**All New People** Zach Braff, 2012-02-22 All New People is a slick, lively and contemporary comedy written by award-winning screenwriter and well-known actor Zach Braff. The dead of winter, Long Beach Island, New Jersey, Charlie, has hit rock bottom. Away from the rest of the world, this perfect escape is interrupted by a motley parade of misfits who show up and change his plans. A hired beauty, a fireman, and an eccentric British real estate agent desperately trying to stay in the country all suddenly find themselves tangled together in a beach house where the mood is anything but sunny. This pithy piece portrays a scenario of attempted suicide with mordant humour, where a basis of social alienation leads to unexpected connections. The richly-drawn characters are quick-witted and narcissistic yet self-aware and the dialogue is fluid and witty. All New People is centred around a clever concept which works as a catalyst for both angst-fuelled scrutiny and morbid humour.

**Theater Geek** Mickey Rapkin, 2010-06-01 What do Natalie Portman, Robert Downey, Jr., Zach Braff, and Mandy Moore have in common? Before they were stars, they were campers at Stagedoor Manor, the premier summer theater camp for children and teenagers. Founded in 1975, Stagedoor continues to attract scores of young performers eager to find kindred spirits, to sing out loud, to become working actors—or maybe even stars. Every summer for the past thirty-five years, a new crop of campers has come to the Catskills for an intense, often wrenching introduction to professional theater. (The camp produces thirteen full-scale productions during each of its three sessions.) These kids come from varying backgrounds—the offspring of Hollywood players from Nora Ephron to Bruce Willis work alongside kids on scholarship. Some campers have agents, others are seeking representation. When Mickey Rapkin, a senior editor at GQ and self-proclaimed theater fanatic, learned about this place, he fled Manhattan for an escape to upstate New York. At Stagedoor, he tracked a trio of especially talented and determined teen actors through their final session at camp. Enter Rachael Singer, Brian Muller, and Harry Katzman, three high school seniors closing out their sometimes sheltered Stagedoor experiences and graduating into the real world of industry competition and rejection. These veteran campers—still battling childhood insecurities, but simultaneously searching for that professional gig that will catapult them to fame—pour their souls into what might be their last amateur shows. Their riveting stories are told in Theater Geek, an eye-opening, laugh-out-loud chronicle full of drama and heart, but also about the business of training kids to be professional thespians and, in some cases, child stars. (The camp has long acted as a farm system for Broadway and Hollywood, attracting visits from studio executives and casting directors.) Via original interviews with former and current campers and staff—including Mandy Moore, Zach Braff, and Jon Cryer—Rapkin also recounts Stagedoor Manor's colorful, star-studded history: What was Natalie Portman's breakout role as a camper? What big-time Hollywood director, then barely a teenager, dated a much older Stagedoor staff member? Why did Courtney Love (at Stagedoor visiting her daughter) get into an argument with a hot dog vendor who had set up shop at the camp? Theater Geek leads readers through the triumphs and tragedies of the three senior campers' final summer in an absorbing, thought-provoking narrative that reveals the dynamic and inspiring human beings who populate this world. It also explores what the proliferation of theater camps says about our celebrity-obsessed youth and our most basic but vital need to fit in. Through the rivalry, heartbreak, and joy of one summer at Stagedoor Manor, Rapkin offers theater geeks of all ages a dishy, illuminating romp through the lives of serious child actors. Rich, insightful, and thoroughly entertaining, Theater Geek pulls back the curtain on an elite and intriguing world to reveal what's really at its core: children

who simply love to perform.

*Movie-Made Jews* Helene Meyers, 2021-09-17 *Movie-Made Jews* focuses on a rich, usable American Jewish cinematic tradition. This tradition includes fiction and documentary films that make Jews through antisemitism, Holocaust indirection, and discontent with assimilation. It prominently features the unapologetic assertion of Jewishness, queerness, and alliances across race and religion. Author Helene Meyers shows that as we go to our local theater, attend a Jewish film festival, play a DVD, watch streaming videos, Jewishness becomes part of the multicultural mosaic rather than collapsing into a generic whiteness or being represented as a life apart. This engagingly-written book demonstrates that a Jewish movie is neither just a movie nor for Jews only. With incisive analysis, *Movie-Made Jews* challenges the assumption that American Jewish cinema is a cinema of impoverishment and assimilation. While it's a truism that Jews make movies, this book brings into focus the diverse ways movies make Jews.

*Superfandom: How Our Obsessions are Changing What We Buy and Who We Are* Zoe Fraade-Blannar, Aaron M.

Glazer, 2017-03-21 An in-depth look at the influence of fans—society's alpha consumers—on our lives and culture. As fandom sheds its longtime stigmas of geekiness and hysteria, fans are demanding more from the celebrities and brands they love. Digital tools have given organizations—from traditional businesses to tech startups—direct, real-time access to their most devoted consumers, and it's easy to forget that this access flows both ways. This is the new "fandom-based economy": a convergence of brand owner and brand consumer. Fan pressures hold more clout than ever before as audiences demand a say in shaping the future of the things they love. In *Superfandom*, Zoe Fraade-Blannar and Aaron M. Glazer explain this new era of symbiosis. For producers, it can mean a golden opportunity: brands such as Polaroid and Surge, preserved by the passion of a handful of nostalgic fans, can now count on an articulate, creative, and, above all, loyal audience. Yet, the new economy has its own risks—it's also easier than ever for companies to lose their audience's trust, as Valve did when it tried to introduce a paid mod system for its *Skyrim* video game. Examining key cases that span a wide range of consumer markets, Fraade-Blannar and Glazer explain why some kinds of engagement with fans succeed and some backfire. Throughout, the authors probe fandom's history, sociology, and psychology. From the nineteenth-century American Alice Drake, who bribed her way into the houses of her favorite European composers, to Hatsune Miku, the Japanese virtual celebrity whose songs are composed entirely by fans, the dynamics of fandom—the activities we perform to show we belong to a group of people with common interests—may be as old as culture itself. For groupies of financier Warren Buffet and enthusiasts of *Cards Against Humanity* alike, the consumer relationship has been transformed. *Superfandom* is an essential guide for those who care about, contribute to, and live in our rapidly expanding fan-driven economy.

**Shit, Actually** Lindy West, 2020-10-20 One of the Best Books of 2020 by NPR's Book Concierge \*\*Your Favorite Movies, Re-Watched\*\* New York Times opinion writer and bestselling author Lindy West was once the in-house movie critic for Seattle's alternative newsweekly *The Stranger*, where she covered film with brutal honesty and giddy irreverence. In *Shit, Actually*, Lindy returns to those roots, re-examining beloved and iconic movies from the past 40 years with an eye toward the big questions of our time: Is *Twilight* the horniest movie in history? Why do the zebras in *The Lion King* trust Mufasa-WHO IS A LION-to look out for their best interests? Why did anyone bother making any more movies after *The Fugitive* achieved perfection? And, my god, why don't any of the women in *Love, Actually* ever fucking talk?!?! From *Forrest Gump*, *Honey I Shrunk the Kids*, and *Bad Boys II*, to *Face/Off*, *Top Gun*, and *The Notebook*, Lindy combines her razor-sharp wit and trademark humor with a genuine adoration for nostalgic trash to shed new critical light on some of our defining cultural touchstones—the stories we've long been telling ourselves about who we are. At once outrageously funny and piercingly incisive, *Shit, Actually* reminds us to pause and ask, How does this movie hold up?, all while teaching us how to laugh at the things we love without ever letting them or ourselves off the hook. *Shit, Actually* is a love letter and a break-up note all in one: to the films that shaped us and the ones that ruined us. More often than not, Lindy finds, they're one and the same.
