Being Dragonborn Mike Piero,Marc A. Ouellette,2021-09-28 The Elder Scrolls V: Skyrim is one of the bestselling and most influential video games of the past decade. From the return of world-threatening dragons to an ongoing civil war, the province of Skyrim is rich with adventure, lore, magic, history, and stunning vistas. Beyond its visual spectacle alone, Skyrim is an exemplary gameworld that reproduces out-of-game realities, controversies, and histories for its players. Being Dragonborn, then, comes to signify a host of ethical and ideological choices for the player, both inside and outside the gameworld. These essays show how playing Skyrim, in many ways, is akin to playing 21st century America with its various crises, conflicts, divisions, and inequalities. Topics covered include racial inequality and white supremacy, gender construction and misogyny, the politics of modding, rhetorics of gameplay, and narrative features.

Meanwhile, in the Imperial City, the spy Colin finds evidence of betrayal at the heart of the empire—if his own heart doesn't betray him first. The Northern Conquest Katherine Holman,2007 This book reveals another very different side of Viking society. It claims that the Viking legacy was not simply one of 'rape and pillage', but included law and order, agriculture and trade, as well as language and heroic literature. It also provides evidence that the influence of Scandinavians in the British Isles continued well after 1066--Jacket.

Daring and Decorum Hogue Lawrence,2017-08 Elizabeth longs for more than the circumscribed life of her 18th-century village. A highwayman steals a kiss along with her mother's necklace. The highwayman has a secret: he is actually a woman -- comedy of manners wrapped around a gothic tale; a mashup of Jane Austen, Robin Hood, and Moll Cutpurse; a passionate case to love whom one chooses.

Palace Bug Syd Hoff,1970 No one recognizes the little bug's devotion to the king until he appears on top of the king's dinner plate.

Wolf Queen Linsey Hall,2021 I'm a hero. And I'm locked in a cell. Fantastic. A week ago, it took everything I had to save the werewolves from the Dark Moon curse, but I did it. Unfortunately, it left me with a nasty case of the curse myself. To make matters worse, I'm the most powerful werewolf who ever lived. And I'm apparently a goddess. Combine that with the fact that I'm also cursed to madness and a loss of my shifter loyalty, and you've got a recipe for disaster. Even though I don't want to be locked up, I know it's the best thing for everyone. If I were to get out and succumb to the curse, I could destroy us all. The only way to save myself is to find a cure for the curse, something that I still haven't managed to figure out. My fated mate Lachlan is determined to help me, but we're still haunted by our own curse. If I fall for him, I'm dead. According to our most powerful seer, at least. So yeah, let's just say things are complicated.
