**The Wind God** Mary Jo Birrell,2013-07 Abandonment, bigamy, crib deaths, single mothers struggling to raise families - these are not new age phenomena. Mollie Tidwell knew them all as well as she knew her own family. But how well was that? In the late 1800's these truths were swept under the parlor rug. Mollie Tidwell was born near Springfield, Illinois, an only child. When she was four her mother died and she was given away to the Indians. In summary this sounds a fearful thing but in reality it was Mollie's rebirth. Surrounded by love she became a young woman of promise whose only goal was to marry and find security and love in her own home. She came the full circle in adjusting to her different lives: from the white society; to Indian; to quarter-blood; to white. But, the Cherokee Indian teachings were the lasting influences for her. The story finally had to be written when a relative shared a memory that Mollie had told of her Grandfather who would ride a tall white horse to the edge of the Tidwell property for a secret visit. He would bring her an apple for a treat. The theme of this story? Mollie's family became her possessions. When death tried to take them away she would not let them go. What she had to learn was that your children were a gift to be returned to God. Before she died she realized that she must forgive them for dying and release their earth bound spirits. It was a race against time for her.

Riding the Wind of God Bruce McIver,2002 During the 1940s, in the wake of the Depression and in the midst of WWII, a small group of students at Baylor University began to pray for spiritual revival. They were not evangelists with a program, but ordinary students with a heartfelt concern for renewal in America. Beginning with a single miraculous revival in Waco, Texas, a movement began among students from other campuses and in other cities -- Houston, Fort Worth, Dallas, Memphis, Birmingham, Atlanta, even Honolulu. *Riding The Wind Of God* tells the remarkable story of the Youth Revival Movement. These stories, written for the first time, reflect God's power at work in surprising places in an extraordinary time.

*The Battle of the Wind Gods* Judy Varga,1974 An original story explaining the origins of Indian summer based on Indian legends of the struggle between the North Wind and South Wind for control of the land of the Blackfeet.

**Korean Shamanistic Rituals** Jung Y. Lee,2018-02-19 The series Religion and Society (RS) contributes to the exploration of religions as social systems- both in Western and non-Western societies; in particular, it examines religions in their differentiation from, and intersection with, other cultural systems, such as art, economy, law and politics. Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual, the religious imagination, constructions of tradition, iconography, or media. In addition, the formation of religious communities, their construction of identity, and their relation to society and the wider public are key issues of this series.

**Daughter of the Wind God** Myung-Hee Hur,2022-05-20 Daughter of the Wind God is a coming-of-age story of survival and ultimate triumph in the face of adversity. Myung-Hee Hur was born on Jeju Island, in the southern-most part of South Korea, at the end of the Korean War. Her family was plunged into poverty when a typhoon destroyed her father's businesses. Her mother put her in the care of her 19-year-old sister, and sent them off on their own. She did not see her mother again until she was 11 or 12. Her story is also a spiritual odyssey. Although she was raised as a devout Christian, she found that her church's narrow views of Christianity did not address her passion to serve the poor. She joined an American non-profit service organization and worked in community development projects in rural Korea and Japan, in a jungle village in Venezuela, in Canada, the US, and Hong Kong. After getting married, she started her own business in Hong Kong. As she writes, I was a horse girl without much sense of direction, a less than ordinary girl with a lot of rough edges. It took the world to tame me, and the world succeeded, somewhat. This is the story of an island girl who learned to ride the wind. Myung-Hee Hur was born on Jeju Island, in the southern-most part of South Korea, at the end of the Korean War. She was the second youngest of eight children. She has worked in community development projects in Asia, North America, and South America, and started her own business in Hong Kong. She and her husband now live in the United States. They have one grown son.

Dora becomes a Messianic Jew and her family battles to keep Israel safe from attack. Claire's Christianity matures as she learns how to serve others instead of control them. In their middle-age, both women must helplessly watch their children grow away from them and their values. They try to shield their families from the suffering they themselves endured in Hitler's Europe. But they cannot escape the sorrow of seeing their children swept into social revolution, failed marriages, and wars fought by their adopted countries. In the end, they find each other and a faith that transcends cultural and religious boundaries.

*How Did the “White” God Come to Mexico? Ce Acatl Topiltzin Quetzalcoatl* Stefan Heep,2019-09-12 Most American schoolbooks claim that the Aztec ruler Moctezuma II confused the Spanish conquistador Hernán Cortés for the Aztec god Quetzalcoatl, a fabulous, fair-skinned priest king of ancient times who had promised to return, which is why Moctezuma voluntarily surrendered his mighty empire. In the past, the tale of Quetzalcoatl has inspired many people to speculate about pre-Columbian invaders from the Old World. It has also been abused as another presumed proof of white supremacy. Indigenous traditions, however, saw a Mexican Messiah who played an important part in constructing the Mexican national identity. This book demonstrates that the story of the returning god is a product of “fake news” uttered by Cortés. It does so by analysing the most important sources of the Quetzalcoatl-tale. A systematic context-enlargement that also includes ethnographic information and contemporary history reveals why and how Cortés constructed this story, and why and how the Aztec elite adopted it. This method proves to be an epistemological tool which allows researchers to identify pre-Hispanic information in ethnohistorical texts of colonial times. As a result, the true Quetzalcoatl behind the legend comes to light.

*Prophecy with the Wind of God in Your Mouth* Hank Kunneman,2016-06-01 It has always been the desire of God to use people to speak and be His voice in the earth. Of all the creatures made, only mankind was given the creative ability of words. When God breathed life into Adam it was literally the wind of God that came into Adam's lungs and filled him with breath. Once that happened, from there Adam was able to speak, name the animals, and set his future on course through the power of his words. Today, through the infilling of the Holy Spirit, we have received the internal wind or breath of God that enables us to prophetically declare, speak and pray as the mouthpieces of God. In this book, Hank Kunneman compares through scripture the winds of the spirit to the four natural, directional winds on earth. Each type of wind in the Bible has a prophetic typology that we can glean from as we cooperate with the wind or breath of God within us. The Lord wants to use you as a mouthpiece that can speak for Him, pray out His plans, and prophecy with the wind of God in your mouth!
