PandaLeaks Wilfried Huismann,2014-09-25 The WWF, renowned global nature conservancy brand, greenwashes the ecological crimes of corporations currently destroying the last remaining rainforests and natural habitats on earth; and it accepts their money. This business model of the famous “eco” organization does more to harm nature than to protect it. The WWF cannot refute the facts gathered by esteemed journalist and filmmaker Wilfried Huismann during his two-year research expedition to all corners of the green empire. A journalistic tour de force unearthing the grim secrets behind the warm and cuddly façade of the WWF, Huismann’s exposé went straight to the German bestseller list. The book is now available in English, unabridged and updated. Huismann also dug deep into the early history of the world’s most powerful nature conservancy organization and found several skeletons in the closet: the elite secret club known as “The 1001” and a private military commando unit deployed in Africa against big game poachers – and against black African liberation movements. In the name of environmental protection the WWF has participated in the displacement and cultural extinction of indigenous peoples the world over.

WWF Patricia Kendell,2004 Discusses the nature conservation organization, known for their global efforts to save endangered species and fight against pollution and destruction of resources.

Saving the World's Wildlife Alexis Schwarzenbach,2011 The lavishly illustrated story of the World Wildlife Fund, the world's largest environmental organization.

The Endangereds Philippe Cousteau,Austin Aslan,2020-09-29 2021 Green Earth Book Award Long List It’s time for animals to take fate into their own paws! The Endangered is the first book in a thrilling new adventure series by world-renowned environmentalist and Emmy-nominated host of Xploration Awesome Planet Philippe Cousteau and award-winning TURBO Racers author Austin Aslan. Innocent animals are in trouble: temperatures are climbing, tides are rising, and nature is suffering. Someone needs to step in to rescue animals from extinction. Someone needs to turn this mess around, before it’s too late. And that someone is . . . the Endangered, the unlikely heroes you’ll ever meet—a superstrong polar bear, a pangolin with a genius for engineering, an extremely sarcastic narwhal, and an orangutan with a big dream. Together, these four daredevils are determined to save endangered species across the globe, no matter what the risk. Rappelling into an underground cavern to save the day? No problem. Looping video footage to sneak through buildings unnoticed? Got it covered. Opening a doorknob? Okay, pretty hard without thumbs. But don’t worry. No matter what it takes, the Endangered will get the job done. But when two of their friends get kidnapped by a villain with a dastardly agenda, the team finds themselves up to their snouts in trouble. Can the Endangered save the day? Or will this villain put humans and animals alike on the extinction list? The A-Team meets the animal kingdom in the first book in the thrilling new adventure series from the host of Xploration Awesome Planet Philippe Cousteau and award-winning author Austin Aslan.

This is the complete guide to every WWF VHS release from July 1993 to June 1996, with full reviews of every tape, alternative wrestler bios, exclusive artwork by Bob Dahlstrom, awards, match ratings, and much, much more. Learn about the ascension of Steve Austin, the death and rebirth of The Undertaker, the return of the Ultimate Warrior, the rise of the Kliq, some of the greatest matches of the 90s, some of the worst angles and gimmicks in wrestling history, the collapse of the tag team division, some of the inaugural WWF divas, the wrestler who was half man and half bull, a tag team from the future, the aborted push of the next American hero and one of the worst WWF pay-per-view events of all time. This is the best volume yet and once again is stuffed to the gills with facts, opinions and cockamamie theories. Enjoy!

Life on Planet Panda C. Y. Chong, 2015-09-10 C.Y. Chong's captivating and insightful revelation about what it's like to spend over two decades at WWF. This light-hearted collection of memoirs tells the compelling story of a company executive who walked away from global corporations and immersed himself in the world of non-profit - in this case, WWF, one of the world's largest conservation organisations. After years of working in the corporate sector, C.Y. Chong decided to pursue a new avenue of work. He joined WWF International as a finance manager and was soon promoted to Director of Finance - however, this book is about his non-financial experiences... Life on Planet WWF follows Chong as he travels and tells of a myriad of interesting and unforgettable happenings - being attacked by a mad crow being one. From fitting the letters 'WWF' into a television interview as many times as possible, to having cocktails with HRH Prince Philip, he recalls visits to conferences, field projects or other events - each anecdote providing a unique insight into some of his truly extraordinary experiences at WWF. This book makes an interesting read for anyone thinking about a career outside the corporate sector as well as for the five million supporters of WWF and everything it stands for.

12 Small Acts to Save Our World WWF, 2018-09-20 _____ — Ever wanted to save the world? — It's easy to feel like we can't make a difference. But small, easy actions, if taken by enough people, can move mountains - and save planets. Written in collaboration with leading environmental experts from WWF, this short book provides simple changes we can all make to our everyday lives, from morning to night. These aren't the only things you can do. Nor are they things you have to do. But these 12 small acts are basic steps anybody can take, and if even one of them sticks, our children will inherit a better world. Acts like: - Turning off devices instead of leaving them on standby - Buying less cotton clothing (a T-shirt needs 2,400 litres of water to make!) - Using reusable straws when possible - Turning off the tap while you brush your teeth will take only moments, but if enough people commit to them, we can make a real difference to our planet. _____ 'Now really is the time to act. You don't have to be a superhero - everyone can make a difference by following this book' - Ben Fogle

The Complete WWF Video Guide Volume I James Dixon,Arnold Furious, Lee Maughan,2012-09-08 The complete guide to every WWF VHS release from 1985-1989, with full reviews of every tape, alternative wrestler bios, exclusive artwork by Bob Dahlstrom, awards, match ratings, and much, much more.

WWF and Arctic environmentalism Danita Catherine Burke,2023-01-24 Based on interviews with WWF representatives and other experts, this book explores WWF's approach to engagement in the Circumpolar North. It argues that the foundation of WWF's success in circumpolar engagement is based on four inter-related pillars: legacy, networks, scientific research and communication style. The book argues that WWF has made remarkable strides to distinguish itself in Arctic and northern engagement through its Global Arctic Programme and national organisations and associated offices in the Arctic states. However, WWF's work and successes are illustrative of the need for environmental and animal rights organisations to adopt a long-term strategy that show commitment to helping in the Arctic and North which factor in the needs and desires of northerners if they want their work to resonate and be welcomed by key northern audiences.

The Soul of the Rhino Hemanta Mishra,2012-05-16 Ugly yet enchanting, terrifying yet delicate, the Indian Rhinoceros is a magnificent animal. It is also in danger of being killed off for good. The Soul of the Rhino is a spirited account of one man's journey to protect the animal in the foothills of the Himalayas. Hemanta Mishra was fresh out of university when he embarked on his conservation work in the 1970s. Over the years, he got help from an ornery but steadfast elephant driver, the Nepalese royal family and like-minded scientists. He also did outstanding work--creating nature reserves, arm-wrestling politicians and raising awareness. But Mishra hasn't won his battle to save the rhino. As he shows vividly, armed insurgence, political violence and poaching are driving this endangered species to complete extinction. Filled with candour and bittersweet humour, The Soul of the Rhino is the first book of its kind to delve into the labyrinths of South Asian wildlife conservation and one man's endurance in the face of it all.

Titan Sinking: The decline of the WWF in 1995 James Dixon,Jim Cornette,Benjamin Richardson,2014-08-31 Throughout the history of the WWF, there have been times of prosperity and times of hardship, cycles that shape the ethos of the company by forcing changes to its infrastructure and on-screen direction. The one constant throughout three decades of change is Vincent Kennedy McMahon, the stalwart puppet-master who captains the ship. Unflinching, thick-skinned, and domineering, McMahon has ultimately outlasted all of his competition and come out on top of every wrestling war he has waged. In 1995, he very nearly lost. Titan Sinking tells the tale of one of the most tumultuous, taxing and trying years in WWF history. This book gives the inside story of all of it. Find out the real story of the year, and learn how 1995 brought WWF to the brink.

World Wildlife Fund ,2001

World Wildlife Fund for Nature Kirsty Holmes,2019-06 Looks at the charitable organization WWF (World Wide Fund for Nature which deals with nature protection.

Titan Shattered James Dixon, Lee Maughan, Benjamin Richardson, Justin Henry,2015-07-14 The highly anticipated sequel to best-selling Titan Sinking After enduring a turbulent year in 1995, Vince McMahon was looking to rebuild his sinking empire in 1996. He had high hopes for a new World Wrestling Federation flag bearer, Shawn Michaels - the man he was looking to as the leader of the WWF's 'New Generation'. With Michaels supported by a strong cast of established characters, some old faces, and an influx of new blood, McMahon fully expected the WWF to dominate rivals WCW in the burgeoning Monday Night War. It did not work out that way. Titan Shattered tells the behind-the-scenes story of the WWF's tribulations in 1996. It was a year where paranoia

threatened to destroy the WWF, where decades-old industry traditions were broken, and where Vince McMahon fully abandoned his wrestling principles in pursuit of the almighty dollar.

WWF No Mercy Eric Lionel Pratte, 2000 Cross 80 of the hottest names in the World Wrestling Federation and a Nintendo 64 or Game Boy Color and fans get No Mercy; the next in line of THQ's WWF games. This official strategy guide covers the stats and bios on the superstars, tips and tricks for the new venues and exclusive insider info.

WWF Patricia Kendell, 2003 A fascinating look at work of WWF and the important global issues it addresses. WWF is best known for its campaigns to save endangered animals. But the organization actually has a much broader focus, tackling issues such as climate change, poverty and the spread of toxic wastes. This book provides an insight into the aims and methods of WWF and discusses the complex problems it is trying to address. It details the development of WWF and its campaigns. It also looks at some of the criticisms of the organization, such as elitism and a lack of concern for local communities.
