One can use this book as a study guide, knowledge test questions bank, practice test kit, quiz book, trivia questions . . . etc. The strategy used in this book is the same as that which mothers and grandmothers have been using for ages to induce kids in the family to sip more soup (or some other nutritious drink). The children are told that some cherries (their favourite noodles or cherries) are hidden somewhere in the bowl, and that serves as an incentive for drinking the soup. In joint

families, by the time the children are old enough to know the trick played by their grandma, there is usually another group of kids ready to fall for it! They excite the kids, but the real nutrition lies not in the noodles but in the soup. The problems given in this book are like those noodles/cherries while solving all these problems are nutritious soup. Now it is your choice to drink the nutritious soups or not!!!

Private Equity Carrie Sun,2024-02-13 Named a most-anticipated book of 2024 by NPR.org, Oprah Daily, Town & Country, The Millions, Financial Times, and more. A gripping memoir of one woman's self-discovery inside a top Wall Street firm, and an urgent indictment of privilege, extreme wealth, and work culture When we meet Carrie Sun, she can't shake the feeling that she's wasting her life. The daughter of Chinese immigrants, Carrie excelled in school, graduated early from MIT, and climbed the corporate ladder, all in pursuit of the American dream. But at twenty-nine, she's left her analyst job, dropped out of an MBA program, and is trapped in an unhappy engagement. So when she gets the rare opportunity to work at one of the most prestigious hedge funds in the world, she knows she can't say no. Fourteen interviews later, she's in. Carrie is the sole assistant to the firm's billionaire founder. She manages his work life, becoming the right hand to an investor who can move mountains and markets with a single phone call. Eager to impress, she dives headfirst into the firm's culture, which values return on time above all else. A luxury-laden world opens up for her, and Carrie learns that money can solve nearly everything.

Playing the game at the highest levels, amid the ultimate winners in our winner-take-all economy, Carrie soon finds her identity swallowed whole by work. With her physical and mental health deteriorating, she begins to rethink what it actually means to waste one's life. A searing examination of our relationship to work, Carrie's story illuminates the struggle for balance in a world of extremes: efficiency and excess, status and aspiration, power and fortune. *Private Equity* is a universal tale of self-invention from a dazzling new voice, daring to ask what we're willing to sacrifice to get to the top—and what it might take to break free and leave it all behind.

Silent Parade Keigo Higashino, 2021-12-14 With its stopwatch timing, locked-room murder and perplexing abundance of alibis.... Readers are in store for plenty of surprises. —Wall Street Journal Detective Galileo, Keigo Higashino's best loved character from *The Devotion of Suspect X*, returns in *Silent Parade*, a complex and challenging mystery—several murders, decades apart, with no solid evidence. A popular young girl disappears without a trace, her skeletal remains discovered three years later in the ashes of a burned out house. There's a suspect and compelling circumstantial evidence of his guilt, but no concrete proof. When he isn't indicted, he returns to mock the girl's family. And this isn't the first time he's been suspected of the murder of a young girl, nearly twenty years ago he was tried and released due to lack of evidence. Detective Chief Inspector Kusanagi of the Homicide Division of the Tokyo Police worked both cases. The neighborhood in which the murdered girl lived is famous for an annual street festival, featuring a parade with entries from around Tokyo and Japan. During the parade, the suspected

killer dies unexpectedly. His death is suspiciously convenient but the people with all the best motives have rock solid alibis. DCI Kusanagi turns once again to his college friend, Physics professor and occasional police consultant Manabu Yukawa, known as Detective Galileo, to help solve the string of impossible-to-prove murders.

Remembered Diana Leston, 2019-06-07 A top-secret international military organization, known only as ROOT works from the shadows to protect the delicate balance of world peace. With eighty hidden bases and thousands of gifted agents in their employ, ROOT is an unstoppable force. Agent Wraith is a human with a very special and unique gift. As a reincarnated priestess, she can use her spiritual powers to track the souls of those that she has previously come in contact with. Wraith lives for her work and has become the youngest team leader in the Reconnaissance Department. Assigned to use her special powers to pursue a rogue colleague, codenamed Sleeper, she sets out alone to capture him. Agent Fang is a modern-day werewolf that has worked for ROOT for over fifty years. Gifted with an incredibly long lifespan and an accelerated healing factor, he has the appearance of a thirty-year-old man although he is over five-hundred. Recently assigned to cover Wraith from the shadows, he realizes that she is eerily familiar to him... a little too familiar. Her appearance and scent is one that he'd never encountered before. But, her soul is reminiscent of a woman's that he had once so desperately loved and lost, and it instantly awakens the beast within. This work contains sexually explicit scenes between consenting adults, descriptive violence, and foul language. R.O.A.L Series Synopsis Enter a world of supernatural fantasy set in a modern-day, fast-paced setting. ROOT, a secret organization that does not align itself with any of the world's many

governments, is a militant group comprised of spies, soldiers, scientists, doctors, hackers, and assassins. Specializing in finding gifted beings to join their ranks, ROOT employs their assistance to aid in their global mission of protecting world peace. There are over eighty secret bases spread throughout the world and thousands of sleeper agents posing as simple civilians within ‘normal’ everyday societies. Upon signage with ROOT, the real-world identities of each agent are erased from society, effectively making them ghosts of people who never were, true remnants of another life. And only the most elite of agents make up departmental specialty teams units — enter ROOT’s infamous Reconnaissance Alpha Team. The Remnants Of Another Life series combines elements of Mission Impossible and X-Men with a heavy dose of smoldering romance tightly woven in-between. Missions are fast-paced, dangerous, and often violent. Agent off time is often humorous, and character reflective. Take the journey with agents Wraith and Fang as they try to navigate through their complicated relationship in a world where antagonists usually have the best intentions and the decisions to ‘harm to protect’ usually come with an unsettling moral price. In the ROAL world, nothing is ever clearly black or white and like reality, peace never seems to last for very long. REVIEWS “I’m SO excited that you’re making this a series! I almost thought the ending was abrupt, but it all makes sense now! But I can’t wait to read about upcoming ROOT adventures and relationship developments! I look forward to your future installments and shall be waiting patiently! Thank you for taking the time to write this and sharing it with us!” —Ashley B., Reader. “Your story is very thrilling and exciting to read, I haven’t read such a good story set in the modern era for a very long time and your setting is fantastic, it reminds me a bit of James Bond! I love the action and interaction its gives the story a

nice flow. Looking greatly forward to your next update to see what happens next..." —Anonymous, Reader. "God, I love this story!" —Brittany Perry, Reader.
