

Wild Tiger

Dr. C.H. Basappaavar

Tiger Wild Gwen Millward, 2020-06-30 Sometimes feelings can go wild. . . Lily is a little girl with big emotions. And sometimes she can't keep herself from acting out and being naughty. Or rather, her imaginary friend, Tiger, is the naughty one. So when Tiger convinces her to run away, they have a blast stomping and jumping and going wild. But what is Lily to do when their adventure starts to feel a bit too wild? Tiger Wild gently illustrates how sometimes we all need a little help when certain feelings are hard to express. For there is a time to be wild and a time to be mild.

Mr. Tiger Goes Wild Peter Brown, 2013-09-03 Are you bored with being so proper? Do you want to have more fun? Mr. Tiger knows exactly how you feel. So he decides to go wild. But does he go too far? From Caldecott Honor artist Peter Brown comes a story that shows there's a time and place for everything...even going wild.

Wild Tiger Wind Gayle Buck, 1999

THE EYE OF TIGER Dr. C.H.

Basappanavar, 2021-02-14 Have you ever touched the whiskers of a wild tiger? Here is a man, who had an appointment with a striped lady, the tigress along with cubs at her heels, spending breathtaking time over the entire moonlit night! It was as though he had an affair with the tigress; according to him, there was neither sin nor shame! Read, how secret telepathic conversations between the man and the striped lady went on through the night. The presentation in the book is woven around unknown secrets of the world

of tigers to the human world. Tigers are wild by nature and hunters by instinct. When you are lucky to spot one in the wild, maintain pin-drop silence and enjoy the creation of Nature-God. This is the crux of *The Eye of Tiger*, which signifies extraordinary perceptions, be it the tiger tribe or human society. Readers, please remember, tigers are not human models one would expect to walk the ramp! Head out for an early morning safari in search of a tiger in a nearby tiger reserve with a trained eye and ear to spot one and shoot him, if you can, with your camera and take home green memories, nothing else. Happy reading!

Ride the Wild Tiger Ruth Tearle, 2000

Tigers In Red Weather Ruth Padel, 2009-05-26

Poet, writer, and descendant of Charles Darwin, Ruth Padel set out to visit a tropical jungle and wildlife sanctuary in India-- and her visit turned into a remarkable two-year journey through eleven countries in search of that most elusive and most beautiful animal: the tiger. Armed with her grandmother's opera glasses and Tunisian running shoes, she set off across Asia to ask the question: can the tiger be saved from extinction in the wild? Tigers are an umbrella species, they need everything in the forest to work in tandem: they eat deer, the deer need vegetation, the vegetation has to be pollinated by birds, mammals, rodents and butterflies. If you save the tiger, you save everything else. Today, the 5,000 tigers that still survive in the wild live only in Asia and are scattered throughout 14 countries. Padel says that while tigers will never become extinct--they are too popular for that--they may disappear

from the wild. There are as many tigers in cages in the US as there are surviving tigers in the wild. As she travels she meets the defenders of the wild—the heroic scientists, forest guards and conservationists at the frontline, fighting to save tigers and their forests from destruction in the places where poverty threatens to wipe out all wildlife. She also examines her fascination (both as a poet and as the great-great-granddaughter of Charles Darwin) with nature, wildness and survival and in the end, becomes a knowledgeable advocate for the tiger. The result is a beautiful blend of natural history, travel literature and memoir, and a searing, intimate portrait of an animal we have loved and feared almost to extinction.

Blood of the Tiger J. A. Mills, 2015-01-06 **Blood of the Tiger** takes readers on a wild ride to save one of the world's rarest animals from a band of Chinese billionaires. Many people think wild tigers are on the road to recovery, but they are in greater danger than ever—from a menace few experts saw coming. There may be only three thousand wild tigers left in the entire world. More shocking is the fact that twice that many—some six thousand—have been bred on farms, not for traditional medicine but to supply a luxury-goods industry that secretly sells tiger-bone wine, tiger-skin décor, and exotic cuisine enjoyed by China's elite. Two decades ago, international wildlife investigator J. A. Mills went undercover to expose bear farming in China and discovered the plot to turn tigers into nothing more than livestock. Thus begins the story of a personal crusade in which Mills mobilizes

international forces to awaken the world to a conspiracy so pervasive that it threatens every last tiger in the wild. In this memoir of triumph, heartbreak, and geopolitical intrigue, Mills and a host of heroic comrades try to thwart a Chinese cadre's plan to launch billion-dollar industries banking on the extinction of not just wild tigers but also elephants and rhinos. Her journey takes her across Asia, into the jungles of India and Nepal, to Russia and Africa, traveling by means from elephant back to presidential motorcade, in the company of man-eaters, movie stars, and world leaders. She finds reason for hope in the increasing number of Chinese who do not want the blood of the last wild tigers to stain their beloved culture and motherland. Set against the backdrop of China's ascendance to world dominance, *Blood of the Tiger* tells of a global fight to rein in the forces of greed on behalf of one of the world's most treasured and endangered animals. From the Hardcover edition.

Fight for the Tiger Michael Day, 1996 Michael Day used to run a successful advertising agency until a chance encounter with a wild tiger in Thailand changed his life forever. He has founded the Tiger Trust, to reveal the trade in tiger parts. This is the story of his struggle

Saving Wild Tigers, 1900-2000 Valmik Thapar, 2006

The Vanishing Tiger Vivek R. Sinha, 2003 For time immemorial, the tiger has been an object of awe, reverence, and superstition. Its strength and ferocity are proverbial, its presence overpowering. Today, the tiger faces extinction. In the last century, it has dwindled from a

population of 100,000 to barely 6,000. Out of 8 subspecies, 3 have become extinct in the last 60 years. Now, *The Vanishing Tiger* offers a rare look at the history and way of life of an endangered animal. Featuring 200 color photos, this is an essential book for anyone concerned about the future of our planet's wildlife. Vivek R. Sinha is a former Secretary to the Government of India. Now a professional photographer, he and his wife Arati have spent the last two decades photographing the tiger in the wild.

Riding the Tiger John Seidensticker, Peter Jackson, Sarah Christie, 1999-02-08 Beauty, grace and power make the tiger one of the world's most loved animals, yet it is precisely these qualities that have been its downfall. Poaching for skins and body parts, loss of habitat and prey and conflicts between people and wild tigers have caused catastrophic declines in tiger numbers throughout their range. If wild tigers are to survive through the next century, we must act now. *Riding the Tiger* is a comprehensive, scientific and eminently readable account of the problems and possible solutions of securing a future for wild tigers. Lavishly illustrated in full colour, it is written by leading conservationists working throughout Asia. It is a vital information resource for tiger conservationists in the field, necessary reading for serious students of carnivore conservation and conservation biologists in general, and an accessible overview of tiger conservation for general readers.

Threat to the Bengal Tiger Claire O'Neal, 2020-02-04 Before the 1900s, hundreds of

thousands of wild tigers roamed Southeast Asia. Their beauty, fierceness, and intelligence inspired fear and awe in their human neighbors. These peoples gave the tiger starring roles in folktales and mythology. Human fascination with tigers continues. Unfortunately, the tiger may not survive in the wild much longer. Researchers estimate that fewer than 2,500 tigers remain in their natural habitat. As the human population explodes in Southeast Asia, the wild tiger population pays the price. Can the wild tiger be saved by its only natural enemy, people?

Of Tigers and Men Richard Ives, 2012-12-05 We have entered the age of extinction. Soon many of the animal kingdom's most extraordinary creatures will no longer roam free, hunted and hounded out of existence—including one of its most magnificent denizens, the wild tiger. It was this sobering realization of impending tragedy that inspired naturalist and safari leader Richard Ives to embark on a stirring adventure and spiritual journey across India, Nepal, and Southeast Asia—meeting enigmatic wanderers and crusading “tiger men” as he made his way through some of the planet's most breathtaking but diminishing wild places. For there he hoped to achieve a dangerous, great and perhaps foolhardy goal before dire circumstances and human greed rendered it unattainable: to enter the last natural domain of the tiger, unarmed and on foot...and to confront the majestic beast face-to-face, eye-to-eye. Of Tigers and Men is an exceptional real-life adventure story—one of those rare and remarkable books that can honestly change the way we see our world.

20 Ways to Track a Tiger E-Book Carol J.

Amore, 2014-11-07 Wildly authentic, incredibly intriguing! 20 Ways To Track A Tiger draws you into the tiger's world to experience all its senses as the prime predator in the Indian jungle. It's non-stop fascination and fun exploring this e-book. Tigers are extremely endangered and we would be tragically diminished should they disappear. Their legend lives on through this landmark interactive innovation." Glenn Close, Noted Actress and Producer 20 Ways To Track A Tiger is a new multi-sensory e-book experience immersed in a story about the survival of a wild Bengal tigress and her two cubs in the Indian jungle documented from a real wild tiger film expedition led by a woman explorer, filmmaker and author, Carol Amore. It's high tech and high touch. Tiger videos, photo galleries, filmmaker notes, original music, tiger and jungle sound effects are all part of this discovery journey as one travels through each of these unique e-book's interactive chapters. While in the tiger's territory, identifying the tracks of the tiger, listening to wildlife alarm calls, predicting the travels of the tigress and anticipating its hunting techniques are some of the tiger tracker skills learned through exciting photographs, meaningful captions and story-driven writing. These authentic photographs pull the reader deeper into the world of the tigress and cubs life together. The Filmmaker's Notes takes the adventure to a new level of discovery about filming tigers by learning their special sight, hearing, hunting and physical characteristics as

part of keeping alert to capture the best behaviors to show the tiger's daily life. The award-winning TIGERS-Tracking a Legend film footage from the Bandhavgarh Tiger Reserve in Madhya Pradesh is also woven within this e-book.

Or rather, her imaginary friend, Tiger, is the naughty one. So when Tiger convinces her to run away, they have a blast stomping and jumping and going wild. But what is Lily to do when their adventure starts to feel a bit too wild? Tiger Wild gently illustrates how sometimes we all need a little help when certain feelings are hard to express. For there is a time to be wild and a time to be mild.

The Life and Death of Kid Curry Gary A. Wilson, 2015-10-15 Harvey Kid Curry Logan was an outlaw, gunfighter and infamous member of the Butch Cassidy gang. With more than fifteen killings attributed to him, and given his involvement in the Butch Cassidy gang, Kid Curry was as renowned a figure as you were likely to find west of the Mississippi. Short of stature yet enormous in reputation, after Butch Cassidy and the Sundance Kid fled for South America, Logan became the most wanted outlaw in the United States. He was finally captured--only to escape from his Tennessee prison in 1903. Until now little has been readily known about the man nicknamed the tiger of the wild bunch. With unique access to the research, author Gary Wilson deftly

separates fact from fiction, providing readers with a complete and authoritative biography.

Wild Tigers of Bandhavgarh Iain Green, 2002 A beautifully photographed and intimate portrait of a group of wild Bengal tigers, one of the world's favourite animals. Compiled by acclaimed wildlife photographer Iain Green during his field observations in Bandhavgarh over five years, this book and its colour photographs tells the true story of four generations of a family, documenting the successes and harsh realities of its lives. Central to the book are the three male cubs of the elusive tigress, Bachchi. First observed as young cubs, despite considerable adversity, Bachchi's boys have grown into successful territorial males and have recently become fathers.

Happy reading!

The Tiger and the Pangolin Christopher Reed Coggins, 2002-09-30 This original and wide-ranging work examines historical perceptions of nature in China and the relationship between insider and outsider, state and village, top-down conservation policy and community autonomy. After an introduction to the history of wildlife conservation and nature reserve management in China, the book places recent tiger conservation efforts in the context of a two-thousand-year gazetteer of tiger attacks--the longest running documentation of human-wildlife encounters for any region in the world. This record offers a unique perspective on the history of the tiger as a dynamic force in the political culture of China. While the tiger has long been identified with political authority, the Chinese pangolin and its earthly magic have exerted a powerful influence in the everyday lives of those working and living in the fields and forests. Today the tiger and the pangolin, government officials and village communities, must work together closely if wildlife habitat conservation programs are to succeed. Extensive fieldwork in the Meihuashan Nature Reserve and other protected areas of western Fujian have led the author to advocate a landscape ecological approach to habitat

conservation. By linking economic development to land use practices, he makes a strong case for integrating nature conservation efforts with land tenure and other socio-ecological issues in China and beyond.

Tiger Country Stephen J Bodio, 2017-11-14 Rancher Juan Aragon has begun to revive the Pleistocene, and everyone must pay the bill. In the high country of southern New Mexico, home of the oldest wilderness and the biggest roadless area in the lower 48, ghosts are stirring, waking shadows of things that haven't been seen for a hundred years. Reports of iconic beasts and mysterious carcasses filter down from the mountains, while something the newspapers call The Bosque Bigfoot is killing cows down by the Rio Grande. Soon the world's attention will be fastened on the wildlands of New Mexico, as more than the fate of a single native species is at stake. In his first novel, acclaimed natural history and travel writer Stephen J Bodio, whose 1988 memoir *Querencia* depicted the landscape and ways of southern New Mexico, and gave many readers their first glimpse of this faraway country, imagines the rebirth of big predators like the grizzlies and jaguar, in his own back yard. All too often discussions of re-wilding are abstract, with little thought for their unfolding in the real world, as though the country were a park. In *Tiger Country*, the effects are real. As viewpoints and people collide, the media, ranchers, naturalists, activists, politicians, and ordinary people must take their stands in the real world, not just in theory. Respectful of all the actors, especially the non-human ones, and in debt

to none, Bodio shows the heartbreak of unintended consequences. At times suspenseful, lyrical, hair-raising, and even funny it is a worthy fiction debut, and Bodio is uniquely qualified to tell it. Biologist, falconer, dog breeder, literary critic, and hunter, born in Boston but a rural New Mexico resident for almost forty years, he knows the wildlife, people, and cultures of his chosen Querencia. Malcolm Brooks, author of *Painted Horses*, says: Steve Bodio brings his legendary Renaissance vision to this startling first novel, a work so mammoth in scope and elegant in execution it makes me wish he'd been writing fiction all along. Recalling the edgy best of Ed Abbey and Jim Harrison, and reminiscent of James Carlos Blake's contemporary border noir, *Tiger Country* throws modern heroic renegades into the gravitational pull of the ancient past, to encounter the origins of the human condition.

As recognized, adventure as capably as experience nearly lesson, amusement, as with ease as understanding can be gotten by just checking out a ebook **Wild Tiger** also it is not directly done, you could put up with even more all but this life, vis--vis the world.

We manage to pay for you this proper as capably as easy exaggeration to get those all. We provide *Wild Tiger* and numerous book collections from fictions to scientific research in any way. along with them is this *Wild Tiger* that can be your partner.
