Wild Child: A Journey Through Nature Dara McAnulty, 2021-09-28 Join brilliant young naturalist Dara McAnulty - winner of the 2020 Wainwright Prize for his book *Diary of a Young Naturalist* - on a nature walk and experience the joy of connecting with the natural world on your multi sensory journey. This beautiful gift book, illustrated in full colour by Barry Falls, is divided into five sections: looking out of the window, venturing out into the garden, walking in the woods, investigating heathland and wandering on the river bank. Dara pauses to tell you about each habitat and provides fantastic facts about the native birds, animals and plants you will find there - including wrens, blackbirds, butterflies, tadpoles, bluebells, bees, hen harriers, otters, dandelions, oak trees and many more. Each section contains a discovery section where you will have a closer look at natural phenomenon such as metamorphoses and migration, learn about categorization in the animal kingdom or become an expert on the collective nouns for birds. Each section finishes with an activity to do when you get home: plant wild flowers, make a bird feeder, try pond dipping, make a journey stick and build a terrarium. Dara ends the book with advice for young conservationists.

All the animals live in fear of this nasty baby who cannot be tamed or soothed. No matter what the animals try, the wild child just gets wilder! Can the animals join together to bring peace back to the jungle and make the wild child a mild child?

Wild Child: Forest's First Home Tara Zann, 2017-04-18 On a family camping trip, Olive meets Forest, a boy who has grown up in the wild. Olive's father agrees to let him move in, as long as Olive can teach him to behave properly before the family dinner with her fastidious Gam Gam. Olive only has one week to show him how to take a bath, eat off a plate, and sleep in a bed . . . but Forest doesn't even know the meaning of proper. He likes to hang out with the neighborhood birds and swing on chandeliers. It doesn't help that Olive's brother, Ryan, tries to convince Forest that football should be played inside! Forest's shenanigans and the black-and-white illustrations throughout will have both reluctant and avid readers laughing out loud.

Wild Child Sarah Glover, 2021-05-04 This evocative cookbook invites kids of all ages to the table for more mouthwatering innovative outdoor fare put together by the James Beard Award-nominated author of *Wild: Adventure Cooking*. In her first cookbook, Sarah Glover showed the world how liberating, satisfying, and easy it is to cook beautiful healthy food outdoors. Now she brings kids of all ages into the mix, proving that they too can take part in collecting, preparing, and cooking campfire meals the whole family can enjoy. Glover's simple yet elegant meals are inspired by the land and the sea: fish and ears of corn dangled on a stick over an open flame; perfect bread baked directly on hot coals; kale and potatoes simmered in saltwater; eggs fried alongside spicy sausage and toast; chili-brined cherry tomatoes--and more.

Glover emphasizes fresh seasonal food that can be acquired locally. And, while her techniques date back to ancient traditions, the flavors are distinctly modern. Brimming with gorgeous landscape photography from across the Australian continent, this stylish yet down-to-earth cookbook encourages families to embrace the outdoors, teaches young chefs valuable techniques and life skills, and proves once again that everything tastes better cooked over an open flame.

Wild Child Naomi Morgenstern, 2018-05-08 Exploring how the figure of the "wild child" in contemporary fiction grapples with contemporary cultural anxieties about reproductive ethics and the future of humanity In the eighteenth century, Western philosophy positioned the figure of "the child" at the border between untamed nature and rational adulthood. Contemporary cultural anxieties about the ethics and politics of reproductive choice and the crisis of parental responsibility have freighted this liminal figure with new meaning in twenty-first-century narratives. In *Wild Child*, Naomi Morgenstern explores depictions of children and their adult caregivers in extreme situations—ranging from the violence of slavery and sexual captivity to accidental death, mass murder, torture, and global apocalypse—in such works as Toni Morrison's *A Mercy*, Cormac McCarthy's *The Road*, Lionel Shriver's *We Need to Talk about Kevin*, Emma Donoghue's *Room*, and Denis Villeneuve's film *Prisoners*. Morgenstern shows how, in such narratives, "wild" children function as symptoms of new ethical crises and existential fears raised by transformations in the technology and politics of reproduction and by increased ethical questions about the very decision to reproduce. In the face of an uncertain future that no longer confirms the confidence of patriarchal humanism, such narratives displace or project present-day apprehensions about maternal sacrifice and paternal protection onto the wildness of children in a series of hyperbolically violent scenes. Urgent and engaging, *Wild Child* offers the only extended consideration of how twenty-first-century fiction has begun to imagine the decision to reproduce and the ethical challenges of posthumanist parenting.

A Wild Child's Guide to Endangered Animals Millie Marotta, 2019-10-08 From New York Times bestselling author Millie Marotta comes this gorgeous celebration of the animal kingdom. *A Wild Child's Guide to Endangered Animals* highlights the plight of 43 endangered species from around the world, including rare and well-known animals living in freshwater, oceans, forests, mountains, tundras, deserts, grasslands, and wetlands. Illuminating text relays the story of each species, from how they live and why they are endangered to what is being done about it. Complete with a map detailing where each species can still be found, this visually rich, timely, informative book raises awareness in the most spectacular way.

Wild Child A.S. Green, 2018-06-18 Providing private security for a celebrity wedding is nothing new...until I come face-to-face with Natalie O'Brien. The woman who chose someone else and kicked me to the curb six years ago. Time has done nothing to tame her. She's a red-headed beauty with a sharp tongue and nerves of steel who could seriously knock me off my game... When my assistant bails, Natalie jumps at the chance to get off her tiny island. Now we're stuck criss-crossing the country in my SUV, with her tantalizing scent filling the cab and her smart mouth making me very...uncomfortable. I survived a tour in Afghanistan, so working with Natalie should be a breeze for me...but after six years apart, she still makes me hope for all the things I never thought I wanted. I'm not sure I can breathe if she walks out that door again.

Wild Child Linda Ashcroft, 1999-12-30 Linda Ashcroft offers an intimate memoir of Jim Morrison at the height of his career. This vivid portrait is based on her diaries from the four-year period when she knew Morrison. *Wild Child*, one of Morrison's most popular songs, was written for Ashcroft.

Morrison's dreams and demons, and the meaning behind his lyrics and poems, are revealed through Ashcroft's evocative writing. *Wild Child* is a richly detailed and passionate account of what life was like with the legendary Doors singer. It is also the first book to illuminate the mystery of Morrison's death through the words of the woman who was with him when he died in Paris, Pamela Courson. Before flying to Paris, Morrison told the author: It may have been in bits and pieces, but I gave you the best of me. In return, Linda Ashcroft gives us the best of Jim Morrison.

Taming the Wild Child Aaron Lederer, 2008-10 Is your child impossible to control? Have you tried time-out, behavior modification, therapy, medication, all to no avail? If so, you need to read *Taming the Wild Child*. Psychoanalyst Aaron Lederer has devoted his entire professional life to developing ways for mothers to rescue their out-of-control children. He calls his method corrective communication and says, If you want to change a child, just change the way you communicate with him. In *Taming the Wild Child*, you will discover how mothers use Lederer's corrective communication to bring about dramatic improvement in their children within just four to six weeks. After a few months, their children typically turn completely around. When you apply these techniques, you will see: Why your child needs some time free of pressure to change. Why punishing backfires and rewarding fails. How to talk to your child in ways that make him want to cooperate. How to get your child to assist in his own recovery. Inspiring and motivating, *Taming the Wild Child* is filled with real-life examples of harrowing experiences and amazing transformations that will give you the hope and the confidence you need to bring your own lost child home.

Wild Child Patrick Barkham, 2021-01-04 "Quiet but compelling arguments about the importance of kids getting out more and connecting to nature . . . A book that deserves to flourish." -The Guardian From climbing trees and making dens, to building sandcastles and pond-dipping, many of the activities we associate with a happy childhood take place outdoors. And yet, the reality for many contemporary children is very different. The studies tell us that we are raising a generation who are so alienated from nature that they can't identify the commonest birds or plants, they don't know where their food comes from, they are shuttled between home, school and the shops and spend very little time in green spaces—let alone roaming free. In this timely and personal book, celebrated nature writer Patrick Barkham draws on his own experience as a parent and a forest school volunteer to explore the relationship between children and nature. Unfolding over the course of a year of snowsuits, muddy wellies, and sunhats, *Wild Child* is both an intimate story of children finding their place in the natural world and a celebration of the delight we can all find in even modest patches of green. "Entrancing . . . If ever there was a book to fuel the ecological interest of future generations, this is it."—Isabella Tree, author of *Wilding* "Barkham takes us through a year giving his children an education in wildness. He encourages them that a physical relationship with wildlife is of the utmost importance . . . His memoir reveals the abundance of wildlife that can be explored in our own back gardens." -The Herald

Wild Child Francois Truffaut, 2014-09-27 With over 80 photos included, this screenplay of the 1970 film tells the true story of the 1798 capturing of a wild child in a French forest and the efforts of a dedicated young doctor to civilize and educate him. Found by hunters in a southern French forest in 1798, the Wild Child cannot walk, speak, read, or write. Thrown into jail and assumed to fail at becoming civilized, no one has any hope for the child's recovery. But when a kind doctor develops interest in the child, he begins to educate him and try to restore his development so the child may live a sort of normal life. After countless hours of love and patience, Doctor Itard is able to obtain results and help the child begin to develop normally.
