White Tears/Brown Scars Ruby Hamad, 2020-10-06 Called “powerful and provocative by Dr. Ibram X. Kendi, author of the New York Times bestselling *How to be an Antiracist*, this explosive book of history and cultural criticism reveals how white feminism has been used as a weapon of white supremacy and patriarchy deployed against Black and Indigenous women, and women of color. Taking us from the slave era, when white women fought in court to keep “ownership” of their slaves, through the centuries of colonialism, when they offered a soft face for brutal tactics, to the modern workplace, *White Tears/Brown Scars* tells a charged story of white women’s active participation in campaigns of oppression. It offers a long overdue validation of the experiences of women of color. Discussing subjects as varied as *The Hunger Games*, Alexandria Ocasio-Cortez, the viral BBQ Becky video, and 19th century lynchings of Mexicans in the American Southwest, Ruby Hamad undertakes a new investigation of gender and race. She shows how the division between innocent white women and racialized, sexualized women of color was created, and why this division is crucial to confront. Along the way, there are revelatory responses to questions like: Why are white men not troubled by sexual assault on women? (See Christine Blasey Ford.) With rigor and precision, Hamad builds a powerful argument about the legacy of white superiority that we are socialized within, a reality that we must apprehend in order to fight. A stunning and thorough look at White womanhood that should be required reading for anyone who claims to be an intersectional feminist. Hamad’s controlled urgency makes the book an illuminating and poignant read. Hamad is a purveyor of such bold thinking, the only question is, are we ready to listen? —Rosa Boshier, *The Washington Post*

Masters of the Hunt: The White Scars Omnibus Various, 2022-02-01 Join the fierce White

Scars as they battle for the glory of the Imperium. The White Scars, peerless huntsmen, stalkers of the plains and bearers of the storm's fury, ride out to protect the Imperium from the dark powers of Chaos, and the machinations of the foul xenos. Through the teachings of their primarch, Jaghatai Khan, these warriors temper ferocity with keen wisdom. To face them on one of mankind's myriad battlefields is to know death, for should a survivor escape with their life, they will not do so for long. Kor'sarro Khan, Master of the Hunt, cannot be outrun. Collecting the novels *Hunt for Voldorius* and *The Last Hunt*, the novellas *Blood Oath* and *Hunter's Snare*, plus four short stories, this omnibus is packed with tales of the noble hunter.

Scars Chris Wraight, 2014-10-28 Jaghatai Khan and his White Scars Legion must choose - the Emperor or Horus? Fresh from their conquest of Chondax and the discovery of Horus's rebellion, Jaghatai Khan's warriors stand divided. Long considered one of the less trustworthy Legions, many of the White Scars claim to owe their loyalty exclusively to Terra, and others still to the Warmaster and his warrior lodges. But when a distress call from Leman Russ of the Space Wolves brings the wrath of the Alpha Legion to Chondax, the Khan's hand is forced and the decision must be made - in the great war for the Imperium, will he side with the Emperor or Horus?

White Scars, 2019

The Last Hunt Robbie MacNiven, 2018-05-29 When one of their recruiting worlds is threatened by a tyranid hive fleet, Joghatai Khan leads the White Scars to protect the planet from the rampaging aliens. In the grim darkness of the 41st millennium, the Imperium is protected by Space Marines, superhuman warriors who battle tirelessly to protect humanity from aliens and the dark powers of Chaos. The White Scars are an old and noble Chapter, their apparent wildness and savagery hiding a cultured and spiritual nature. When one of their recruiting worlds comes under

threat from a splinter fleet of Hive Fleet Leviathan, Joghaten Khan leads the Fourth Company to protect the planet from the rampaging tyrannids. But all is not as clear as it seems. The White Scars find their efforts hampered by mysterious enemies, though they also receive an offer of aid from a most unexpected quarter. Without help, their mission looks next to impossible, but are their newfound allies to be trusted?

Jaghatai Khan Chris Wraight, 2018-07-24 As the Great Crusade burns across the stars, the primarch of the White Scars, Jaghatai Khan, must decide where his true allegiance lies. Ever since the Imperium's rediscovery of the world of Chogoris, the White Scars' culture of warrior mysticism has sat uneasily with the ideals of Unity. As the Great Crusade burns across the stars, their enigmatic primarch Jaghatai Khan fights to preserve his Legion's distinctiveness amid a galaxy where cold rationality holds sway. Despite his self-imposed isolation, others in the brotherhood of primarchs seek to draw him into the greatest ideological battle of them all: the place of psychic power within the Legions. As the Librarius project is born, and opposition to it grows, the Khan must decide where his greatest allegiance lies – to the Imperial Truth, or to his own heritage.

The Path of Heaven Chris Wraight, 2017-08-29 The full powers of Chaos are revealed as the Horus Heresy blazes towards Terra. For too long the Vth Legion had ranged out beyond the sight of the wider Imperium, remaining ignorant of the Warmaster's rebellion and the war that inevitably followed. Only once their primarch, Jaghatai Khan, had satisfied himself that the path before them was just and true did the White Scars choose a side, taking the fight to the traitors on every front. But, four years later, the Legion's unfettered spirit has been broken by relentless attritional warfare against the Death Guard and the Emperor's Children. The Khan's Stormseers must find a clear route to Terra if they are to take part in the final, apocalyptic battle.

White Scars Denis Hirson, 2006 White Scars also explores the moments at which Hirson read the four books. They include the arrest of his anti-apartheid activist father, Baruch Hirson in the early 1960's; his own move to Paris in the 1970's; his father's death, and the end of a period of mourning for him.

Damocles Ben Counter, Josh Reynolds, Guy Haley, Phil Kelly, 2015-04-21 Four novellas that focus on the events of the second Damocles Gulf Crusade Two centuries ago, the Imperium of Man and the upstart Tau Empire fought to a standstill in the Damocles Gulf. Now, as the 41st millennium draws to a close, the tau have returned. As the world of Agrellan falls under attack, the White Scars and Raven Guard rush to its defence, but with the skilled Commander Shadowsun leading the alien forces, the Space Marines and their allies are hard pressed. Kor'sarro Khan, Huntmaster of the White Scars, swears that he will win the day in the most direct way possible - by taking Shadowsun's head.

The Hunt for Voldorius Andy Hoare, 2015-08-18 Captain Kor'sarro Khan of the White Scars is petitioned by his Chapter Master to hunt down and destroy the daemon prince Voldorius. Captain Kor'sarro Khan of the White Scars is petitioned by his Chapter Master to hunt down and destroy the daemon prince Voldorius, a warleader of the renegade Alpha Legion, thus ending his reign of terror across the stars. Hunting the beast doggedly for over a decade, Kor'sarro finally brings Voldorius to battle on Quintus, a world that has totally given itself over to the Alpha Legion. Together with their Raven Guard allies, the White Scars must fight an entire planet if they are to slay the daemon prince.

Scars A. Breeze Harper, 2015-03-18 Scars is a novel about whiteness, racism, and breaking past the normative boundaries of heterosexuality, as experienced through eighteen year old Savannah

Penelope Sales. Savannah is a Black girl, born and raised in a white, working class, and rural New England town. She is in denial of her lesbian sexuality, harbors internalized racism about her body, and is ashamed of being poor. She lives with her ailing mother whose Emphysema is a symptom of a mysterious past of suffering and sacrifice that Savannah is not privy to. When Savannah takes her first trip to a major metropolitan city for two days, she never imagines how it will affect her return back home to her mother ... or her capacity to not only love herself, but also those who she thought were her enemies. Scars is about the journey of friends and family who love Savannah and try to help her heal, all while they too battle their own wounds and scars of being part of multiple systems of oppression and power. Ultimately, Scars makes visible the psychological trauma and scarring that legacies of colonialism have caused to both the descendants of the colonized and the colonizer ... and the potential for healing and reconciliation for everyone willing to embark on the journey. As a work of social fiction born out of years of critical race, Black feminist, and critical whiteness studies scholarship, Scars engages the reader to think about USA culture through the lenses of race, whiteness, working-class sensibilities, sexual orientation, and how rural geography influences identity. Scars can be used as a springboard for discussion, self-reflection and social reflection for students enrolled in American Studies, Sociology, Women's Studies, Sexuality Studies, African American Studies, human geography, LGBTQ studies and critical whiteness studies courses, or it can be read entirely for pleasure. Breeze Harper has a BA in feminist geography, from Dartmouth College, a MA in Educational Technologies from

Harvard University, and a PhD from the University of California, Davis, where she studied applications of critical race feminism, critical whiteness studies, and critical food studies within cultural geography. A History of Scars Laura Lee, 2021-03-02 From a writer whose work has been called “breathtaking and dazzling” by Roxane Gay, this moving, illuminating, and multifaceted memoir explores, in a series of essays, the emotional scars we carry when dealing with mental and physical illnesses—reminiscent of *The Collected Schizophrenias* and *An Unquiet Mind*. In this stunning debut, Laura Lee weaves unforgettable and eye-opening essays on a variety of taboo topics. In “History of Scars” and “Aluminum’s Erosions,” Laura dives head-first into heavier themes revolving around intimacy, sexuality, trauma, mental illness, and the passage of time. In “Poetry of the World,” Laura shifts and addresses the grief she feels by being geographically distant from her mother whom, after being diagnosed with early onset Alzheimer’s, is relocated to a nursing home in Korea. Through the vivid imagery of mountain climbing, cooking, studying writing, and growing up Korean American, Lee explores the legacy of trauma on a young queer child of immigrants as she reconciles the disparate pieces of existence that make her whole. By tapping into her own personal, emotional, and psychological struggles in these powerful and relatable essays, Lee encourages all of us to not be afraid to face our own hardships and inner truths.

Savage Scars Andy Hoare, 2011-02-22 Dal’yth. The forces of the Greater Good have established a stranglehold on the planet, and the time has come for the Imperium to move against them. The White Scars lead the ground assault against the tau, launching into combat with speed and fury, shedding blood as they gain ground against their enemies. Meanwhile, the members of the Crusade

Council are determined to pursue their own agendas, and their politicking and back-stabbing will place the entire war effort in jeopardy. But little do they know that Inquisitor Grand has more extreme measures in mind, and the White Scars must achieve victory quickly or the cost to Dal'yth will be devastating

Scars and Stripes Tim Kennedy, Nick Palmisciano, 2022-06-07 From decorated Green Beret sniper, UFC headliner, and all around badass, Tim Kennedy, a rollicking, inspirational New York Times bestselling memoir offering lessons in how to embrace failure and weather storms, in order to unlock the strongest version of yourself. Tim Kennedy has a problem; he only feels alive right before he's about to die. Kennedy, a Green Beret, decorated Army sniper, and UFC headliner, has tackled a bull with his bare hands, jumped out of airplanes, dove to the depths of the ocean, and traveled the world hunting poachers, human traffickers, and the Taliban. But he's also the same man who got kicked out of the police department, fire department, and as an EMT, before getting two women pregnant four days apart, and finally, been beaten up by his Special Forces colleagues for, quite simply, "being a selfish asshole." With his vivid and stirring voice, *Scars and Stripes* "is an authentic gut punch of a life lived with grit, resiliency, and a never-quit attitude in the face of heartbreaking failures and incredible success that every American can learn from" (Patrick Murphy, veteran and former United States Under Secretary of the Army). Kennedy reveals that failure isn't the end—rather it's the first step towards unearthing the best version of yourself and finding success, no matter how overwhelming the setbacks may feel.

Beautiful Scars Tom Wilson, 2019-10-01 I'm scared and scarred but I've survived Tom Wilson was raised in the rough-and-tumble world of Hamilton—Steeltown— in the company of World War II vets, factory workers, fall-guy wrestlers and the deeply guarded secrets kept by his parents, Bunny

and George. For decades Tom carved out a life for himself in shadows. He built an international music career and became a father, he battled demons and addiction, and he waited, hoping for the lies to cease and the truth to emerge. It would. And when it did, it would sweep up the St. Lawrence River to the Mohawk reserves of Quebec, on to the heights of the Manhattan skyline. With a rare gift for storytelling and an astonishing story to tell, Tom writes with unflinching honesty and extraordinary compassion about his search for the truth. It's a story about scars, about the ones that hurt us, and the ones that make us who we are. From *Beautiful Scars*: Even as a kid my existence as the son of Bunny and George Wilson seemed far-fetched to me. When I went over it in my head, none of it added up. The other kids on East 36th Street in Hamilton used to tell me stories of their mothers being pregnant and their newborn siblings coming home from the hospital. Nobody ever talked about Bunny's and my return from the hospital. In my mind my birth was like the nativity, only with gnarly dogs and dirty snow and a chipped picket fence and old blind people with short tempers and dim lights, ashtrays full of Export Plain cigarette butts and bottles of rum. Once, when I was about four, I asked Bunny, How come I don't look anything like you and George? How come you are old and the other moms are young? There are secrets I know about you that I'll take to my grave, she responded. And that pretty well finished that. Bunny built up a wall to protect her secrets, and as a result I built a wall to protect myself.

The Torture Letters Laurence Ralph, 2020-01-15 Torture is an open secret in Chicago. Nobody in power wants to acknowledge this grim reality, but everyone knows it happens—and that the torturers are the police. Three to five new claims are submitted to the Torture Inquiry and Relief Commission of Illinois each week. Four hundred cases are currently pending investigation. Between 1972 and 1991, at least 125 black suspects were tortured by Chicago police officers working under

former Police Commander Jon Burge. As the more recent revelations from the Homan Square “black site” show, that brutal period is far from a historical anomaly. For more than fifty years, police officers who took an oath to protect and serve have instead beaten, electrocuted, suffocated, and raped hundreds—perhaps thousands—of Chicago residents. In *The Torture Letters*, Laurence Ralph chronicles the history of torture in Chicago, the burgeoning activist movement against police violence, and the American public’s complicity in perpetuating torture at home and abroad. Engaging with a long tradition of epistolary meditations on racism in the United States, from James Baldwin’s *The Fire Next Time* to Ta-Nehisi Coates’s *Between the World and Me*, Ralph offers in this book a collection of open letters written to protesters, victims, students, and others. Through these moving, questing, enraged letters, Ralph bears witness to police violence that began in Burge’s Area Two and follows the city’s networks of torture to the global War on Terror. From Vietnam to Geneva to Guantanamo Bay—Ralph’s story extends as far as the legacy of American imperialism. Combining insights from fourteen years of research on torture with testimonies of victims of police violence, retired officers, lawyers, and protesters, this is a powerful indictment of police violence and a fierce challenge to all Americans to demand an end to the systems that support it. With compassion and careful skill, Ralph uncovers the tangled connections among law enforcement, the political machine, and the courts in Chicago, amplifying the voices of torture victims who are still with us—and lending a voice to those long deceased.

A Map Of Scars Moyra Sammut, 2021-04 From the back streets of Valletta in Malta, a chance discovery by her father forces Georgina Parker to make a decision that will change her life and of those around her. She finds herself on a path to self-discovery at the brink of WWII; a journey that takes her across the Mediterranean to the White Cliffs of Dover. Will her dream to join the war effort

cost her everything? Will she ever find the true love she seeks among the machinations of war?

Eye of Terra Laurie Goulding, 2017-06-27 An anthology of Horus Heresy tales written by some of Black Library's bestselling authors. The galaxy burns at Horus's command, and a billion more lives are lost with each passing moment – though it was not always so. Once, the title of Warmaster stood for honour, loyalty and a fierce pride in the strength of the Space Marine Legions. But perhaps by following the myriad lines of destiny and defiance that were already woven around the primarchs and their sons, we may yet come to understand the bitterness that can eat away at even the most steadfast of souls... This Horus Heresy anthology contains fifteen short stories by authors including Graham McNeill, Nick Kyme, Gav Thorpe, Chris Wraight and many more. It also includes Aaron Dembski-Bowden's acclaimed novella Aurelian.

Wolf King Chris Wraight, 2018-07-10 Abandoned by their kinsmen and hounded into the Alaxxes Nebula, Leman Russ and his Space Wolves face the Alpha Legion fleet for one last, glorious battle. The Space Wolves were set upon by the forces of the Alpha Legion before they had even recovered from the Razing of Prospero. Hounded to the edge of the Alaxxes Nebula, in desperation Leman Russ called out to his primarch brothers and their Legions for aid. None came. Now, with their fleet stranded and supplies dwindling, the warriors of the Rout face almost certain death amidst the rust-red clouds of the nebula. But what a glorious end it shall be, worthy of the sagas of old, for Alpharius's sons will soon learn that a cornered wolf is always the most deadly.
