

Yuuka Kazami

Thomas P. Kasulis

Forbidden Scrollery, Vol. 2 Moe Harukawa, 2018-03-27 In the mystic realm of Gensokyo, library worker Kosuzuna awakens to her ability to read demon books. This volume crosses over with the games Double Dealing Character and Hopeless Masquerade of the Japanese hit franchise, Touhou!

Forbidden Scrollery, Vol. 1 ZUN, 2017-11-21 Where else would a girl with the power to translate any tome she sets in her lap reside except a library? Sure, some books may be more dangerous than others, but that's far from discouragement for a true bibliophile like Kosuzu Motoori!

Phantom Maury Yeston, Arthur Kopit, 1992 30m, 7f, plus ensemble (doubling possible.) / Ints./exts. This mesmerizing Phantom is traditional musical theatre in the finest sense. The Tony award winning authors of Nine have transformed Gaston Leroux' The Phantom of the Opera into a sensation that enraptures audiences and critics with beautiful songs and an expertly crafted book. It is constructed around characters more richly developed than in any other version, including the original novel. Everything is first rate. - N.Y. Daily News

Leviathan Scott Westerfeld, 2009-10-06 The first novel in a masterful trilogy by #1 New York Times bestselling author Scott Westerfeld that School Library Journal hailed is sure to become a classic. It is the cusp of World War I. The Austro-Hungarians and Germans have their Clankers, steam-driven iron machines loaded with guns and ammunition. The British Darwinists employ genetically fabricated animals as their weaponry. Their Leviathan is a whale airship, and the most masterful beast in the British fleet. Aleksandar Ferdinand, a Clanker, and Deryn Sharp, a Darwinist, are on opposite sides of the war. But their paths cross in the most unexpected way, taking them both aboard the Leviathan on a fantastical, around-the-world adventure...One that will change both their lives forever.

Fugitive Six Pittacus Lore, 2018-06-26 This sequel to Pittacus Lore's Generation One is the second book in an epic new series set in the world of the #1 New York Times bestselling I Am Number Four series. Newcomers as well as fans of the original series will devour this fast-paced, action-packed sci-fi adventure that's perfect for fans of Marvel's X-Men, Alexandra Bracken's Darkest Minds trilogy, and Tahereh Mafi's Shatter Me series. The Human Garde Academy was created in the aftermath of an alien invasion of Earth. It was meant to provide a safe haven for teens across the globe who were suddenly developing incredible powers known as Legacies. Taylor Cook was one of the newest students and had no idea if she'd ever fit in. But when she was mysteriously abducted, her friends broke every rule in the book to save her. In the process, they uncovered a secret organization that was not only behind Taylor's kidnapping but also the disappearance of numerous teens with abilities. An organization that has dark roots in the Loric's past, untold resources, and potentially even a mole at their own school. Now these friends, who have become known to other students as the "Fugitive Six," must work together to bring this mysterious group to an end before they can hurt anyone else.

The Flower and the Spirit Frederika Macdonald, 1887

Shinto Thomas P. Kasulis, 2004-08-31 Nine out of ten Japanese claim some affiliation with Shinto, but in the West the religion remains the least studied of the major Asian spiritual traditions. It is so interlaced with Japanese cultural values and practices that scholarly studies usually focus on only one of its dimensions: Shinto as a nature religion, an imperial state religion, a primal religion, or a folk amalgam of practices and beliefs. Thomas Kasulis' fresh approach to Shinto explains with clarity and economy how these different aspects interrelate. As a philosopher of religion, he first analyzes the experiential aspect of Shinto spirituality underlying its various ideas and practices. Second, as a historian of Japanese thought, he sketches several major developments in Shinto doctrines and institutions from prehistory to the present, showing how its interactions with Buddhism, Confucianism, and nationalism influenced its expression in different times and contexts. In Shinto's idiosyncratic history, Kasulis finds the explicit interplay between two forms of spirituality: the existential and the essentialist. Although the dynamic between the two is particularly striking and accessible in the study of Shinto, he concludes that a similar dynamic may be found in the history of other religions as well. Two decades ago, Kasulis' Zen Action/Zen Person brought an innovative understanding to the ideas and practices of Zen Buddhism, an understanding influential in the ensuing decades of philosophical Zen studies. Shinto: The Way Home promises to do the same for future Shinto studies.

Endless Game Gengoroh Tagame, 2013 Gengoroh Tagame in English! Gengoroh Tagame is one of the stars of manga. His stories are among the best in this genre and until recently have only been published in Japanese. Bruno Gmnder is pleased to publish two of them in English for audiences around the globe.

Shadow Of Magic June Leung, It is now or never. Maybe Lia has magic, those who want her dead also have it. She can try to get ready for the battle to come, but how much preparation is enough? She can fight, but what is she fighting against? For her life? To snap out of the past that won't let go? Before people she cares about are dead? There is no hiding, everything will go full circle. Nothing can be hidden forever. Ready for an action-packed urban fantasy story with a slow-burn romantic subplot that fans of The Dresden Files and Jessica Jones will love? The snarky and fun characters are waiting for you. One-click to continue this exciting urban fantasy fiction series today!

A Medicine for Melancholy and Other Stories Ray Bradbury, 2013-04-30 Ray Bradbury is a painter who uses words rather than brushes--for he created lasting visual images that, once observed, are impossible to forget. Sinister mushrooms growing in a dank cellar. A family's first glimpse at Martians. A wonderful white vanilla ice-cream summer suit that changes everyone who wears it. A great artist drawing in the sand on the beach. A clunky contraption made out of household implements to help some kids play a game called Invasion. The most marvelous Christmas display a little boy ever saw. All those images and many more are inside this book, a new trade edition of thirty-one of Bradbury's most arresting tales--timeless short fiction that ranges from the farthest reaches of space to the innermost stirrings of the heart. Ray Bradbury is known worldwide as one of the century's great men of imagination. Here are thirty-one reasons why. Ray Bradbury is a painter who uses words rather than brushes--for he created lasting visual images that, once observed, are impossible to forget. Sinister mushrooms growing in a dank cellar. A family's first glimpse at Martians. A wonderful white vanilla ice-cream summer suit that changes everyone who wears it. A great artist drawing in the sand on the beach. A clunky contraption made out of household implements to help some kids play a game called Invasion. The most marvelous Christmas display a little boy ever saw. All those images and many more are inside this book, a new trade edition of thirty-one of Bradbury's most arresting tales--timeless short fiction that ranges from the farthest reaches of space to the innermost stirrings of the heart. Ray Bradbury is known worldwide as one of the century's great men of imagination. Here are thirty-one reasons why.

Silvermist and the Ladybird Curse, 2007

Protectors and Predators Bernard Faure, 2015-12-31 Written by one of the leading scholars of Japanese religion, Protectors and Predators is the second installment of a multivolume project that promises to be a milestone in our understanding of the mythico-ritual system of esoteric Buddhism--specifically the nature and roles of deities in the religious world of medieval Japan and beyond. Bernard Faure introduces readers to medieval Japanese religiosity and shows the centrality of the gods in religious discourse and ritual. Throughout he engages theoretical insights drawn from structuralism, post-structuralism, and Actor-Network Theory to retrieve the "implicit pantheon" (as opposed to the "explicit orthodox pantheon") of esoteric Japanese Buddhism (Mikkyō). His work is particularly significant given its focus on the deities' multiple and shifting representations, overlappings, and modes of actions rather than on individual characters and functions. In Protectors and Predators Faure argues that the "wild" gods of Japan were at the center of the medieval religious landscape and came together in complex webs of association not divisible into the categories of "Buddhist," "indigenous," or

“Shinto.” Furthermore, among the most important medieval gods, certain ones had roots in Hinduism, others in Daoism and Yin-Yang thought. He displays vast knowledge of his subject and presents his research—much of it in largely unstudied material—with theoretical sophistication. His arguments and analyses assume the centrality of the iconographic record as a complement to the textual record, and so he has brought together a rich and rare collection of more than 170 color and black-and-white images. This emphasis on iconography and the ways in which it complements, supplements, or deconstructs textual orthodoxy is critical to a fuller comprehension of a set of medieval Japanese beliefs and practices and offers a corrective to the traditional division of the field into religious studies, which typically ignores the images, and art history, which oftentimes overlooks their ritual and religious meaning. Protectors and Predators and its companion volumes should persuade readers that the gods constituted a central part of medieval Japanese religion and that the latter cannot be reduced to a simplistic confrontation, parallelism, or complementarity between some monolithic teachings known as “Buddhism” and “Shinto.” Once these reductionist labels and categories are discarded, a new and fascinating religious landscape begins to unfold.

Things I Keep Under My Bed Ally Peek,2015-11-06 In Ally Peek's eccentric coming of age anthology, she emerges with the young voice to haunt you for centuries. At a ripe 16, this first collection is bound for great heights.

Behemoth Scott Westerfeld,2011-08-09 Continues the story of Austrian Prince Alek who, in an alternate 1914 Europe, eludes the Germans by traveling in the Leviathan to Constantinople, where he faces a whole new kind of genetically-engineered warship.
