The Year of the Horses: A Memoir Courtney Maum, 2022-05-03 As seen on The Today Show A Good Morning America, Vanity Fair, TODAY, NYLON and PureWow Best Book of May and a Publishers Weekly and Boston.com Best Book of Summer An Amazon Best Book of 2022 So Far (Biography & Memoir Category) Sharp, heartfelt, and cathartic, *The Year of the Horses* captures a woman's journey out of depression and the horses that guide her, physically and emotionally, on a new path forward. At the age of thirty-seven, Courtney Maum finds herself in an indoor arena in Connecticut, moments away from stepping back into the saddle. For her, this is not just a riding lesson, but a last-ditch attempt to pull herself back from the brink even though riding is a relic from the past she walked away from. She hasn't been on or near a horse in over thirty years. Although Maum does know what depression looks like, she finds herself refusing to admit, at this point in her life, that it could look like her: a woman with a privileged past, a mortgage, a husband, a healthy child, and a published novel. That she feels sadness is undeniable, but she feels no right to claim it. And when both therapy and medication fail, Courtney returns to her childhood passion of horseback riding as a way to recover the joy and fearlessness she once had access to as a young girl. As she finds her way, once again, through the world of contemporary horseback riding—Courtney becomes reacquainted with herself not only as a rider but as a mother, wife, daughter, writer, and woman. Alternating timelines

and braided with historical portraits of women and horses alongside history's attempts to tame both parties, *The Year of the Horses* is an inspiring love letter to the power of animals—and humans—to heal the mind and the heart.

Year of the Horse . Samson,2013-03-14 Behold, an un-pale horse with no name. Oh, wait. His name is Horace. And he's sarcastic. And silly. And lives in an infinitely expandable world. And sometimes gets slapstuck. And day after unpredictable day he boldly goes where no horse -- let alone a comic strip -- has gone before. Also, there are sidekicks; a little bird called Sine, a lady horse called Melody, a never-seen neighbor. The comic strip *Dark Side of the Horse* was launched in July

2008. These days, it can be read daily on GoComics.com. This collection contains 312 daily cartoons that were originally published between August 2008 and July 2010. Welcome to the bright side of the world. May the horse be with you.

Then a young man named Sterling Promise offers Jade Moon and her father a chance to go to America. While Sterling Promise's smooth manners couldn't be more different from her impulsive nature, Jade Moon falls in love with him on the long voyage. But America in 1923 doesn't want many Chinese immigrants, and when they are detained at Angel Island, the Ellis Island of the West, she discovers a betrayal that destroys all her dreams. To get into America, much less survive there, Jade Moon will have to use all her stubbornness and will to break a new path... one so brave and dangerous, only a Fire Horse girl could imagine it.

Year of the Horse Kenneth D. Mertel, 1997 This book is the day-by-day story of the Jumping Mustangs - 1st Ballalion, Airborne, 8th Cavalry, of the 1st Air Cavalry Division, written by the man who knows them best. 1st Air Cav Lieutenant Colonel Kenneth Mertel. On 1 July 1965, at Fort Benning, Georgia, the 1st Air Cavalry Division was activated to employ newly developed techniques and tactics, providing the utmost in combat effectiveness and flexibility. After telling of the excitement at Benning over the formation of this revolutionary airmobile division, Colonel Mertel gives a vivid picture of the building of his own Jumping Mustang Battalion, the rigorous training of officers and men and, finally, the long voyage across the Pacific to Vietnam. Now the

test. Would the new concept of airmobility, so painstakingly worked out stateside, produce the hoped-for results? The answer came quickly and dramatically in a rapid succession of search and destroy operations. Ia Drang . . . An Khe South . . . Plei Mei . . . the Cambodian border . . . Bong Son . . . Tarzan . . . In precipitous mountains, dense jungles, mud and water-filled rice paddles and expanses of view-obstructing elephant grass, the Jumping Mustangs sought out the enemy, engaging him in combat and stopping him in his tracks. Airmobility more than passed the test. Colonel Mertel pays tribute to the many acts of heroism of his men, who lived, worked and fought together in some of the world's most inhospitable conditions. He also writes movingly of those who never came back. In 1967 the President, at a White House ceremony, recognized the Division's success and valor by awarding it the Presidential Unit Citation for the action at Plei Mei. According to the Chinese calendar, 1966 was the Year of the Horse. It was the Year of the Horse for the Jumping Mustangs in Vietnam.

Horse Geraldine Brooks,2024-01-16 "Brooks' chronological and cross-disciplinary leaps are thrilling." –The New York Times Book Review "Horse isn't just an animal story—it's a moving narrative

about race and art.” –TIME “A thrilling story about humanity in all its ugliness and beauty . . . the evocative voices create a story so powerful, reading it feels like watching a neck-and-neck horse race, galloping to its conclusion—you just can’t look away.” –Oprah Daily Winner of the Anisfield-Wolf Book Award, the Dayton Literary Peace Prize, and the Dr. Tony Ryan Book Award · Finalist for the Chautauqua Prize · A Massachusetts Book Award Honor Book A discarded painting in a junk pile, a skeleton in an attic, and the greatest racehorse in American history: from these strands, a Pulitzer Prize winner braids a sweeping story of spirit, obsession, and injustice across American history Kentucky, 1850. An enslaved groom named Jarret and a bay foal forge a bond of understanding that will carry the horse to record-setting victories across the South. When the nation erupts in civil war, an itinerant young artist who has made his name on paintings of the racehorse takes up arms for the Union. On a perilous night, he reunites with the stallion and his groom, very far from the glamor of any racetrack. New York City, 1954. Martha Jackson, a gallery owner celebrated for taking risks on edgy contemporary painters, becomes obsessed with a nineteenth-century equestrian oil painting of mysterious provenance. Washington, DC, 2019. Jess, a Smithsonian scientist from Australia, and Theo, a Nigerian-American art historian, find themselves unexpectedly connected through their shared interest in the horse—one studying the stallion’s bones for clues to his power and endurance, the other uncovering the lost

history of the unsung Black horsemen who were critical to his racing success. Based on the remarkable true story of the record-breaking thoroughbred Lexington, *Horse* is a novel of art and science, love and obsession, and our unfinished reckoning with racism.

The Age of the Horse Susanna Forrest, 2017-05-02

A “superb” account of the enduring connection between humans and horses—“Full of the sort of details that get edited out of more traditional histories” (The Economist). Fifty-six million years ago, the earliest equid walked the earth—and

beginning with the first-known horse-keepers of the Copper Age, the horse has played an integral part in human history. It has sustained us as a source of food, an industrial and agricultural machine, a comrade in arms, a symbol of wealth, power, and the wild. Combining fascinating anthropological detail and incisive personal anecdote, equestrian expert Susanna Forrest draws from an immense range of archival documents as well as literature and art to illustrate how our evolution has coincided with that of horses. In paintings and poems (such as Byron's famous "Mazeppa"), in theater and classical music (including works by Liszt and Tchaikovsky), representations of the horse have changed over centuries, portraying the crucial impact that we've had on each other. Forrest combines this history with her own experience in the field, and travels the world to offer a comprehensive look at the horse in our lives today: from Mongolia where she observes the endangered takhi, to a show-horse performance at the Palace of Versailles; from a polo club in Beijing to Arlington, Virginia, where veterans with PTSD are rehabilitated through interaction with horses. "For the horse-addicted, a book can get no better than this . . . original, cerebral and from the heart." —The Times (London)
