Zombie Plague Geo Dell, 2009-04-11 What if the world ended tomorrow? What would you do? Would you be able to survive? The *Zombie Plagues* books follow a small group of men and women as they struggle to survive on a vastly changed earth, where the dead sometimes do not remain dead. Follow along as they try to rebuild their own lives as they rebuild their world. A great change was coming to the Earth. Catastrophe was about to change everything her people took for granted. It made some wish for death, but death was no longer a guarantee. For some death had become some other sort of life. A life they could not easily leave. Several lone survivors live through what will become the dawn of a new world. The only thing these people had in common is that they all lived in the same small city in upstate New York. Before the week was out they would be thrust together in a struggle for survival. Before the month was out those that survived would begin to seek others who had lived through the catastrophe that had blighted the Earth. Looking for ways to stay alive...

Zombie Plague Geo Dell, 2017-04-11 *Dead* contains the first four books of the *Zombie Plague* series... He came awake in the darkness, but awake wasn't precisely the term. Alive was precisely the term. He knew alive was precisely the term, because he could remember dying. He remembered that his heart had stopped in his chest. He had remembered wishing that it would start again. That bright moment or two of panic, and then he remembered beginning not to

care. It didn't matter. Nothing mattered. And he had drifted away. Now he had drifted back. But drifted was not exactly right. He had slammed back into himself where he lay on the cold subbasement floor where he had been murdered by a roving gang of thieves. And he knew those things were true because he remembered them. And he knew they were true because he was dead. He was still dead. His heart was not beating in his chest. His blood was cold and jelled in his veins. He could feel it. Some kind of new perception. He lay and watched the shadows deepen in the corners of the basement ceiling for a short time longer, and then he tried to move. His body did not want to move at first. It felt as though it weighed a ton, two tons, but with a little more effort it came away. He sat and then crawled to his knees... The first four books of Zombie Plague in one volume...

...But If a Zombie Apocalypse Did Occur Amy L. Thompson, Antonio S. Thompson, 2015-07-29 Part pop culture trope, part hypothetical cataclysm, the

zombie apocalypse is rooted in modern literature, film and mythology. This collection of new essays considers the implications of this scientifically impossible (but perhaps imminent) event, examining real-world responses to pandemic contagion and civic chaos, as well as those from Hollywood and popular culture. The contributors discuss the zombie apocalypse as a metaphor for actual catastrophes and estimate the probabilities of human survival and behavior during an undead invasion.

Zombie Plague Geo Dell, 2017-04-15
Hazleton PA: Bear climbed up the steel ladder they had leaned up against the bus. Beth sat looking out at the street in an aluminum lawn chair. She turned as he made the top and smiled. Bear smiled back, turned and looked back into the junkyard for a moment. The view was unobstructed. The yard stretched away before him. He turned back to the front. A house lined street, like any house lined street, in any city. He assumed it went on into Hazleton, but they had not followed it. Quiet? Very, Beth agreed. These zombies don't seem all that interested in us. Or... I don't know, they're stupid... mentally slower. She shrugged. Bear nodded. But I

wonder if it works the same. I mean, I wonder if these just haven't caught up yet. And when they do, I wonder if they'll be as bad as the others. Beth looked back at the house lined street beyond the bus. She had been watching the street, occasionally turning to the junk yard, and watching the fence line for hours now. She had seen two dead. Both had been farther down the street, a good quarter mile away, so far that it may have been the same dead woman both times. She had not really gotten much of a look the first time. I guess I'm just glad we don't have to fight them like we were. The brain rest is good. They both fell silent. Bear crossed and sat in the other lawn chair that had been set up on top of the bus. We should probably move out in a few days, Bear said. It's nice, but it's not getting us any closer to where we want to be. Beth looked over at him. Where do we want to be, Bear? she asked. South... west? You thought much more about these people that have this city all set up? Yeah, except I haven't heard anything at all about them on the radio. I wonder, if it truly did exist... if it has fallen to the dead. Just because they aren't too smart here doesn't mean they aren't there. So you don't want to look for it? Bear laughed. Have you considered that maybe I am not a man who can live a settled life, that maybe my life will always be in flux? I mean, in... I know what flux means. She smiled again I am no dumb girl, Bear. Oh, I didn't mean to... She held up a hand. I know you don't think I'm a dumb girl. I over explain sometimes. Or react, she colored. She turned away and looked over the street. The dead girl was back, wandering the

street, stumbling from house to house, slamming into the houses as she found them, apparently unable to see them or stop herself. She and Bear watched as she wandered up the street toward them and the bus that would block her way. I guess a place to call home, Bear said. The year is going by so fast. We need people who know how to plant gardens, raise cows, things like that. Beth laughed. You? A farmer? Bear looked at her and smiled. Uh, no. I'm not going to pretend either. What I would like is to be working steel again. That's what I did all of my life, but that's not going to happen. This will sound crazy, but I think... This really will sound crazy. I've thought about it, and it sounded crazy to me when I said it to myself, but I think I might drift. Drift? You mean like a cowboy in a movie? Bear laughed. More like a biker movie I saw once, but I think I did get the word from a western. Yeah... Just drift. I don't think I want to settle down yet. I've been here one day and it's old. Bear had been watching the dead girl stagger up the street. He turned now and looked at Beth. She met his eyes and held them. She looked away first. Sorry... Not my business, she said. It would depend, Bear said. On whose business it is? Beth asked. No. It would depend on the woman, Bear said quietly. Beth locked her eyes with his again. This time Bear looked away. The silence spun out. The dead girl slammed hard into the side of a garage; got up, stumbled to the back of the house, across the rear lawn and then walked off the end of a retaining wall that dropped into a deep ravine at the back of the house...

Zombie Plague Geo Dell, 2010-04-09 The one who was supposed to be on guard had dozed. The fire had burned low. He would probably chastise himself for it, except he would never have the opportunity to do that. He might have a split second in which to ask his God to forgive him, but he would probably waste that split second drowning in his fear, cursing, fighting, dying before he realized he had wasted his time. She was by his side a moment later. He slept on as she bent and prepared to take him. The boy and the twins had made their own choices. Her hands pinned his arms and her head darted quickly to his throat. The killing began... Candace's journal I haven't written in three days. So much has happened. A man attacked me, tried to rape me. I didn't even know him, and I don't know what motivated him. I don't understand it at all. Arlene shot and killed him. That was horrible as well. So many people were affected by it, not just me, and I can't see when it will ever really be over for any of us. Can anyone forget something like that? Not hardly, so I guess it will always be with me. But I didn't bury it. I have Patty, I have Mike, I have love to help me understand. Some women don't. Today Jessica died. She had been feeling down, ill, but she insisted she was fine. Maybe the shock of the way the world is now, what happened to me even, but we won't know exactly what happened or made it happen. Sandy said she arrested, her heart stopped. We buried her beside the highway, somewhere here in West Virginia. Not far behind us. Things we know: We have a place to go, we're going to get there. The days are still about 26 hours long. Maybe that is the

new day. The destruction is widespread and really bad. We ran into a lake the other day where there was not supposed to be one. We could easily tell that as the road ran right into the water. There's a lot of skip on the C.B. That tells us there are other people scattered around the world, at least the United States. So we're not alone at all. Were just scattered. Lilly is a big one for prayer. I'm not usually, but the last few days I've been praying God will get us through all of this.

Zombie Plague Geo Dell, 2012-03-28 The city had fallen quiet. That night the recently risen from the dead were dead once more. They had fallen, sprawled into the streets where they had stood after crawling from their hiding places. Dead again. They had thought it was over. Hoped it was over. Donita stood now and looked at the city. They weren't dead any longer. Whatever it had been, it had not been able to kill them, if that had been what it was supposed to do. In fact, it had seemed to make them even stronger once they had come back the second time; stronger and smarter. She could see them in the streets below now. They walked purposefully from doorway to doorway, testing the locks, stopping at every shadow. Investigating. A car here, a doorway there, looking up to catch her eyes. Maybe just to let her know that they knew she was still there. And Bear slept behind her in the bed, unaware of it all. Oblivious to it. And there was irony here. Irony, because she was dying. She was dying, and she was sure that they knew it. She was sure that was the reason they kept looking up at her where she stood on the balcony, judging the time between now and when she would be one of them. She blinked away tears as she looked out over the night darkened city: the fires that burned, the dead that prowled the streets.

Zombie Plague Geo Dell, 2011-04-15 It's worse than just that, Bear said. They're everywhere. I mean you hear about those larger places, but everywhere

you go they're there... Die? You come back on their side of it. Head shots, Billy said. He had wandered over from under the hood of one of the trucks. He wiped his hands on a rag as he talked. That's all that will kill them. You don't want to make a mistake with that, or wait, or anything like that. Head shot. He nodded. You can't go anywhere in this country where they aren't, Bear said. Mike nodded. Well, that doesn't change our position... We still have to come out for supplies... The larger we get the more often we'll have to come out too. Then they'll kill you eventually. Or other factions will, because that's the other problem. It isn't just the Dead you have to contend with. You think I have a hard edge to me? A little cynical even. Well you're right. I do. But I'm alive. I'm alive out here in the world too, not back there in the woods hiding out somewhere. Bear said. Uh huh, Mike said. So you're just gonna stay out here until they hunt you down and kill you? And you consider that smart? Bear laughed. A heavy rumble in his wide chest. Is that an invitation? Mike shrugged. It could be.

Zombie Plague Geo Dell, 2014-04-11 Billy and Beth: March 11th Billy was up on the roof. Beth, Jamie, Winston and Scotty were standing at the edge of the building as he was, looking out over the city. Things were crazy, and they seemed to be getting worse as the days rolled by. The police precinct was still burning. It had started sometime during the night two days before, and since there was no one to put the fire out, it had been raging for hours now. A few minutes ago, the roof of the building next door to the precinct burst into flames. Maybe the fire had started inside, or the extreme heat from the burning police precinct had caused it to burst into flame, spontaneous combustion, but it was a strange thing to watch. It appeared as though it had simply burst into flames all on its own. The animated conversation about

whether it had been spontaneous combustion or a fire source from inside the other building that had simply burned through, had kept up for a few moments, and then they had all lapsed back into silence. Beth spoke now. Where would we go? she asked. I think southeast, Scotty threw in. Why not north or northeast, Jamie asked. Makes no difference, I suppose, but this winter it might. That's why I think southeast. Billy said. Beth nodded. What's the radio say? It's bad everywhere. Different people, different days, all talking about the dead. Some talk about the living too, gangs, but the big deal is the dead. Every major city... Boston, Hartford, Manhattan, San Fran, Providence, Scranton, Miami... there are more. Every day you hear more places, and that's bad. But then there are the ones that you don't hear from anymore, and that's even worse, Billy said.

World War Z Max Brooks, 2007-10-16 #1 NEW YORK TIMES BESTSELLER • “Prepare

to be entranced by this addictively readable oral history of the great war between humans and zombies.”—Entertainment Weekly We survived the zombie apocalypse, but how many of us are still haunted by that terrible time? We have (temporarily?) defeated the living dead, but at what cost? Told in the haunting and riveting voices of the men and women who witnessed the horror firsthand, World War Z is the only record of the pandemic. The Zombie War came unthinkably close to eradicating humanity. Max Brooks, driven by the urgency of preserving the acid-etched first-hand experiences of the survivors, traveled across the United States of America and throughout the world, from decimated cities that once teemed with upwards of thirty million souls to the most remote and inhospitable areas of the planet. He recorded the testimony of men, women, and sometimes children who came face-to-face with the living, or at least the undead, hell of that dreadful time. World War Z is the result. Never before have we had access to a document that so powerfully conveys the depth of fear and horror, and also the ineradicable spirit of resistance, that gripped human society through the plague years.

THE INSPIRATION FOR THE MAJOR MOTION PICTURE “Will spook you for real.”—The New York Times Book Review “Possesses more creativity and zip than entire crates of other new fiction titles. Think Mad Max meets The Hot Zone. . . . It’s Apocalypse Now, pandemic-style. Creepy but fascinating.”—USA Today “Will grab you as tightly as a dead man’s fist. A.”—Entertainment Weekly, EW Pick “Probably the most topical and literate scare since Orson Welles’s War of the

Worlds radio broadcast . . . This is action-packed social-political satire with a global view.”—Dallas Morning News
