Rita Liberti, Maureen M. Smith

*Wilma Unlimited* Kathleen Krull, 2000-02 A biography of Wilma Rudolph, an African-American who overcame crippling polio as a child to become the first woman to win three gold medals in track during a single Olympics.

Wilma Jean the Worry Machine Julia Cook, 2012-01-15 My stomach feels like it's tied up in a knot. My knees lock up, and my face feels hot. You know what I mean? I'm Wilma Jean, The Worry Machine. Anxiety is a subjective sense of worry, apprehension, and/or fear. It is considered to be the number one health problem in America. Although quite common, anxiety disorders in children are often misdiagnosed and overlooked. Everyone feels fear, worry and apprehension from time to time, but when these feelings prevent a person from doing what he/she wants and/or needs to do, anxiety becomes a disability. This fun and humorous book addresses the problem of anxiety in a way that relates to children of all ages. It offers creative strategies for parents and teachers to use that can lessen the severity of anxiety. The goal of the book is to give children the tools needed to feel more in control of their anxiety. For those worries that are not in anyone's control (i.e. the weather) a worry hat is introduced. A fun read for Wilmas of all ages! Includes a note to parents and educators with tips on dealing with an anxious child.

Forgotten Jeff S,2012-04-01 Hurricane Wilma was

the most intense tropical cyclone EVER RECORDED in the Atlantic Basin. This was the 22nd storm, 13th hurricane, 6th major hurricane and 4th Category 5 hurricane of the 2005 season. Because of the annihilation created by Hurricane Katrina, only months before Wilma, the memories of Wilma are only in the minds of those who witnessed her tremendous punch. Wilma made several landfalls, with the most destructive effects being felt in the Yucatan Peninsula, Cuba and Florida. At least 62 deaths were reported and damage was estimated at \$29.1 Billion. *Wilma Rudolph* Tom Biracree, 1990 A biography of the woman who overcame crippling polio as a child to become the first woman to win three gold medals in track in a single Olympics.

*Wilma's Way Home* Doreen Rappaport, 2019-02-04 As a child in Oklahoma, Wilma Mankiller experienced the Cherokee practice of Gadugi, helping each other, even when times were hard for everyone. But in 1956, the federal government uprooted her

family and moved them to California, wrenching them from their home, friends, and traditions. Separated from her community and everything she knew, Wilma felt utterly lost until she found refuge in the Indian Center in San Francisco. There, she worked to build and develop the local Native community and championed Native political activists. She took her two children to visit tribal communities in the state, and as she introduced them to the traditions of their heritage, she felt a longing for home. Returning to Oklahoma with her daughters, Wilma took part in Cherokee government. Despite many obstacles, from resistance to female leadership to a life-threatening accident, Wilma's courageous dedication to serving her people led to her election as the first female chief of the Cherokee Nation. As leader and advocate, she reinvigorated her constituency by empowering them to identify and solve community problems. This beautiful addition to the Big Words series will inspire future leaders to persevere in empathy and thoughtful problem-solving, reaching beyond themselves to help those around them. Moving prose by award-winning author Doreen Rappaport is interwoven with Wilma's own words in this expertly researched biography, illustrated with warmth and vivacity by Linda Kukuk.

*Wilma Mankiller* Tamrala Swafford

Bliss,2023-02-14 An excellent resource for students of Native American women's history, Wilma Mankiller provides an overview of contemporary federal Indian policy and explores how Mankiller negotiated the relationship between the Cherokee Nation and the United States in the late 20th century. Wilma Mankiller's work for the Cherokee Nation helped to create a flourishing economy, an increased sense of pride, and a renewed sense of community for the residents of the nation over the twenty years that followed. This is the first biography of Wilma Mankiller written for an adult audience. Incorporating aspects of federal Indian policy and Cherokee History, chapters explore Mankiller's involvement at the Indian Center, her interactions with other Indian activists, and her participation in the occupation of Alcatraz Island in 1969 and the Pit River tribes struggle in the early 1970s. Also covered is Cherokee history from the 1830s concerning the Trail of Tears and its impact on Cherokee identity. Chronological organization allows readers to discover Mankiller's growth and development from a student activist in San Francisco to a Principal Chief of the Cherokee Nation in rural northeastern Oklahoma. The book explores the themes of land, education, community, identity, treaty rights and sovereignty, and traditional tribal knowledge.

**(Re)Presenting Wilma Rudolph** Rita

Liberti, Maureen M. Smith, 2015-05-29 Wilma Rudolph was born black in Jim Crow Tennessee. The

twentieth of 22 children, she spent most of her childhood in bed suffering from whooping cough, scarlet fever, and pneumonia. She lost the use of her left leg due to polio and wore leg braces. With dedication and hard work, she became a gifted runner, earning a track and field scholarship to Tennessee State. In 1960, she became the first American woman to win three gold medals in a single Olympic Games. Her underdog story made her into a media darling, and she was the subject of countless articles, a television movie, children's books, biographies, and she even featured on a U.S. postage stamp. In this work, Smith and Liberti consider not only Rudolph's achievements, but also the ways in which those achievements are interpreted and presented as historical fact. Theories of gender, race, class, and disability collide in the story of Wilma Rudolph, and Smith and Liberti examine this collision in an effort to more fully understand how history is shaped by the cultural concerns of the present. In doing so, the authors engage with the metanarratives which define the American experience and encourage more complex and nuanced interrogations of contemporary heroic legacy.

*Wilma Rudolph* Victoria Sherrow, 2007-01-01 In 1946, six-year-old Wilma Rudolph dreamed of walking and playing like other children, but a sickness called polio had damaged her left leg. Wilma spent hours each week doing painful exercises at a hospital for African American patients. The rest of the time, she was forced to wear a heavy and cumbersome leg-brace. Still, Wilma never gave up. She knew she could walk

again, and if she could walk, maybe she could run. Author Victoria Sherrow tells how Wilma Rudolph's determination led her to the 1956 and 1960 Olympics where she gained fame as a champion runner. Larry Johnson's rich illustrations help to capture this true story of heroic strength and fearlessness.
