World of Warcraft: Wolfheart Richard A. Knaak,2011-09-13 In the wake of the Cataclysm, conflict has engulfed every corner of Azeroth. Hungering for more resources amid the turmoil, the Horde has pressed into Ashenvale to feed its burgeoning war machine. There, acting warchief Garrosh Hellscream has employed a brutal new tactic to conquer the region and crush its night elf defenders, a move that will cripple the Alliance's power throughout the World of Warcraft. Unaware of the disaster brewing in Ashenvale, the night elves' legendary leaders, High Priestess Tyrande Whisperwind and Archdruid Malfurion Stormrage, conduct a summit near Darnassus in order to vote the proud worgen of Gilneas into the Alliance. However, resentment of Gilneas and its ruler, Genn Greymane, runs deep in Stormwind's King Varian Wrynn. His refusal to forgive Genn for closing his nation off from the rest of the world years ago endangers more than just the summit: it threatens to unravel the Alliance itself. Varian's animosity is only one of many unsettling developments in Darnassus. An uneasiness creeps over the once-immortal night elves as the first of them fall victim to the infirmities of age. While they cope with their mortality, tensions flare over the reintroduction of the Highborne, formerly the highest caste of night elf nobility, into their society. Many night elves are unable to pardon the Highborne for the destruction unleashed on Azeroth millennia ago by their reckless use of magic. When a murdered Highborne is discovered on the outskirts of Darnassus, Malfurion and Tyrande move to stop further bloodshed and unrest by appointing one of the night elves' most cunning and skilled agents to find the killer: the renowned warden Maiev Shadowsong. Yet with all that is transpiring in Darnassus, the Alliance might be powerless to stop the relentless new warchief Garrosh from seizing the whole of Ashenvale.

This dilemma has hit Kalecgos, youngest of the former Dragon Aspects, especially hard. Having lost his great powers, how can he—or any

of his kind—still make a difference in the world? The answer lies in the distant past, when savage beasts called proto-dragons ruled the skies. Through a mysterious artifact found near the heart of Northrend, Kalecgos witnesses this violent era and the shocking history of the original Aspects: Alexstrasza, Ysera, Malygos, Neltharion, and Nozdormu. In their most primitive forms, the future protectors of Azeroth must stand united against Galakrond, a bloodthirsty creature that threatens the existence of their race. But did these mere proto-dragons face such a horrific adversary alone, or did an outside force help them? Were they given the strength they would become legendary for—or did they earn it with blood? Kalecgos's discoveries will change everything he knows about the events that lead to the...dawn of the Aspects. Ó2013 Blizzard Entertainment, Inc. All Rights Reserved. *World of Warcraft: Stormrage* Richard A. Knaak,2010-02-23 When the world of Azeroth was young, the god-like titans brought order to it by reshaping its lands and seas. Throughout their great work, they followed a magnificent design for what they envisioned Azeroth would become. Although the titans departed Azeroth long ago, that design endures to this day. It is known as the Emerald Dream, a lush and savagely primal version of the... WORLD OF WARCRAFT Many are the mysteries surrounding the Emerald Dream and its reclusive guardians, the green dragonflight. In times past, druids have entered the Dream to monitor the ebb and flow of life on Azeroth in their never-ending quest to maintain the delicate balance of nature. However, not all dreams are pleasant ones. Recently the Emerald Nightmare, an area of corruption within the Emerald Dream, began growing in size, transforming the Dream into a realm of unimaginable horror. Green dragons have been unexpectedly caught up in the Nightmare, emerging from it with shattered minds and twisted bodies. Druids who have entered the darkening Dream lately have found it difficult -- sometimes even impossible -- to escape. Nor are these the Nightmare's only victims: more and more people are being affected. Even Malfurion Stormrage, first and foremost of the druids on Azeroth, may have fallen victim to this growing threat. As uncontrollable nightmares spread across the world, a desperate quest begins to find and free the archdruid. Soon nature's enemies will learn the true meaning of the name STORMRAGE

**War of the Scaleborn (World of Warcraft: Dragonflight)** Courtney Alameda,2023-10-31 Uncover the full story behind the War of the Scaleborn in this official companion novel to World of Warcraft: Dragonflight. When the world was young, all life shook before the might of Galakrond, a massive primal dragon whose hunger could not be sated. Five primal dragons rose valiantly beside the titan-forged Keeper Tyr to combat this threat. Though the fight was desperate, Galakrond fell by their teeth and talons, and the five were chosen to become protectors of Azeroth. The titans gifted Nozdormu, Ysera, Alexstrasza, Malygos, and Neltharion with Order magic, transforming them into the Aspects: powerful dragons with command of time, nature, life, magic, even the earth itself. Other primal dragons followed on their path, and, imbued with the titans' power, the dragonflights rose to shape the world and serve the Aspects. That is the tale the dragonflights have always told . . . but it is not the whole story. For as Alexstrasza and her flights set to reshaping Azeroth, not all of dragonkind sees Order magic as a gift. Spurning the titans' interference, a group of rebel primal dragons are imbued with the elemental powers of the planet and are reborn as the Incarnates. Led by Iridikron, the Incarnates believe that dragonkind should be subservient to no one. They foment a rebellion against the Aspects: what they are and all they represent. Despite the efforts of Alexstrasza and her primal friend Vyranoth to preserve peace, both sides slip closer to violence, as dragons are forced to choose a side or be swept up in the growing conflict. With battle lines and allegiances drawn, the war among dragonkind shakes the foundation of the world. Both sides realize they will have to make sacrifices to secure the future of their kind, sacrifices that will cascade through the ages.
