Wrenches Anders Hanson,2009-08-15 This image-filled title defines wrenches and its history. The four popular variants of the wrench explored in this title are the combination wrench, adjustable wrench, pipe wrench and socket wrench. Straightforward definitions along with labeled images will help kids understand the uses and value of each device. Simple sentences and tool-in-use photos will have young readers ready to get to work! Sandcastle is an imprint of ABDO Publishing Company.

What Does a Wrench Do? Robin Nelson,2017-08-01 Kids will find out how wrenches tighten bolts in many types of situations. A back matter spread explains how a wrench is another type of lever.

American Wrench Makers Kenneth L. Cope,2002 Tool collectors will appreciate this well organized, comprehensive catalog of American wrenches and their makers. Following a list of wrench patent dates with the names of their makers is the catalog of wrenches, organized alphabetically by maker. Each entry includes a short history of the company and their wrenches with illustrations of each wrench, in b&w. An appendix contains an interview with Loring Coes.

The Wrench Elise Gravel,2020-06-23 Bob's tricycle is broken and he needs a wrench to fix it. He ventures out to buy one at the Megamart, where slick salesman, Mr. Mart, convinces Bob that it's not a wrench he needs, but a fridge hat...singing pajamas...a screaming machine! Bob spends all his money on things that he really doesn't need and before he knows it has no money and no wrench. Lively illustrations and quirky hand-lettering make *The Wrench* a delight to read while also conveying an important message about consumerism and excess.

Wrench Coming Soon,2022-09-30 Toolbox gives young builders their first glimpse at the common tools that people use. Each title in this handy series explores the parts and functions of a featured tool, as well as its many real-life uses.

In the Study with the Wrench Diana Peterfreund,2020-10-13 The thrilling sequel to the book that Kirkus Reviews called "ingeniously plotted and vastly entertaining," inspired by the classic board game CLUE—now in paperback! New semester. New secrets. New murder. In the aftermath of their headmaster's brutal murder, Blackbrook Academy has been thrown into chaos. Half the student body hasn't bothered to return to campus—but those who have include Orchid McKee, Vaughn Green, Scarlett Mistry, Beth "Peacock" Picach, Phineas Plum, and Sam "Mustard" Maestor, now warily referred to by the other students as the Murder Crew. When another staff member is found dead, each teen's reasons for sticking around come to light. Orchid and Vaughn grow ever closer to having their secrets exposed, Peacock and Scarlett struggle to change their stripes, and Plum and Mustard question everything. As everything comes to a boiling point at Tudor House, nobody's life will ever be the same.

Wrench in the System Harold Hambrose, 2009-08-07 WRENCH IN THE SYSTEM Why business software doesn't work—and how to fix it Every year, businesses waste billions of dollars on information technology that doesn't communicate clearly with the people who use it. This fundamental flaw causes errors and delays, lowers profits, and can even endanger lives. In this groundbreaking book, technology designer Harold Hambrose shows executives and managers how to turn underperforming digital assets into powerhouse systems—how to specify small changes that dramatically boost productivity, how to reduce training costs, and how to ask vendors the right questions. Wrench in the System reveals: Why so many of our essential software systems are needlessly confusing How to make low-cost changes that provide direct, measurable benefits The hidden costs of forcing people to adapt to clumsy electronic tools The secrets of matching software to the needs of the company How to leverage the power of technology for innovation Information technology is still in its adolescence, and Hambrose explains that because the industry has grown so quickly, it's still in an awkward phase. Software manufacturers have been in such a rush to add new features that they haven't paid enough attention to the human beings who use their products. Most software systems are built to fulfill business requirements and technical specifications, but often they fail to meet expectations because they aren't designed to anticipate human needs. As a result, much of our most powerful business software is ineffective and underutilized. With compelling case histories and an engaging narrative, Hambrose exposes popular nonsense about software systems and shows how to evaluate them and measure their performance just as we do every other product. This timely book by an industry insider tells decision makers what they need to know to un-lock the full potential of one of their biggest business investments.

The Wrench Jeremy Brown, 2021-04-14 When you steal from people who pull the trigger instead of calling the law, you'd better be good at it. Bruder is the best. Bruder is a career master thief, an apex predator hijacker who takes what he wants from people who would never turn to the cops for help. His jobs are planned down to the second, pulled off with a professional crew he knows and trusts. And all of that doesn't mean a damn thing when the plan makes first contact with the job... When Bruder sees the chance to steal a couple million in untraceable Wall Street bonus cash, he moves fast to scout the job and put the crew and plan together. But the money belongs to a group of people you don't steal from-ever. The heist turns into a bloody killing ground, testing loyalties and pushing Bruder's abilities and instincts to the brink. And whoever holds the money will owe a debt that must be paid in blood, a debt telling Bruder exactly how much his life is worth. The Wrench is the first book in the gritty Bruder Heist Novels. If you like professional hard case criminals with a relentless focus on pulling off the job and getting away with it, join the crew and buckle up.

The Monkey Wrench Gang Edward Abbey, 2011-08-19 A motley crew of saboteurs wreaks havoc on the corporations destroying America's Western wilderness in this "wildly funny, infinitely wise" classic (The Houston Chronicle). When George Washington Hayduke III returns home from war in the jungles of Southeast Asia, he finds the unspoiled West he once knew has been transformed. The pristine lands and waterways are being strip mined, dammed up, and paved over by greedy government hacks and their corrupt corporate coconspirators. And the manic, beer-guzzling, rabidly antisocial ex-Green Beret isn't just getting mad. Hayduke plans to get even. Together with a radical feminist from the Bronx; a wealthy, billboard-torching libertarian MD; and a disgraced Mormon polygamist, Hayduke's ready to stick it to the Man in the most creative ways imaginable. By the time they're done, there won't be a bridge left standing, a dam unblown, or a bulldozer unmolested from Arizona to Utah. Edward Abbey's most popular novel, The Monkey Wrench Gang is an outrageous romp with ultra-serious undertones that is as relevant today as it was in the early days of the environmental movement. The author who Larry McMurtry (Lonesome Dove) once dubbed "The Thoreau of the American West" has written a true comedic classic with brains, heart, and soul that more than justifies the call from the Los Angeles Times Book Review that we should all "praise the earth for Edward Abbey!" "Mixes comedy and chaos with enough chase sequences to leave you hungering for more."—The San Francisco Chronicle

The Monkey's Wrench Primo Levi, 2017-06-20 A chemist-turned-writer and a construction rigger in a remote factory pass the time swapping tales of their lives and voyages. Primo Levi's most light-hearted novel, *The Monkey's Wrench* is a tribute to storytelling, human ingenuity, and the importance of finding meaningful work in life. "A lot of stories have happened to me," says Faussonne, the mysterious construction rigger at the center of this comic novel by Primo Levi. Far from home on a work assignment, Libertino Faussonne befriends the book's narrator, a chemist based loosely off of Levi himself. Although he can't quite explain it, the chemist is immediately entranced by the wandering laborer who has traveled to every corner of the world. The two embark on an unlikely friendship, trading tales filled with curses and spies, scandal and heartbreak. With its easy-going and even whimsical tone, *The Monkey's Wrench* is a change from Primo Levi's other works. Yet its message is just as vital. The novel reminds us about the importance of connection between strangers, our endless capacity to solve even the most challenging of problems, and finding fulfillment in work. Along with Elie Wiesel and Hannah Arendt, Primo Levi is remembered as one of the most powerful and perceptive writers on the Holocaust and the Jewish experience during World War II. This is an essential book both for students and literary readers. Reading Primo Levi is a lesson in the resiliency of the human spirit.

Free-Wrench Joseph R. Lallo, 2014-07-16 The islands of Caldera are a shining jewel in a rather bleak world. A terrible calamity in the past had blanketed much of the world with a toxic fog. Those who survived were forced to take to the mountains and the skies in wondrous airships. Life has since been a struggle, with only the most ruthless and crafty able to survive. To spare themselves the same fate, the Calderans erected a battery of guns to fend off the airships of the mainland. They isolated themselves from the madness of the world, choosing instead to focus on the pursuits of art and creativity. Few believe the technologically advanced but socially barbarous outsiders have anything to offer. Amanita Graus, though, is hoping that they do. Nita's mother has lost her livelihood and perhaps soon her life to a terrible disease. Already the black sheep of the family for embracing engineering rather than art, Nita resolves to leave the safety of her home and do whatever it takes to find a cure. For a price, the bizarre crew of an airship called *The Wind Breaker* are willing to grant her a meeting with their mysterious benefactors, and thus a chance to procure the one thing with a chance to save her mother. *Free-Wrench* follows Nita's adventures in a steampunk world of airships and lunatics. Helping her in her journey are an eccentric crew of smugglers; the gruff Cap'n Mack, the simple but enthusiastic Lil and Coop, the arrogant marksman Gunner, the surly surgeon Butch, and the irritable mascot Wink. To survive and find what she seeks she'll need to earn their trust, follow their rules, and meet face to face with the people who pull the strings of their society.

American Wrench Makers Kenneth L. Cope, 1999 Dedicated to wrench collectors, this unique illustrated compilation catalogs hundreds of the tool makers, their history, and products cross-referenced to an identification section with patent dates and trade names/marks. Appends notes on a wrenching 19th century litigation case, the term monkey wrench, and the dean of Coes' wrenches. No bibliography or index. Annotation copyrighted by Book News, Inc., Portland, OR

Wrench Addison Jane, 2020-05-06 If there were skeletons in your closet, Wrench would find them. The skills he possessed had landed him in jail on more than one occasion. But he would continue to do whatever he had to in order to protect his family-the Brothers by Blood MC. If that meant time behind bars, so be it. He never thought his loyalty to the club would falter. He thought wrong. When Sugar-the mother of his president's daughter-returned, he knew she was off limits. Her strength and beauty pulled him in though, and the closer they got the more broken pieces of her soul he discovered. He wanted to fight for her, to put her back together. But he needed to make a decision-loyalty or love-before he lost both. Sugar came from money but she had never let it define her. As she grew older she was treated like an outcast and eventually, the people who were meant to care for and support her threw her to the wolves. She'd spent years trying to build herself back up, to fight for a life that she deserved and to prove everyone

wrong. But there were things that still haunted her, secrets that she knew she couldn't hide forever. Coming back to the club was a risk she had to take to give her daughter the family she'd never known. When her demons rear their ugly face, Wrench is right there beside her. She felt secure and protected in his arms, he saw the truth inside her and he didn't run. But the secrets and lies were building, and they had the power to crush the people they cared for. With the past and the present about to collide, how far will they both go to protect their family's future?
