The Opera of Bartolomeo Scappi (1570) Terence Scully, 2011-01-22 Bartolomeo Scappi (c. 1500-1577) was arguably the most famous chef of the Italian Renaissance. He oversaw the preparation of meals for several Cardinals and was such a master of his profession that he became the personal cook for two Popes. At the culmination of his prolific career he compiled the largest cookery treatise of the period to instruct an apprentice on the full craft of fine cuisine, its methods, ingredients, and recipes. Accompanying his book was a set of unique and precious engravings that show the ideal kitchen of his day, its operations and myriad utensils, and are exquisitely reproduced in this volume. Scappi's Opera presents more than one thousand recipes along with menus that comprise up to a hundred dishes, while also commenting on a cook's responsibilities. Scappi also included a fascinating account of a pope's funeral and the complex procedures for feeding the cardinals during the ensuing conclave. His recipes inherit medieval culinary customs, but also anticipate modern Italian cookery with a segment of 230 recipes for pastry of plain and flaky dough (torte, ciambelle, pastizzi, crostate) and pasta (tortellini, tagliatelli, struffoli, ravioli, pizza). Terence Scully presents the first English translation of the work. His aim is to make the recipes and the broad experience of this sophisticated papal cook accessible to a modern English audience interested in the culinary expertise and gastronomic refinement within the most civilized niche of Renaissance society.

Tart Jody Gehrman, 2012-02-15 Tart is my favorite word. I love what it stirs in the mind—the synesthesia of flavor mixing with colors: reds, oranges and apple-greens, gleaming with cheap temptation, like Jolly Ranchers. It's been a goal of my twenties to live a tart life; I want everything I do to have that sharpness, that edge of almost-too-out-there to be tasty, but not quite. Meet Claudia Bloom. She's having one of those years. First she steals her ex's VW bus and drives it from Austin to Santa Cruz, where it promptly explodes. Next she lets herself be rescued by Clay, a cute DJ on a motorcycle, falls hard and meets his somehow-never-mentioned estranged wife while searching frantically for her panties. She tries to forget about Clay and focus on her tenuous new career teaching theater at UC Santa Cruz, only to discover Clay's wife is her colleague and his mother is her boss. Could it get any worse? When her neo-Deadhead cousin shows up with a horse-size mutt, Rex, and the two of them take up residence on her couch, Claudia's pretty sure things have hit rock bottom. Set in the über-hip beach town of Santa Cruz, this novel explores the rocky terrain of family secrets, forbidden fruit and all things Tart.

The Evening Telegram Cook Book Emma Paddock
Telford, 1908

Godfrey Morgan: A Californian Mystery Jules
Verne, 2020-09-28 The scene is in San Francisco,
the capital of California, but not at the period
when the placer-mining fever was raging—from 1849
to 1852. San Francisco was no longer what it had
been then, a caravanserai, a terminus, an inn,
where for a night there slept the busy men who
were hastening to the gold-fields west of the
Sierra Nevada. At the end of some twenty years the
old unknown Yerba-Buena had given place to a town
unique of its kind, peopled by 100,000
inhabitants, built under the shelter of a couple
of hills, away from the shore, but stretching off
to the farthest heights in the background—a city
in short which has dethroned Lima, Santiago,
Valparaiso, and every other rival, and which the
Americans have made the queen of the Pacific, the
glory of the western coast! It was the 15th of
May, and the weather was still cold. In
California, subject as it is to the direct action
of the polar currents, the first weeks of this
month are somewhat similar to the last weeks of
March in Central Europe. But the cold was hardly
noticeable in the thick of the auction crowd. The
bell with its incessant clangour had brought
together an enormous throng, and quite a summer
temperature caused the drops of perspiration to

glisten on the foreheads of the spectators which the cold outside would have soon solidified. Do not imagine that all these folks had come to the auction-room with the intention of buying. I might say that all of them had but come to see. Who was going to be mad enough, even if he were rich enough, to purchase an isle of the Pacific, which the government had in some eccentric moment decided to sell? Would the reserve price ever be reached? Could anybody be found to work up the bidding? If not, it would scarcely be the fault of the public crier, who tried his best to tempt buyers by his shoutings and gestures, and the flowery metaphors of his harangue. People laughed at him, but they did not seem much influenced by him.
