Israel Keats

Zephyr Takes Flight Steve Light, 2012 When a little girl who loves planes is sent to her bedroom for doing a loop-de-loop off the couch, she finds a secret door leading to a room filled with real flying machines and sets off on an exciting adventure.

Zephyr Henry Kisor, 2015-03-31 Whether dashing through the Plains, creeping over the Rockies, hurtling across the Great Basin, or threading the Sierra Nevada, the California Zephyr is an earthbound cruise ship bearing as many as 300 passengers, each with a story to tell over the train's 51-hour run from Chicago to San Francisco Bay. Veteran journalist and novelist Henry Kisor climbs aboard and introduces us to the men and women who ride the rails—some out of restlessness, some as a hobby, some seeking love and friendship. There are also the resourceful train crew, who tell tales of dog-robbing supplies in the yards, of coping with medical emergencies en route, and of keeping their good humor. Fans of Henry Kisor's mystery novels and other nonfiction books will find him to be an affable traveling companion. As we head westward with him, Zephyr becomes a personal journey into the heart of America. This new 2015 edition brings up to date the original 1994 hardcover, and includes scores of new photographs. An indispensable traveler's aid, the New York Times Book Review called it.

Zephyr: Taming the Tempest Zoovi & Vanae, 2021-09-07 Divided in two parts, Zephyr talks about our demons pulling us down and then rising from the ruins, carrying our scars on skin like a prize. The 2 writers bound their words in poetry for the broken and anguished; for the healing and for the ones growing.

Break 'Em Up Zephyr Teachout, 2020-07-28 [We need] a grassroots, bottom-up movement that understands the challenge in front of us, and then organizes against monopoly power in communities across this country. This book is a blueprint for that organizing. In these pages, you will learn how monopolies and oligopolies have taken over almost every aspect of American life, and you will also learn about what can be done to stop that trend before it is too late. —From the foreword by Bernie Sanders. A passionate attack on the monopolies that are throttling American democracy. Every facet of American life is being overtaken by big platform monopolists like Facebook, Google, and Bayer (which has merged with the former agricultural giant Monsanto), resulting in a greater concentration of wealth and power than we've seen since the Gilded Age. They are evolving into political entities that often have more influence than the actual government, bending state and federal legislatures to their will and even creating arbitration courts that circumvent the US justice system. How can we recover our freedom from these giants? Anti-corruption scholar and activist Zephyr Teachout has the answer: Break 'Em Up. This book is a clarion call for liberals and leftists looking to find a common cause. Teachout makes a compelling case that monopolies are the root cause of many of the issues that today's progressives care about; they drive economic inequality, harm the planet, limit the political power of average citizens, and historically-disenfranchised groups bear the brunt of their shameful and irresponsible business practices. In order to build a better future, we must eradicate monopolies from the private sector and create new safeguards that prevent new ones from seizing power. Through her expert analysis of monopolies in several sectors and their impact on courts, journalism, inequality, and politics, Teachout offers a concrete path toward

thwarting these enemies of working Americans and reclaiming our democracy before it's too late.

Death Rides the Zephyr Janet Dawson, 2020-08-26 December 23, 1952. A transcontinental train is stopped cold by a rockslide in a remote Colorado canyon. There's a murderer aboard, one who has already killed, and will kill again unless stopped. The California Zephyr, with its run from Oakland to Chicago and back, was famous for its Vista-Domes, which provided a 360-degree view of spectacular Western scenery. It was a kind of small city populated by passengers from all walks of life and a large crew whose duty it was to keep them safe. Zephyrette Jill McLeod is the passengers' primary point of contact. She's armed for any emergency—with a first-aid kit, a screwdriver, and her knowledge of human nature. But can she figure out a ruthless killer's clever plot in time?

Corruption in America Zephyr Teachout, 2014-09-15 When Louis XVI gave Ben Franklin a diamond-encrusted snuffbox, the gift troubled Americans: it threatened to corrupt him by clouding his judgment. By contrast, in 2010 the Supreme Court gave corporations the right to spend unlimited money to influence elections. Zephyr Teachout shows that Citizens United was both bad law and bad history.

Burlington's Zephyrs Karl Zimmerman, This authoritative, illustrated history of the Zephyr fleet examines the trains, their motive power and landmark streamlined designs, rolling stock (including the Vista-Dome, generally considered the first successful dome car), and services. Dozens of black-and-white archival images and period color photographs depict Zephyrs along routes throughout the Midwest, Rocky Mountains, Pacific Coast, and Texas, as well as Burlington uniforms, dinnerware, stations and terminals, and interior views of cars. In the process, the book provides a dramatic visual account of train travel's decline throughout the century. Also featured are period advertisements, and route maps, timetables, and menus.

The Wreck of the Zephyr Chris Van Allsburg, 1983

The Wreck of the Zephyr , 1983 At the edge of a cliff lies the wreck of a

small sailboat. How did it get there? Waves carried it up in a storm, says an old sailor. But is it possible that waves could ever get that high? There is another story -- the story of a boy and his obsessive desire to be the greatest sailor, the story of a storm that carried the boy and his boat to a place where boats glide like gulls high above the water and not upon it. Chris Van Allsburg tells that story of the boy and his boat, the Zephyr, in words and haunting, full-color pastel paintings. His sailboats sail the night sky with the stars in pictures so vivid that the reader can almost hear the wind in the sails. Here is a work of unusual artistry that will enchant readers of all ages for many years to come.

Zephyr Auke Hulst, 2023-04-21 Zephyr van Auke Hulst is het eerste deel in de serie Spoorslag en een memoir en beschouwing ineen van een treinreis dwars door het Amerikaanse binnenland. Van Chicago Illinois naar Emeryville, Californië. Zephyr van Auke Hulst is het eerste deel van de prachtige nieuwe Spoorslag-reeks. Een memoir en beschouwing ineen, van de hand van een van de beste reisschrijvers van Nederland: Auke Hulst. Drieënvijftig uur, zo lang doet de California Zephyr erover om van Chicago, Illinois, te rijden naar Emeryville, Californië, een voorstadje van San Francisco. Het is een treinreis dwars door het Amerikaanse binnenland: de maïsvelden van Iowa, de Rocky Mountains, de leegte van Nevada en de toppen van de Sierra Nevada. De Zephyr, wat westenwind betekent, voert schrijver Auke Hulst langs adembenemende landschappen, maar het is een reis die ook tot nadenken stemt: over de wereld vóór en na corona, over het Amerika dat er was, is en dat het dreigt te worden, over een leven dat nooit meer hetzelfde kan zijn. Want vallen de verschroeiende hitte, de kritieke waterstand van de Colorado River en de frictie aan boord die wordt veroorzaakt door materiaal- en personeelstekort te negeren? En hoe nu te kijken naar Hulsts laatste reis vóór corona, met een luxetrein door Tanzania en Zambia, terwijl nieuws doorsijpelde over een nieuw virus?

However, Zephyr finds that the Dark Forces have unleashed a deadly magic-sapping plague that has taken hold of Crystotopia. Including the fire wizard, Cor, the talking falcon, Scorn, and the healer, Little Herb, Zephyr sets out on a quest with her friends. Zephyr Andrew Cooke, 2020-09-02 Book Delisted

The Wreck Of The Zephyr Chris Van Allsburg, 2013-11-05 In 1983, beloved Caldecott-winning illustrator, Chris Van Allsburg, first invited readers to peer over the edge of a cliff to consider the wreck of a small sailboat. Had a churning sea carried the Zephyr up in a storm? Could waves ever have been so impossibly high? And what of the boy who had believed—dared to chase the wind—no matter where it lead? The winds have shifted once again and you're invited back to the wreck of the Zephyr, to hear the story of the boy and his obsession to become the world's greatest sailor, and a storm that carried them to a place where boats sail on the wind, instead of on the water. Told in spare text and haunting, full-color pastels, Chris Van Allsburg's spectral sailboats once again take impossible flight. In illustrations so vivid one can feel the whisper of wind and hear the flutter of canvas, depart this world for another to entertain the marvelous possibility of dreams. This 30th anniversary edition includes a bonus digital audio file to download, read by Chris Van Allsburg, and a stunning new cover!

The Girl Who Fell S.M. Parker, 2017-02-28 When new boy in school, Alec, sweeps Zephyr off her feet, their passionate romance takes a dangerous and possessive turn when Alec begins manipulating Zephyr--

Zephyr: Phase Four Warren Hatley, 2013-11-17 It's 2013 on the eastern seaboard of the United States. The place is Atlantic City: a sweeping longitudinal metropolis rebuilt following widespread devastation in 1984. Superhumans are not only real, they're human. All too human, as Nietzsche would say. Zephyr is a novel alt.superhero adventure influenced by postliterary writing and Sturgeon's law. The style is cynical, cinematic and systematically against standard expectations of the genre. Imagine if Bret Easton Ellis's *American Psycho* was about costumed vigilantes rather than stockbrokers and you have half an idea. Zephyr tells the story of a major, if somewhat jaded superhero in an alternate universe where New York City has been abandoned and the Beatles were a superhero team. Zephyr is a regular guy, but with powers, and it's easy to wonder if his life might have been better without them as supervillains and other problems that only superhumans can deal with derail his efforts handling life. In Phase Four, Zephyr's past sins come back to haunt him as the threat of invasion by an army of superhumans from another parallel looms large over Atlantic City. Amid the chaos, and as he is forced off-world and beyond in a quest to save all those nearest and dearest to him, Zephyr finally closes in on Arsenal and the Demoness, his mother's killers, just in time to discover everything he thought he knew about his secret past is not as it first seemed.

Zephyr Spheres and the Lost Spell (Book 2) Myles B Hibbett, 2022-05-09 Zephyr loathes her life on Earth. She wonders when she will be able to go back to the magical world of Danus and to her kingdom Crystotopia, where she is an amateur sorceress and a princess. When Zephyr's wish is fulfilled, she journeys to Danus with classmates: sarcastic Trinda Temple, energetic Brandon Longfellow, and witty Elizabeth Thompson. Together, they seek to locate a forgotten spell capable of curing any illness, sickness, or disease before it is too late to come to Crystotopia's aid. Myles B. Hibbett was born on February 5, 1983 and currently lives in Philadelphia, Pennsylvania. He is an avid fan and reader of children's

fantasy. Also, Myles has been inspired to write by a love of fairytales, and he hopes to influence children to share the same love of fairytales and fantasy that he does. Myles was guided to create Zephyr Spheres by the need for girls to be motivated by female heroines-heroes, who encounter adventure, discover the power of love, and who ultimately triumph over evil. Zephyr Spheres and the Lost Spell, is the second of five books in the Zephyr Spheres series, and is the sequel to Zephyr Spheres and the Sword of Wonders. The next set of Zephyr's endeavors will be, Zephyr Spheres and Astra's Necklace, Zephyr Spheres and the Silver Unicorn, and Zephyr Spheres and the Crystal Labyrinth.

Zephyr Phase Two Warren Hatley, 2013-11-17 It's 2012 on the eastern seaboard of the United States. The place is Atlantic City: a sweeping longitudinal metropolis rebuilt following widespread devastation in 1984. Superhumans are not only real, they're human. All too human, as Nietzsche would say. Zephyr is a novel alt.superhero adventure influenced by postliterary writing and Sturgeon's law. The style is cynical, cinematic and systematically against standard expectations of the genre. Imagine if Bret Easton Ellis's American Psycho was about costumed vigilantes rather than stockbrokers and you have half an idea. Zephyr tells the story of a major, if somewhat jaded superhero in an alternate universe where New York City has been abandoned and the Beatles were a superhero team. Zephyr is a regular guy, but with powers, and it's easy to wonder if his life might have been better without them as supervillains and other problems that only superhumans can deal with derail his efforts handling life. In Phase Two, Zephyr delves deeper into the mystery of his parentage as his secret life starts to unravel just as he is getting his New Sentinels hero group off the ground. His adventures take him from the sprawling megalopolis of Atlantic City to rural France, parallel Earths and beyond as he searches for his father, the apocalyptic Domsday Man John Lennon from the defunct superhero group The Beatles.
