Will Eisner Paul Levitz,2015-11-10 A celebration of the life of the acclaimed comic book storyteller through his work as well as interviews with fellow creators. Will Eisner (1917-2005) is universally considered the master of comics storytelling, best known for The Spirit, his iconic newspaper comic strip, and A Contract With God, the first significant graphic novel. This seminal work from 1978 ushered in a new era of personal stories in comics form that touched every adult topic from mortality to religion and sexuality, forever changing the way writers and artists approached comics storytelling. Noted historian Paul Levitz celebrates Eisner by showcasing his most famous work alongside unpublished and rare materials from the family archives. Also included are original interviews with creators such as Jules Feiffer, Art Spiegelman, Scott McCloud, Jeff Smith, Denis Kitchen, and Neil Gaiman—all of whom knew Eisner and were inspired by his work to create their own graphic novels for a new generation of readers. NOTE: The cover is a high-quality photographic reproduction of Eisner's original art. The design intentionally reveals tape and other stray markings that are part of the artist's process and reflect the age of the artifact that was photographed. "Eisner was not only ahead of his times; the present times are still catching up to him," —John Updike "What Will did was and is timeless," —Neil Gaiman "Will Eisner is, and remains, one of my precious idols," —Frank Miller He was the greatest," —Harvey Kurtzman "Will Eisner is a national treasure," —Jules Feiffer "Will Eisner is the heart and mind of American comics," —Scott McCloud "Eisner is the single person most responsible for giving comics its brains," —Alan Moore "Eisner was unique in feeling from the start that comic books were not necessarily this despised, bastard, crappy, lowbrow kind of art form, and that there was a potential for real art," —Michael Chabon

Scenario Planning for Climate Change Nardia Haigh,2019-06-25 Climate change, and the resultant impact on resource management and societal wellbeing, is one of the greatest challenges facing businesses and their long-term performance. Uncertainty about access to resources, unanticipated weather events, rapidly changing market conditions and potential social unrest is felt across all business and industry sectors. This book sets out an engaging step-by-step scenario-planning method that executives, Board members, managers and consultants can follow to develop a long-term strategy for climate change tailored for their business. Most climate change strategy books discuss climate mitigation only, focusing on how companies engage with carbon policy, new technologies, markets and other stakeholders about reducing carbon emissions. This book explores these themes but also looks at strategizing for climate change adaptation. Adaptation is equally important, especially given that companies cannot negotiate with nature. There is a need to interpret climate science for business in a way that acknowledges the realities of climate change and identifies a way forwards in responding to this uncertain future.

Getting Organized in the Google Era Douglas Merrill,James A. Martin,2011-05-03 Whether it's a faulty memory, a tendency to multitask, or difficulty managing our time, every one of us has limitations conspiring to keep us from being organized. But, as organizational guru and former Google CIO Douglas C. Merrill points out, it isn't our fault. Our brains simply aren't designed to deal with the pressures and competing demands on our attention in today's fast-paced, information-saturated, digital world. What's more, he says, many of the ways in which our society is structured are outdated, imposing additional chaos that makes us feel stressed, scattered, and disorganized. But it doesn't have to be this way. Luckily, we have a myriad of amazing new digital tools and technologies at our fingertips to help us manage the strains on our brains and on our lives; the trick is knowing when and how to use them. This is why Merrill, who helped spearhead Google's effort to organize the world's information, offers a wealth of tips and strategies for how to use these new tools to become more organized, efficient, and successful than ever. But if you're looking for traditional, rigid, one-size-fits-all strategies for organization, this isn't the book for you. Instead, Merrill draws on his intimate knowledge of how the brain works to help us develop fresh, innovative, and flexible systems of organization tailored to our individual goals, constraints, and lifestyles. From how to harness the amazing power of search, to how to get the most out of cloud computing, to techniques for filtering through the enormous avalanche of information that assaults us at every turn, to tips for minimizing distractions and better integrating work and life, Getting Organized in the

Google Era is chock-full of practical, invaluable, and often counterintuitive advice for anyone who wants to be more organized and productive--and less stressed--in our 21st-century world.

The Countess von Rudolstadt George Sand, 2018-01-05 The first translation of *The Countess von Rudolstadt* in more than a century brings to contemporary readers one of George Sand's most ambitious and engaging novels, hailed by many scholars of French literature as her masterpiece. Consuelo, or the Countess von Rudolstadt, born the penniless daughter of a Spanish gypsy, is transformed into an opera star by the great maestro Porpora. Her peregrinations throughout Europe (especially Vienna, Berlin, and the Bohemian forest), become a quest undertaken on a number of levels: as a singer, as a woman, and as an unwilling subject of alienation and oppression. Sand's heroine moves through a mid-eighteenth-century Europe where absolute rulers mingle with Enlightenment philosophers and gender-bending members of secret societies plot moral and political revolution. As the old order breaks down, she undergoes a series of grueling initiations into radically redefined notions of marriage and social organization. In a novel by equal measures philosophical and lurid, nothing is what it seems. Written some fifty years after the French Revolution, the book taps into many of the political and religious currents that contributed to that social upheaval—and aims to channel their potential for future change. Fed by Sand's rich imagination and bold aspirations for social reform, *The Countess von Rudolstadt* is a sinuous novel of initiation, continuing the coming of age tale of the titular heroine of Sand's earlier *Consuelo* and drawing on such diverse models as Ann Radcliffe's Gothic tales and Goethe's *Wilhelm Meister*.

THE SECRET OF THE HOLY QURAN Dr. Iftekhar Ahmed Shams, 2023-01-15 The Holy Quran, the heavenly book of Islam. It is Allah's eternal Speech; it is pure, and one cannot touch it unless they are purified. Allah (SWT) says in Quran: It is a noble Quran. In a well-protected Book. None can grasp it except the purified. A revelation from the Lord of the Worlds. (56:77-80) The Holy Quran contains 114 Surahs, 89 are Makki Surahs, and 25 are Madani Surahs. Surah means status, height, pitch, border, elevation, and mercy. It is intended to be a chapter, according to Surah. There are 6,236 ayahs (verses) in Quran, Ayah is a word that signifies sign or wonder. It signifies that every Ayah of the Holy Quran is a symbol of Allah's Majesty. And every Ayah is a miracle because no creature, whether humankind, jinn, or angels, can make it; it has 77,430 words in total. Some benefits of the Holy Quran The Qur'an will be proof for you on the Day of Judgment. Your status in this life will be raised. The Qur'an will intercede for you on the Day of Judgment. You will be from the best of people. The reciters of the Qur'an will be in the company of the noble and obedient angels. The Qur'an will lead you to Paradise. There are ten rewards for each letter you recite from the Qur'an. Even by looking at the Quran, you get a reward. Your understanding of the Quran determines your position in Paradise. One of the Quran's wonders is that no one has ever been able to change a single letter of its text, despite their best efforts; it's because Allah (SWT) has said: Indeed, it is we who sent down the Qur'an, and indeed, we will be its guardian. (15:9) This is the noble Quran, a complete guide, mercy, and miracles for the whole of humankind, irrespective of religion. Let's find out what is inside the Quran and reveal the secret of the Holy Quran through this book for those who can read Quran and those who cannot.

The Voice of the Seven Thunders George Kevyn Weber, 2014-07-18 There is no time for the people of the world to waste to decide to change their ways and their ways of living. The world is in a crisis that it has not been in before. Actually the world has been in countless crises in the past, before disaster, calamity or catastrophe struck the people of the earth. We are not talking of crises of natural disasters, calamities or catastrophes that have hit the earth, we are talking about man made, man engineered and man designed disasters, calamities and catastrophes that have hit the world from time to time. History is full of them and apart from those natural disasters caused by God or the Devil themselves; the rest were caused by man themselves. Now this revelation is not about the natural but about the spiritual. Power mad dictators, rulers and potentates the world over are normally the cause of these disasters, calamities and catastrophes and nature has little to do with them although they did affect nature, in some way or another. Small and great Wars were started by whosoever caused them without any due regard of men's lives, and the resultant horrors, hardships and horrendous pain, lived on in the hearts and lives of the people that survived. No one can add these things up nor can they count the cost in human suffering, misery and pain, nor the cost of men's souls lost all for the sake of man's vanity. The current synopsis is catchy and intriguing. This synopsis is well written and it will entice readers into picking this book up and reading it. - Cynthia Sherman Writer's Literary & Publishing Services, Critique Division
