**The Complete Book of the World Rally Championship** Henry Hope-Frost, John Davenport, 2004 For 30 years some of the most talented and bravest drivers have battled across the continents of the world to claim what is arguably motorsport's toughest prize: the World Rally Championship. Now a multi-million dollar, global technology battle and terrestrial television phenomenon played out over the frozen wastes of Finland, the dusty plains of Australia and the sun-kissed mountain roads of Corsica, the WRC has reached its 30th birthday. This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. The Complete Book of the World Rally Champions provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and accurate statistical career record of each driver, plus highlights of all the significant cars.

**Subaru Impreza** Brian Long, 2006 Perceived as a replacement for the long running Leone, the Impreza quickly gained a great reputation through Subaru's successful WRC program. This book covers the full story of the Impreza, from concept through to the current production car, looking at the rally machines along the way, and illustrated throughout with contemporary material. Now with over 400 mainly color pictures and significant additional text, this is a fantasticwarts and all account of an amazing car.

**From Nought to World Champion** Christian Schön, Bodo Kräling, 2014 Traces the story of Volkswagen's debut in the FIA World Rally Championship from the first sketch through to lifting the trophy.

**A Sociology of the World Rally Championship** H. Naess, 2014-09-23 Drawing upon interviews with key people in the World Rally Championship as well as trans-local ethnographic research, this book explores questions of commerciality and sporting identity, tackling the sport's controversial handling of the shift into 'the commercial age'. It is essential reading on combining sporting heritage and commercial progress.

**Voice In The Ear** Miika Wuorela, 2014-02-01 Since 1973 World Rally Championship has been a really competitive series measuring the striking power of man and machine. During the years many books about the drivers and the teams has been published. Not that many about co-drivers though - the navigators who faithfully sit alongside their drivers through the blizzards and blistering winds. This book will guide you through the same conditions and face the situations as they come. All the stories told by the stars themselves! These men have won ten world championship titles altogether and have been part in winning several manufacturers titles as well. Lean back, take a cosy position and enjoy. Starring: Seppo Harjanne, Ilkka Kivimäki, Luis Moya, Juha Piironen and Timo Rautiainen.

**Ford Focus WRC** Graham Robson, 2017-10-15 When world rallying introduced a new formula for "World Rally Cars", Ford seized the opportunity. Malcolm Wilson's M-Sport organization was contracted to do the job, completed the design in less than a year, and spent the next 12 years campaigning this turbocharged, four-wheel-drive car all round the world. Working from state-of-the-art facilities, M-Sport built 97 Focus WRCs, all of which proved to be worthy of World level action when they won 44 World Championship events. Stellar drivers like Colin McRae, Carlos Sainz, Markko Märtin, Marcus Grönholm and Mikko Hirvonen all added to the mystique of an ultra-professional organization, along with substantial support and sponsorship from the likes of Martini, BP, and the state of Abu Dhabi. By building its in-house technical expertise, M-Sport not only engineered and developed the entire car on behalf of Ford, but gradually took over development of the 300bhp, 2.0-litre, turbocharged engine, and led the design of the complex four-

wheel-drive transmissions provided by Xtrac. M-Sport's reputation exploded to the point that when regulations changed, the company immediately produced a new-generation Fiesta WRC, and kept the winning days rolling.

**Subaru Impreza WRC Rally Car** Andrew van de Burgt,2017-11-07 The Subaru Impreza first appeared on the World Rally scene in 1993, taking a hat-trick of World Rally Manufacturers' Championships, in 1995, 1996 and 1997. The drivers the likes of Marku Alen, Ari Vatanen, and Colin McRae have competed in the World Rally Championship in Imprezas and all went on to winning the World Rally Drivers' Championship in Imprezas. These cars continued to compete on the World Rally stage until the end of 2008, when the Subaru World Rally Team unfortunately withdrew from rallying. This brand new Haynes Manual covers one of the most iconic rally cars in recent years, and does so in perfect detail. People that love the Impreza, really love the Impreza, so get the full facts and specs now!

*Mitsubishi Lancer EVO I to X* Brian Long,Shinichi Kurihara,2007-02-01 The definitive international history of one of the world's most successful rally cars. Covers every Lancer model - including all special editions, and Dodge, Colt, Plymouth, Valiant, Eagle, Proton and Hyundai variants - from 1973 to date. Includes a Foreword by Shinichi Kurihara, Mitsubishi's Evo team leader.

Subaru Impreza Graham Robson,2007-02 This book describes the birth, development, and rallying career of the turbocharged, four-wheel-drive Subaru Impreza in the 1990s and early 2000s. Forged in the fierce heat of WRC (World Rally Championship) competition and honed by years of continuous development, the Subaru Impreza is not only one of the greatest rally cars of all time, but has also become one of the most desirable high-performance road cars, too. This book provides a compact and authoritative history of where, when, and how it became so important to the sport.
