Prophets of Doom H.U.E. Thoden van Velzen,2022-11-28 Once the Maroons escaped from slavery and established their communities in the remote interior of Suriname, attention shifted from military threat to internal danger. As they faced these dangers in an unknown rainforest, they sought refuge in prophetic movements directed by charismatic religious leaders. This book charts the history of Okanisi religious movements from their escape to the present day. It is based on sixty years of fieldwork by the late Bonno Thoden van Velzen and Ineke van Wetering, archival research and oral histories. Prophets of Doom is a tribute to Okanisi society and reflects decades of research and dedication.

Jumping for Joy Chris Scullion,2022-09-08 The platformer is one of the most well-loved video game genres ever, having entertained players for over 40 years. Jumping For Joy is a celebration of everything platform games have to offer, spanning their entire history. The first part of the book is a complete guide to every platform game starring Mario, Nintendo's mascot and the most popular video game character of all time. With nearly 80 games featured in this section, it's the definitive history of a true gaming hero. There are always two sides to every story, though, so the second part of the book focuses on every one of the 50+ platformers starring Sonic the Hedgehog, Mario's former rival. After this it's the book's main course: a huge 100-page section detailing 50 other iconic and notable platform games covering the entire history of gaming, from the days of the Atari 2600 and ZX Spectrum all the way up to the Nintendo Switch, PS5 and Xbox Series X/S. Whether you're a long-time veteran of platform gaming or a newcomer who wants to learn more about one of the most entertaining genres in video games, this is the perfect book for you. And there are some bad jokes in there too, if that's your thing.

Een zwarte vrijstaat in Suriname H.U.E. Thoden van Velzen,Wilhelmina van Velzen,2011-01-01 Een zwarte vrijstaat in Suriname vertelt de geschiedenis van de Okanisi in de achttiende eeuw. Het is een geschiedenis

van hekserij en orakels, van knechting en ontsnapping, van opsporing en oorlog. Na jaren van strijd kwam de koloniale overheid tot de conclusie dat zij de Marrons niet onderwerpen kon en bood hun in 1760 een vrede aan die door de Okanisi werd geaccepteerd. Het sluiten van de vrede tussen overheid en Okanisi was de erkenning van de eerste ‘zwarte vrijstaat’ in Suriname.

Point of Sale Daniel Herbert,Derek Johnson,2019-12-13 Point of Sale offers the first significant attempt to center media retail as a vital component in the study of popular culture. It brings together fifteen essays by top media scholars with their fingers on the pulse of both the changes that foreground retail in a digital age and the history that has made retail a fundamental part of the culture industries. The book reveals why retail matters as a site of transactional significance to industries as well as a crucial locus of meaning and interactional participation for consumers. In addition to examining how industries connect books, DVDs, video games, lifestyle products, toys, and more to consumers, it also interrogates the changes in media circulation driven by the collision of digital platforms with existing retail institutions. By grappling with the contexts in which we buy media, Point of Sale uncovers the underlying tensions that define the contemporary culture industries.
