**Jumping for Joy** Chris Scullion,2022-09-08 The platformer is one of the most well-loved video game genres ever, having entertained players for over 40 years. Jumping For Joy is a celebration of everything platform games have to offer, spanning their entire history. The first part of the book is a complete guide to every platform game starring Mario, Nintendo's mascot and the most popular video game character of all time. With nearly 80 games featured in this section, it's the definitive history of a true gaming hero. There are always two sides to every story, though, so the second part of the book focuses on every one of the 50+ platformers starring Sonic the Hedgehog, Mario's former rival. After this it's the book's main course: a huge 100-page section detailing 50 other iconic and notable platform games covering the entire history of gaming, from the days of the Atari 2600 and ZX Spectrum all the way up to the Nintendo Switch, PS5 and Xbox Series X/S. Whether you're a long-time veteran of platform gaming or a newcomer who wants to learn more about one of the most entertaining genres in video games, this is the perfect book for you. And there are some bad jokes in there too, if that's your thing.

**The Mango Tree** Annabelle Tometich,2024-04-02 Eater's Best Food Books to Read This Spring This “witty, humorous, and heartfelt” (Cinelle Barnes) memoir navigates the tangled branches of Annabelle Tometich's life, from growing up in Florida as the child of a Filipino mother and a deceased white father to her adult life as a med-school-reject-turned-food-critic. When journalist Annabelle Tometich picks up the phone one June morning, she isn't expecting a collect call from an inmate at the Lee County Jail. And when she accepts, she certainly isn't prepared to hear her mother's voice on the other end of the line. However, explaining the situation to her younger siblings afterwards was easy; all she had to say was, “Mom shot at some guy. He was messing with her mangoes.” They immediately understood. Answering the questions of the breaking-news reporter—at the same newspaper where Annabelle worked as a restaurant critic—proved more difficult. Annabelle decided to go with a variation of the truth: it was complicated. So begins *The Mango Tree*, a poignant and deceptively entertaining memoir of growing up as a mixed-race Filipina “nobody” in suburban Florida as Annabelle traces the roots of her upbringing—all the while reckoning with her erratic father's untimely death in a Fort Myers motel, her fiery mother's bitter yearning for the country she left behind, and her own journey in the pursuit of belonging. With clear-eyed compassion and piercing honesty, *The Mango Tree* is a family saga that navigates the tangled branches of Annabelle's life, from her childhood days in an overflowing house flooded by balikbayan boxes, vegetation, and juicy mangoes, to her winding path from medical school hopeful to restaurant critic. It is a love letter to her fellow Filipino Americans, her lost younger self, and the beloved fruit tree at the heart of her family. But above all, it is an ode to Annabelle's hot-blooded, whip-smart mother Josefina, a woman who made a life and a home of her own, and without whom Annabelle would not have herself.

**KAZUKO** IRWIN TOUSTER,2010-05-21 Mother is ninety-six or ninety-seven, we're not sure and there's no one around to set us straight. The reality of her age seems to have slipped into the dustbin of time. She now resides at the Active Life Shukugawa, a well-run nursing home outside of Ashiya, Japan. I fly from Newark three or four times a year taking turns with my three brothers visiting. She's well cared for, is lively, and as reported by the staff, is the center of the home's social life. She sings a lot. Unhappily she is confined to a wheelchair but this in no way puts a pall on her good spirits. When I was last there she studied me carefully as I entered her room and said, “You know, you look just like my daughter.” After a pause she reconsidered and added, “Please, I hope you'll not be offended, but my daughter is prettier.” Memory for most of us is more like Mother's than we care to

acknowledge. Most believe in the facts of our memory; what we conjure out of our past is trustworthy. It is not. In truth memory has no conscience, is devoid of chronology, and its lapses and confusions are not necessarily a condition of advanced age. Early childhood memories are without context. Flashing on them is like flipping through an old photo album, the snapshots pasted in pellmell. Tested against others' memories, it's Rashomon. In recounting the tale of my early life in Japan, I will allow memory's caprice. I could not do otherwise.
