Iris Morland

Younger Pamela Redmond,2005-07-05 A story of inspiration and transformation for every woman who's tried to change her life by changing herself—now a hit TV series from the creator of Sex and the City starring Sutton Foster and Hilary Duff. She wants to start a new life. Alice is trying to return to her career in publishing after raising her only child. But the workplace is less than welcoming to a forty-something mom whose resume is covered with fifteen years of dust. If Alice were younger, she knows, she'd get hired in a New York minute. So, if age is just a number, why not become younger? Or at least fake it. With help from her artist friend Maggie, Alice transforms herself into a faux millennial and soon finds an assistant's job, a twenty-something bff, and a hot young boyfriend, Josh, who was in diapers when Alice was in high school. You're only as young as you feel. Alice is too thrilled with her new relationship and career to worry about the fallout from her lie. But when Maggie decides she wants a baby, Alice's daughter comes home early from studying abroad, and Alice finds herself falling in love with Josh, she realizes her masquerade has serious consequences, especially for her. Can Alice turn the magic into her real life? Or will the truth come out and break the spell?

Taking a Chance on Love Iris Morland,2018-06-06 Merciless and driven, billionaire Anthony Bertram built his company from the ground-up, dedicating every waking moment to creating one of the most powerful corporations in the world. The last thing he has time for is romance. He almost lost everything when his first marriage fell apart. Disillusioned from his divorce, Anthony knows from experience that love only makes you weak. When a mix-up results in a woman showing up at his supposedly private cabin during his vacation, all of his plans are completely upended. This woman is just what he doesn't need: beautiful, spirited, and so maddening that suddenly all Anthony wants is to make her his. A free-spirited artist and activist, Thea Younger wants to leave the world a better place. When she arrives at the cabin she's booked for a much-needed vacation and finds Anthony Bertram there--a man who represents everything she's against--she refuses to let him intimidate her into leaving. When bad weather forces the pair to stay in the cabin together for a week, though, Thea soon discovers that the man behind the mask is no heartless monster. Anthony is all flesh-and-blood man, and one whose kisses she can't resist. Desire flames between them until they both surrender to exquisite temptation. But as secrets loom over Thea, she must look inside her heart and find the courage to take a chance on love.

Older Pamela Redmond Satran,2020-09-08 'I loved every bit of this novel, and finished it with a giant smile on my face' - Jodi Picoult, New York Times bestselling author of The Book of Two Ways. Liza never dreamed that anyone would be interested in her life, let alone buy a book about it. But when she publishes a thinly veiled novel about a woman posing as a millennial, called Younger, not only is the book a hit, but her old friend Kelsey wants to turn into a TV show. Flying off to Los Angeles to help write the pilot, Liza leaves behind her on-again off-again boyfriend Josh, her pregnant daughter, and her best friend Maggie. But as Liza is swept up in the heady world of Hollywood, she finds herself thinking less and less of her life back home in New York. And when she meets Hugo Fielding - the devastatingly handsome and incredibly flirtatious Brit playing her boss on the show - she toes the line between having a crush and falling in love. Torn between New York and Los Angeles, a familiar love and a risky one, an established career and a shot at stardom, Liza must decide if it's too late to go to the ball . . . and if she even wants to. The hotly anticipated sequel to the beloved Younger - now a hit TV series from the creator of Sex and the City, Darren Star, starring Sutton Foster and Hilary Duff.

Younger Sara Gottfried,2017-03-07 NEW YORK TIMES BESTSELLER The New York Times bestselling author of The Hormone Cure and The Hormone Reset Diet shows every woman how to create a lifestyle that will help her look great, feel energized, and slow down the effects of aging. Feel destined for cellulite, saddle bags, and belly fat? Does your family come from a long line of Alzheimer's, cancer, or heart disease? Will nothing help your aging skin or declining libido or flagging energy? This book is for you. The body is magnificent but it doesn't come with a lifetime warranty, or an operating manual. You're the result of millions of years of evolution, but many of the adaptations that helped your ancestors survive are now working overtime to accelerate the aging process. The assumption here is that we are our genes and therefore trapped by the past. The good news is that your genetic code—the DNA sequence that is the biochemical basis of heredity—can play a minor role in the way you age. The scientific reality is that 90 percent of the signs of aging and disease are caused by lifestyle choices, not your genes. In other words, you have the capability to overcome and transform your genetic history and tendencies. Harvard/MIT—trained physician Sara Gottfried, M.D. has created a revolutionary 7-week program that empowers us to make the critical choices necessary to not just look young, but also feel young. Dr. Gottfried identifies and builds this book around the five-key factors that lead to accelerated aging -the muscle factor, the brain factor, the hormone factor, the gut factor, and the toxic fat factor. The 7-week program addresses these factors and treats them in an accessible and highly practical protocol and is as follows: Feed—Week 1 Sleep—Week 2 Move—Week 3 Release—Week 4 Expose—Week 5 Soothe—Week 6 Think—Week 7 Younger increases not only your lifespan, but also your healthspan. Dr. Gottfried's program makes it possible to change the way you age, stay younger longer, and remain healthy and vibrant for all of your days.

Younger Pamela Redmond,2005-07-05 A story of inspiration and transformation for the really desperate housewife—now a TV series from the creator of Sex and the City, starring Sutton Foster and Hilary Duff! She's old enough to be his mother. Alice has always looked young for her age, even with her graying hair and her dowdy New Jersey housewife style. Make that ex-housewife: Now that her husband's gone and her daughter is grown, Alice is in desperate need of a whole new life. So she lets her best friend Maggie, a hip New York City artist, transform her on New Year's Eve. Soon, thanks to the wonders of hair dye and tight jeans, Alice looks really young, as one night in a Manhattan bar confirms. At midnight, she kisses a boy who was in diapers when she was in high school. She's having too much fun to care. The white lie Alice tells Josh gets her thinking that if no one asks her age, she doesn't have to tell. So she applies for a job she had briefly before becoming a full-time mom—and gets it. Meanwhile, Josh is falling head over heels for Alice, who's just way cooler than girls his age. He figures she's about twenty-nine—and for the first time since she was twenty-nine, or possibly ever, Alice feels that life is ripe with possibility. Unfortunately one possibility is that she's gonna get caught. Challenging the adage that the truth will set you free, Younger is a hilarious and insightful story that proves that you're only as young as you feel.

Marriage Vacation Pauline Brooks,2018-06-05 In season four of Darren Star's hit TV Land series *Younger*, the editors at Empirical Press are shocked and deeply moved when they read *Marriage Vacation*, an autobiographical novel by the publisher's estranged wife, Pauline Turner Brooks. Knowing the book will cause a sensation, they decide they must publish it. Now you can read what the hype is about—including page 58 that had everyone buzzing (...and blushing). *Marriage Vacation* is for anyone who has ever fantasized about what it would be like to run away from it all. By all appearances, Kate Carmichael has the perfect life: two adorable daughters, a prewar townhouse on the Upper East Side, and a husband who runs one of the most successful publishing companies in New York. But when Kate attends a wedding and reconnects with successful friends from graduate school, she suddenly sees her life in a different light: the career she didn't pursue, the dreams she's locked away, the empty veneer of her privilege. When the wedding weekend ends, instead of heading home to her husband and family, Kate gets on a plane and flies halfway around the world. She claims it's just going to be for a week—two max—just so she can clear her head and reconnect with her lost dreams. But the adventure doesn't go quite as planned. This provocative and gripping novel asks: Is a wife and mother allowed to have a midlife crisis? And, if she does, can she ever be forgiven? PRAISE FOR *Marriage Vacation* “*Marriage Vacation* has everything you want in a novel: fascinating characters, drama, secrets, emotional reckonings, and far-flung adventure. If you love *Younger*, you'll love this book. If you've never watched an episode of *Younger* (you should change that), you'll still love this book. And just wait until you read page 58!” —Darren Star, creator of *Sex and The City* and *Younger* “This brilliant romp helps us understand why Liza was so excited to discover the manuscript, how any woman could leave the dreamy Charles, and what exactly Pauline—by way of her fictional alter ego, Kate Carmichael—did on that mysterious *Marriage Vacation*. Pack this heartfelt, insightful, funny, sexy book when you take a vacation of your own.” —Pamela Redmond Satran, author of *Younger*

The Miseducation of Henry Cane Charles Brooks,2019-08-06 A stunning coming-of-age novel about one young man's eye-opening sexual awakening at the hands of an intriguing older woman. Henry Cane knows exactly what he's going to do with the rest of his life. That's the problem. Born into the rarefied world of Manhattan wealth and privilege, after graduating from Princeton, Henry is about to start his perfectly planned out life. He's always known he will move back to Manhattan and be groomed to take over his father's publishing business. He's destined to date a string of appropriate girls until he dates the most appropriate girl and asks her to marry him. It's all so awfully tedious. But Henry's been given eight weeks to do something else, to be an entirely different person. When his parents leave him alone in their Sag Harbor estate for the summer, Henry embarks on a double life as Joe, a blue collar fisherman on the other side of the bay. Once ensconced in his fake identity, he finds himself entangled in an affair with an alluring, older European woman—who happens to be married. As he becomes more and more infatuated with her, their affair threatens to unravel his tightly wound story, and could jeopardize his entire future. This is the story of a boy becoming a man, shaped by the hands of women who truly control the narrative.

The Art of Caring Leadership Heather R Younger,2021-04-13 If your people know you care about them, they will move mountains. Employee engagement and loyalty expert Heather Younger outlines nine ways to manifest the radical power of caring support in the workplace. Here's the thing: most leaders think of themselves as caring leaders, but not all of them act in alignment with what that means for employees. Leaders may not be able to identify the level of care they are extending to their employees, but all employees intuitively know whether their bosses or managers are caring for them. Heather Younger argues that if you are looking for increased productivity, customer satisfaction, or employee engagement, you need to care for your employees first. Genuinely caring for people means that you want to see them succeed for themselves, not just for what they can do for you, your team, or your organization. This book incorporates ten sections with breakout stories and interviews that outline the necessary steps to make all employees feel included and cared for, as well as a call to action for all leaders. Younger states that leaders who have the positive power to change the lives of those they lead shouldn't just want to care for them; they should see it as imperative for the success of their employees and their organization.

The Last Hurrah of the James-Younger Gang Robert Barr Smith,2001 So small it had only one bank, so quiet no citizens carried guns. Hard-working, peaceful Northfield, Minnesota, was an orderly yet busy mill-town in the heart of prosperous farm country. On a serene autumn Tuesday in 1876, local shopkeepers, farmers, and citizenry went about their normal routines, little realizing that the infamous and deadly James-Younger gang had designs on tiny Northfield. The experienced robbers planned to target the single bank, which held the hard-earned money of the townsfolk. Jesse and Frank James and the Younger brothers had never experienced defeat. During a wild gun battle that raged between the outlaws and the bankmen up and down the town's main street, two unarmed townsfolk were murdered. Northfield's angered populace fought back. The townspeople killed two members of the James-Younger gang and wounded several more. The remaining bandits fled but were pursued across southwestern Minnesota by a posse that gradually grew to more than a thousand men. In *Last Hurrah of the James-Younger Gang*, Robert Barr Smith debunks the James-Younger Robin Hood image and shows that the real heroes of the Northfield raid were the ordinary people--the bankers who protected their depositors at their own risk, the townspeople who pitched

in to chase the gang from town, and the posse members who pursued and triumphed over the retreating remnants of the gang.

Babes in Captivity Pamela Redmond Satran,2010-05-11 They've satisfied their biological clocks. They met six years ago in a mom's group. Deirdre, Juliette, Anne, and Lisa are each living The Dream in the suburbs outside of New York City: beautiful wedding, big house, picture perfect family. What more could a woman want? Plenty, though none of them has ever admitted it. Out loud, anyway. It all starts with Deirdre....When she learns that her ex-lover, musician Nick Ruby, has moved back East, she confides in her girlfriends that she regrets her lost singing career, and her lost love affair with Nick. And since there doesn't seem to be a what's next in her life, she's more than a little curious about what if...? So what's that ticking sound? Deirdre's confession -- and her plan to revive her dreams and make them reality -- has a startling ripple effect. It turns out none of the four is as happy as she seems: Anne fears her marriage is in jeopardy. Juliette desperately wants to have another baby but can't. And Lisa's facing decisions that her life -- literally -- depends on. The doors swing wide when these babes start breaking out...but at what price? There's no satisfaction guarantee for any one of them, but taking chances together sure beats going it alone.

In this moving collection, forty-one famous women write letters to the women they once were, filled with advice and insights they wish they had had when they were younger. Today show correspondent Ann Curry writes to herself as a rookie reporter in her first job, telling herself not to change so much to fit in, urging her young self, "It is time to be bold about who you really are." Country music superstar Lee Ann Womack reflects on the stressed-out year spent recording her first album and encourages her younger self to enjoy the moment, not just the end result.
