7th Blue: Xorn: Rude Awakening Katrina Hibbs, 2020-06-12 7th Blue: Xorn: Rude Awakening By: Katrina Hibbs 7th Blue: Xorn: Rude Awakening is the first book of many in a science fiction-fantasy action-adventure series. It follows a nine year old prince, Xorn Midus, and his misadventures that follow after he had been made a slave and thrown into the System. His father, the immortal dictator Syon Midus, begins a war in search of the artifact, the Tear of Archanon. Though he is unsure of his fate, Xorn fights to get answers as to what happened the night his father killed his mother, Lady Oriah Midus, and started the goose-chase for the Tear. It doesn't take long for Xorn to learn about another child being held captive; Mika Indri, a ten year old daughter of a farmer who was orphaned at the start of the war. After almost a year of being in limbo, the war finds its way to the mother-ship of Lord Syon and the guardians of the Tear, the Priest of Archanon, and they make a crash landing into Xorn and the other's lives. Aiden Mulch, the fourteen year old lone surviving priest is the only one who has a clue what is really happening, and the prospect is very grim. During this exciting tale, the grip of reality is loosened and magic becomes more apparent when the destroyer, Klaravex, begins to awaken from his slumber. Mika, Xorn, and Aiden are forced to uncover the truth about how Syon defeated this god of destruction and came to power. Read with awe as our heroes interact and their friendships grow.

**Manor Saffron** A.J. Flowers, 2018-05-11 A Heartbreaking Fantasy Romance Every kingdom has an origin... this is Manor Saffron's founding story. Raised on the unforgiving Obsidian Sea, she'll learn what it means to be Windborn, and what she'll have to sacrifice to change a broken world she's grown to love. The humans huddle in the last remaining stronghold: Leocivat. They are ruled by a governing force of Hallowed known as the Coterie. Nile, their youngest and newest addition, strives to understand how the demons have come to dominate the outlands and continue to ravage the world. He will find out what it takes to stop them, even if he's the only one willing to try. Nile needs an angel. Valeria needs a guide. The Monsters Know What They're Doing Keith Ammann, 2019-10-29 From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In The Monsters Know What They're Doing, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first

time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

**Analytic Methods for Coagulation-Fragmentation Models, Volume II** Jacek Banasiak, Wilson Lamb, Philippe Laurencot, 2019-09-05 Analytic Methods for Coagulation-Fragmentation Models is a two-volume set that provides a comprehensive exposition of the mathematical analysis of coagulation-fragmentation models. Initially, an in-depth survey of coagulation-fragmentation processes is presented, together with an account of relevant early results obtained on the associated model equations. These provide motivation for the subsequent detailed treatment of more up-to-date investigations which have led to significant theoretical developments on topics such as solvability and the long-term behaviour of solutions. To make the account as self-contained as possible, the mathematical tools that feature prominently in these modern treatments are introduced at appropriate places. The main theme of Volume I is the analysis of linear fragmentation models, with Volume II devoted to processes that involve the nonlinear contribution of coagulation. Features of Volume II: A primer on weak compactness in  $L^1$  and dynamical systems A comprehensive theory of solvability of the coagulation-fragmentation equation by both the semigroup and weak compactness methods, including a thorough analysis of the gelation and shattering phenomena A detailed analysis of the long-term dynamics of the coagulation-fragmentation equations with a state-of-the-art discussion on self-similar solutions

Fallen to Grace: Book 1 Azrael's a wingless angel, and if that wasn't bad enough, she's the only one with a functioning conscience. Her bi-color eyes mark her as a moral hybrid, and when she breaks her enslavement to Manor Saffron by making a deal with a demon, she doesn't expect to become Queen. She'll have to survive her new royal magic, convince a legion of angels she's worth fighting for, and find the breach in her Faustian deal, or risk a new master with horns. Rise to Hope: Book 2 Azrael must face a new world with new masters. She's the Queen of Celestia—or so the Council of angels wish her to believe. The Seraphim, the true ruler of Celestia, holds Gabriel captive and tinkers with dark magic. Azrael must master her powers and her heart like never before in order to save Gabriel and lead a coup against the Seraphim. Stand for Justice: Book 3 After executing a brave, if not foolhardy plan to usurp the Seraphim, Azrael's battle has only just begun. In *How to Defend Your Lair*, gamemaster Keith Ammann pulls back the curtain on an underrated but crucial part of any tabletop roleplaying game: the theater of battle.
