Translating Controversial Texts in East Asian Contexts Adam Zulawnik,2022-06-24 Zulawnik focuses on the broad concept of 'controversy' and issues pertaining to the translation of politically and historically controversial texts in East Asia. The research methodology is exemplified through a case study in the form of the author's translation of the best-selling Japanese graphic novel (manga) *Manga Kenkanryū* (Hate Hallyu: The Comic) by Sharin Yamano (2005), a work that has been problematised as an attack on South Korean culture and the Korean Wave. Issues analysed and discussed in the research include translation risk, ethics, a detailed methodology for the translation of so-called controversial texts exemplified through numerous thematically divided examples from the translation of the chosen Japanese text, as well as examples from a Korean language equivalent (*Manhwa Hyeomillyu* – Hate Japanese Wave), and definition and contextualisation of the concept of 'controversy'. There has been limited research in the field of translation studies, which seeks to exemplify potential pragmatic approaches for the translation of politically-charged texts, particularly in multi-modal texts such as the graphic novel. It is hoped that Zulawnik's research will serve both as a valuable source when examining South Korea-Japan relations and a theoretical and methodological base for further research and the development of an online augmented translation space with devices specifically suited for the translation of multi-modal texts such as – but not limited to – graphic novels and visual encyclopaedias.

Japanese Women, Class and the Tea Ceremony Kaeko Chiba,2010-09-13 This book examines the complex relationship between class and gender dynamics among tea ceremony (chadō) practitioners in Japan. Focusing on practitioners in a provincial city, Akita, the book surveys the rigid, hierarchical chadō system at grass roots level. Making critical use of Bourdieu's idea of cultural capital, it explores the various meanings of chadō for Akita women and argues that chadō has a cultural, economic, social and symbolic value and is used as a tool to improve gender and class equality. Chadō practitioners focus on tea procedure and related aspects of chadō such as architecture, flower arranging, gardening and pottery. Initially, only men were admitted to chadō; women were admitted in the Meiji period (1868-1912) and now represent the majority of practitioners. The author - a chadō practitioner and descendant of chadō teachers - provides a thorough, honest account of Akita women based on extensive participant observation and interviews. Where most literature on Japan focuses on metropolitan centres such as Kitakyushu and Tokyo,

this book is original in both its subject and scope. Also, as economic differences between metropolitan and non-metropolitan areas have become more pronounced, it is timely to explore the specific class and gender issues affecting non-metropolitan women. This book contributes not only to the ethnographic literature on chadō and non-metropolitan women in Japan, but also to the debates on research methodology and the theoretical discussion of class.

The Samurai's Garden Gail Tsukiyama, 2008-06-24 The daughter of a Chinese mother and a Japanese father, Gail Tsukiyama's *The Samurai's Garden* uses the Japanese invasion of China during the late 1930s as a somber backdrop for this extraordinary story. A 20-year-old Chinese painter named Stephen is sent to his family's summer home in a Japanese coastal village to recover from a bout with tuberculosis. Here he is cared for by Matsu, a reticent housekeeper and a master gardener. Over the course of a remarkable year, Stephen learns Matsu's secret and gains not only physical strength, but also profound spiritual insight. Matsu is a samurai of the soul, a man devoted to doing good and finding beauty in a cruel and arbitrary world, and Stephen is a noble student, learning to appreciate Matsu's

generous and nurturing way of life and to love Matsu's soulmate, gentle Sachi, a woman afflicted with leprosy.

On the other side of the planet, Goku awakens from within his healing capsule and streaks to the battlefield to turn the tide. But even in his final, supposedly deadliest form, Freeza has an ace up his sleeve... -- VIZ Media
