled, Of course, we know who is doing so. Proving it is the problem.

The Celestial Scriptures C. M. Houck, 2002-01-22 The Celestial Scriptures will challenge every spiritual principle that has been imposed upon us through tenets or organized religions. It is not easy to face the fact that religious pronouncements—often contradictory—are primarily distortions regarding some universal truth as seen through myth and superstition. The Celestial Scriptures will challenge the reader to get acquainted with a means of spiritual understanding that is unfamiliar, for it reinstates an extremely ancient device as a teaching tool. The irony is that most people in our technological society have at least a passing awareness of this device and associate it

with a frivolous pastime. In spite of all humankind's technological advances, we have not learned to override the conditioned religious interpretations that were set down by ancestors who insisted that the Earth was the center of Creation. We have climbed out of such simplemindedness and have raised virtual mountains of technological wonders. But amazingly, from the summits these mountains where we are privileged to peer into the living heart of universal truths, we still bow before mythic explanations and superstitions! It is time to face the fact that deceptions have lurked in the halls of faith for far too long.
