Nugget Coombs Tim Rowse,2005-09-27 H. C. Coombs was one of the most influential Australians of the twentieth century. Born in 1906, he is best known as the governor of the Reserve Bank, but the breadth of his activities and his commitment to public life until his death is unsurpassed. Tim Rowse traces Coombs' life from his childhood in Western Australia to his many roles as policy maker, change agent, advocate and adviser. Particularly interested in Coombs as an economist, Tim Rowse shows that a key motif in his life as a public servant was to create an economic rationality among the political elite that was socially integrative and that looked beyond the strictures of economics to environmental sustainability, scientific and artistic creativity. This 2002 book covers Coombs' life from birth to death, providing intriguing insights into the life of one of Australia's most influential people.

Surface Mining, Second Edition Bruce A.

Kennedy, Society for Mining, Metallurgy, and Exploration (U.S.),1990 This SME classic is both a reference book for the working engineer and a textbook for the mining student. This hardcover edition gives a brief history of surface mining and a general overview of the state of surface mining today--topics range from production and productivity to technological developments and trends in equipment. This extremely useful text takes the approach that exploration and mining geologists must be expert in a number of fields, including basic finance and economics, logistics, and pragmatic prospecting. Readers will find material on all these topics and more. The book's nine chapters include: Introduction, Exploration and Geology Techniques, Ore Reserve Estimation, Feasibility Studies and Project Financing, Planning and Design of Surface Mines, Mine Operations, Mine Capital and Operating Costs, Management and Organization, and Case Studies. The book is fully indexed.

Evaluation and Performance of Permanent Raised Bed Cropping Systems in Asia, Australia and Mexico ,2005
Permanent raised bed cropping systems are being adopted under a wide range of irrigated and dryland farming conditions. ACIAR has supported research into permanent

raised bed systems in Asia and Australia. Results from these projects and other research were presented at a workshop in 2005. The papers in this proceedings bring together the work that was presented at the workshop and provide a valuable resource for researchers and practitioners of permanent raised bed cropping systems--Summary Web page.

Socio-economic Impacts of Plantation Forestry in the Great Southern Region of WA, 1991 to 2004, 2005

This study represents an important addition to the body of literature on socio-economic impact assessment of the plantation forestry sector. It goes beyond previous studies by...using a range of data to examine socio-economic change over time in regions with plantation forestry, as well as examining employment and expenditure by the sector.
