The Red Wyvern Katharine Kerr,1997 A lady magician battles her scheming mother. It happens in the fantasy world of Deverry where people can be reincarnated not only once, but many times to allow them to seek revenge on enemies who wronged them in a past life.

Tedder Vincent Orange,2012-10-12 Arthur Tedder became one of the most eminent figures of the Second World War: first as head of Anglo-American air forces in the Middle East, the Mediterranean and North Africa; then as Deputy Supreme Commander to General Eisenhower for the Allied campaign that began in Normandy and ended in Berlin. During those anxious, exhilarating years, he was, as The Times of London wrote, 'the most unstuffy of great commanders, who could be found sitting cross-legged, jacketless, pipe smoldering, answering questions on a desert airstrip.' After the war, promoted to five-star rank and elevated to the peerage as Lord Tedder, he was made Chief of the Air Staff, holding this appointment for longer than anyone since his time: four critical years (from 1946 to 1949) that saw the tragic start of the Cold War and the inspiring achievement of the Berlin Airlift. In 1950, he became Britain's NATO representative in Washington: a year that saw the start of a hot war in Korea that threatened to spread around the globe. This book provides the first comprehensive account of a great commander's public career and uses hundreds of family letters to portray a private life, both joyful and tragic.

Wyvern's Lair Shannon Mayer,2019-07-09 The odds are stacked against her as she faces her greatest challenge yet...But that's nothing new in her world.The fifth in the plot twisting, heart pounding, magic-riddled, USA Today bestselling Desert Cursed series. I thought I had the next steps in my journey plotted out. I thought I knew where I was going and who I was going with-the usual crew of Lila the smart-mouthed tiny dragon, Ford the man who would be my mate if I let him, and Balder, the horse who has carried me through more danger than I can count. Crap on a camel, I could not have been more wrong. My world is turned upside down when my crew somehow gains two people who would as soon kill me, as see me succeed. Even with this new twist, I must get to the crossroads before the golden moon rises if we have any chance of dethroning the Emperor and bringing my brother back from the dead.Along the way I find myself in treacherous waters facing new dangers, new enemies and a choice that no one should ever have to make. Maks's life is in my hands, and in the end, will love be enough to save him, or will I have to say goodbye to him once and for all? If you like KF Breene, Ilona Andrews, Patricia Briggs, Faith Hunter, Jaymin Eve, Kelley Armstrong, Kim Harrison, or Shayne Silvers, you won't want to miss Mayer's books!Recent reader's reviews...I am truly in love with this book. Race the Wyverns, the Chronicles of Bawrlloxoss J. R. Knoll,2015-08-23 Fall means the wyvern migration from the Dark Mountains north of the Abtont Forest to unknown parts south. It also means that the villages outlying the safety of Caipiervell's castles will be attacked by hungry wyverns. To draw the wyverns away from the villages and a castle outpost of Caipiervell, Duke Ikthar has established a lottery that selects people for the suicidal Wyvern Run, in which peasants are selected to cast their lives to fate in hopes of surviving long enough to collect a tempting sum of gold. Not yet seventeen seasons old, Maelynn of Narroth decides to act against the wishes of her family and make the run in her father's place, only to find herself embroiled in matters she had never dreamed of. An accomplished archer, her aspirations of making the journey to Zondae to join their ranks are dashed as her very life is threatened seemingly by all sides as nobles seek power, deadly predators wish to make a meal of her, and she finds herself caught right in the middle of two wars, and under the direct attention of two of the biggest predators in the land.
