Play Xylophone by Letter Helen Winter, Our sheet music is not for a specific xylophone, but it is universal and suitable for most 8-25 note xylophones. This book is aimed at those new to music and musical instruments, whether child or adult. It allows for simple and easy learning that requires no previous knowledge of reading music. The letter notation makes it possible for you or your kids to confidently begin playing. Our other books make it easy to play the xylophone with colored circle/letter notation. This book, however, includes classic note symbols so that students can begin to learn the reading of musical notes, including a musical notation showing note length, connection, etc. Most songs in this sheet music book can be played within one octave on the xylophone using only 8 notes. Several songs need 1.5 or 2 octaves or a 10-15note xylophone. This percussion instrument develops not only a musical ear, but also gross and fine motor skills, and cognitive skills such as letter recognition, matching, and patterns. Attention: Songs have been transposed for a DIATONIC range. Some melodies might be changed and simplified. If you have flat keys on your instrument, please use the classic music score for the piano. List of songs adapted for xylophone: Part 1 Skip, Skip, Skip to My Lou Humpty Dumpty My Hat I like to Eat (Apples

The second part of the book has the 3 Little Pigs fairy tale with a musical score. We offer a lot of activities that can be done with any percussion instrument or any sound made with home utensils, for example, while listening to the story. This fairy tale encourages a child's musical activity, even if they have never played music before. German composer Orff believed that each child should not be a passive listener, but an active co-creator. Not only can you and your kids play using a percussion instrument musical set, but also with any other musical sounds you can come up with. We hope you'll enjoy these funny kids' songs and percussion music actions and activities.
