🔍 **Oval** Elvia Wilk,2019-06-04 Bizarre weather. Unprecedented economic disparity. Artists employed by corporations. And the ultimate work of art: Oval, a pill that increases generosity. This unforgettable debut novel asks questions of empathy and power on every scale—from bodies to bureaucracies—to create an unsettling portrait of the future. In the near future, Berlin’s real estate is being flipped in the name of “sustainability,” only to make the city even more unaffordable; artists are employed by corporations as consultants, and the weather is acting strange. When Anja and Louis are offered a rent-free home on an artificial mountain—yet another eco-friendly initiative run by a corporation—they seize the opportunity, but it isn’t long before the experimental house begins malfunctioning. After Louis’s mother dies, Anja is convinced he has changed. At work, Louis has become obsessed with a secret project: a pill called Oval that temporarily rewires the user’s brain to be more generous. While Anja is horrified, Louis believes he has found the solution to Berlin’s income inequality. Oval is a fascinating portrait of the unbalanced relationships that shape our world, as well as a prescient warning of what the future may hold. ”A fascinating near-future exploration of relationships, sustainability, and power. An extraordinarily accomplished debut novel. —Jeff VanderMeer, author of Borne and Annihilation “Elvia Wilk’s Oval is a marvel. At the core of this seductive, acute, superbly-contemporary update of mid-period J.G. Ballard lies a deep-beating, deep-dreaming heart.” —Jonathan Lethem

🔍 **Marrying America: A Jew in Exile** Melvin Wilk,2015-11-05 “Wilk is a poet not only of the utmost competence but brilliance. Here is a poet able to give mature voice to the oldest and most enduring American theme: the immigrant as spiritual pilgrim. The clarity of the pilgrim voice is the admirable center of Wilk’s book—as if a straight-speaking Brooklynite has been hot-wired to the mysteries at the heart of the American experience. It’s a compelling voice, rising at times out of violence yet the tone it takes is often of lyric tenderness—a tenderness so rare in modern poetry it cause you to sit up straight.” —Larry Woiwode “Wilk maps new territory of the heart and the heartland. That’s why his poetry is such a marriage with America, when divorce is impossible.” —Yevgeny Yevtushenko

🔍 **Medicine, Monopolies, and Malice** Chester A. Wilk,1996 Filed a federal antitrust lawsuit against the AMA and fourteen other defendants, initiating a legal drama that would consume fourteen years of his life before reaching its successful conclusion. Medicine, Monopolies, and Malice is Chet Wilk’s own account of this remarkable journey - the outrageous conspiracy, the intrigue, the setbacks, the courage, the unexpected allies, and most of all, the controversial trials, from the federal court to the United States court of.

🔍 **Death by Landscape** Elvia Wilk,2022-07-19 From the acclaimed author of the novel Oval comes a book of “fan nonfiction” about living and writing in the age of extinction In this constellation of essays, Elvia Wilk asks what kinds of narratives will help us rethink our human perspective toward earth. The book begins as an exploration of the role of fiction today and becomes a deep interrogation of the writing process and the self. Wilk examines creative works across time and genre in order to break down binaries between dystopia and utopia, real and imagined, self and world. She makes connections between works by such wide-ranging writers as Mark Fisher, Karen Russell, Han Kang, Doris Lessing, Anne Carson, Octavia E. Butler, Michelle Tea, Helen Phillips, Kathe Koja, Jeff and Ann VanderMeer, and Hildegard von Bingen. What happens when research becomes personal, when the observer breaks through the glass? Through the eye of the fan, this collection delves into literal and literary world-building projects—medieval monasteries, solarpunk futures, vampire role plays, environments devoid of humans—bridging the micro and the macro and revealing how our relationship to narrative shapes our relationships to the natural world and to one another.

🔍 **Sandbows and Black Lights** Stephen R. Wilk,2021 In the almost twenty years since I began writing my essays on strange and quirky optics I have been through several employers, but in all that time I have stayed a contributing editor for the Optical Society of America. No matter where I was during the day, I always worked on producing these nuggets of infotainment with some regularity. I have always had a backlog of tentative pieces to write, but new topics arose just as rapidly, so I have never been at a loss with a new piece. The newsletter of MIT’s Spectroscopy Lab has, in that time, disappeared, so the essays in this volume are either ones that originally appeared in Optics and Photonics News, or else have not previously been published in any magazine. As I stated in the introduction to How the Ray Gun Got Its Zap!, my goal was to produce quirky, interesting, and somewhat humorous essays that had a slyly pedagogical edge. Education by stealth, as the BBC said. In reality, I often start off writing one of these to satisfy myself about some minor mystery of optical science or engineering--

🔍 **The Journals of a White Sea Wolf** Mariusz Wilk,2011-06-30 In 1991 Mariusz Wilk, a Polish journalist long fascinated by the mysteries of the Russian soul, decided to take up residence in the Solovki islands, a lonely archipelago lost amid the far northern reaches of Russia’s White Sea. For Wilk these islands represented the quintessence of Russia: a place of exile and a microcosm of the crumbling Soviet empire. On the one hand, they were a cradle of the Orthodox faith and home to an important monastery; on the other, it was here that the first experimental gulag was built after the 1917 revolution. Over the course of years Wilk came to know every single one of the islands’ 1000 or so residents. From his remote home, from which he sent regular despatches to the Paris-based Polish newspaper Kultura, he attempted to observe and come to terms with the complexities and contradictions of Russian history, its glorious past and the cruelty of Soviet Communism. In the process, he has written a most unusual travel book, a beautifully descriptive work that belongs in the best tradition of writers such as Norman Lewis, Patrick Leigh Fermor and Claudio Magris.

🔍 **The Making of The Sound of Music** Max Wilk,2007 First Published in 2007. Routledge is an imprint of Taylor & Francis, an Informa company.

🔍 **Raising Winter** Stacey Wilk ,2021-12-06 The last thing the man who has it all needs is to become the custodian of a ten-year-old girl. But Brad Wilde has, and he doesn’t know how to handle this new role. Because his plans never included revealing his secret—he’s the father. The prom queen has fallen off her throne and returns to Candlewood Falls with her tail between her legs. When Lyra Ryan starts a cleaning business because she doesn’t want to be a therapist anymore, the only person willing to hire her is the arrogant Brad Wilde. 🔍 **No More Darkness** Stacey Wilk ,2020-01-03 Wedding planner Aria Scirocco has her life on track after her divorce—or so she wants to believe. She’s engaged to a stable and pragmatic man and her biggest client will wed this weekend at a historic hotel on the beach. Nothing can jeopardize all her hard work—until a snowstorm derails her plans and dumps unfinished business in her path. Hawk Egan wants his ex-wife back. When the storm strands Aria, he jumps at the opportunity to come to her rescue. Getting stuck in a hotel without power is a bonus. As long as the snow continues to fall, he has a shot to make her love him again. But it’s not just the storm in Aria’s way. Her past is as unclear as the blizzard at the shore thanks to Hawk’s unexpected return. When the snow stops and the power turns on again, she will either embrace the new life she created and forsake her truths or admit she wants the life she left behind.

🔍 **Taking Root** Stacey Wilk,2021-09-02 After her assault one year ago, Brooklyn Wilde left her husband and her nursing career to return to her family circle in Candlewood Falls and heal her broken soul. A stranger arriving at her door in the middle of the night turns her world upside down, because he isn’t any stranger. He’s the man who went to prison for killing her uncle. Caleb Ransom accepted his life sentence to wander from town to town without a family or a home. Even though he was wrongly accused of murder and released, suspicion hangs over him like a bank of rain clouds. Only Brooklyn sees the man he truly is, and he falls hard for her. But someone in Candlewood Falls has different plans for these two and will stop at nothing until Caleb disappears. As long as they are together, lives are at stake. They will have to find the person determined to destroy them before it’s too late or lose the thing they have wanted all along - deep rooted love.

🔍 **Lake Arrowhead Architecture** Diane Wilk,2023-04-03 Located in the mountains above San Bernardino is a surprising enclave of significant architecture built by some of the region’s most important architects. The Lake Arrowhead area was long a getaway for the rich and famous, who brought many of the architects they used down the mountain to design their hidden hideaways on their own private lake. Things have changed since the golden age of building, and the area, while still private, is enjoyed by a far broader sector of the population. Yet the legacy of that early architecture and the transformation into a modern resort community is still intact and enjoyed by new generations of mountain residents. This book explores the area’s architecture from its early history as a logging and cattle ranching community to its flourishing as a secret hideaway for the Hollywood crowd to its current status as a mountain resort for Southern Californians.

🔍 **Stay Awhile** Stacey Wilk,2022-09-05 Tara Haden is fleeing from her abusive ex-husband. As Ryker Ranch’s new massage therapist, she hopes to blend in and build a better life, but her plans go off course when she meets Kace Ryker. He awakens desires that dare her to step out of the shadows, desires better abandoned. Kace was born to race cars, but a crash has left him injured and grounded from racing. Tara and her massages give him hope for another lap around the track, but she has the power to distract him from the thing he wants most. When two people run from the truth, they just might pass by the one thing they never expected to find—love.
