*The Rhythm & the Tide* Mike Badger,Tim Peacock,2015 Liverpool in the 1980s. With prospects for the city's youth bleak, a scheme for unemployed musicians commenced, inadvertently shaping the future for members of Cast, Space, the Lightning Seeds and giving fresh impetus to the idea of song as a saviour for the city. Foremost of the bands to emerge from this ill-fated scheme was The La's. Inspired by a chance meeting with Captain Beefheart, Mike Badger formed the band with the enigmatic Lee Mavericks. First they conquered the city, and then on the brink of hitting the big time, and eventually inspiring what would become Britpop, Badger quit to form Americana pioneers The Onset, find international recognition as a sculptor, produce album art and videos for some of the country's biggest bands, before finally co-founding Liverpool's Viper record label (which has recently released its 100th album). Featuring everyone from Arthur Lee to Frank Sidebottom, Jonathan Richman to Half Man Half Biscuit, and above all with new insights into the early years of the great lost Liverpool band The La's, *The Rhythm and the Tide* is both the personal story of a restlessly creative individual, and a reflection on the ebb and flow of the music scene in the city that he loves.

Vinyl Junkies Brett Milano,2003-11-10 Not too far away from the flea markets, dusty attics, cluttered used record stores and Ebay is the world of the vinyl junkies. Brett Milano dives deep into the piles of old vinyl to uncover the subculture of record collecting. A vinyl junkie is not the person who has a few old 45s shoved in the cupboard from their days in high school. Vinyl Junkies are the people

who will travel over 3,000 miles to hear a rare b-side by a German band that has only recorded two songs since 1962, vinyl junkies are the people who own every copy of every record produced by the favorite artist from every pressing and printing in existence, vinyl junkies are the people who may just love that black plastic more than anything else in their lives. Brett Milano traveled the U.S. seeking out the most die-hard and fanatical collectors to capture all that it means to be a vinyl junkie. Includes interviews with Thurston Moore of Sonic Youth, Peter Buck from R.E.M and Robert Crumb, creator of Fritz the cat and many more underground comics.

**Sissieretta Jones** Maureen D. Lee,2013-01-31 Matilda Sissieretta Joyner Jones, whose nickname the Black Patti likened her to the well-known Spanish-born opera star Adelina Patti, was a distinguished African American soprano during the late nineteenth and early twentieth centuries. Performing in such venues as Carnegie Hall and Madison Square Garden, Jones also sang before four U.S. presidents. In this compelling book-length biography of Jones, Maureen Donnelly Lee chronicles the successes and challenges of this musical pioneer. Lee details how Jones was able to overcome substantial obstacles of racial bias to build a twenty-eight-year career performing in hundreds of opera houses and theaters throughout North America and Europe. Serving as a role model for other African American women who came after her, Jones became a successful performer despite the many challenges she faced. She confronted head on the social difficulties African American performers endured during the rise of Jim Crow segregation. Throughout her career Jones was a concert singer performing ballads and operatic pieces, and she eventually went on to star in her own musical comedy company, the Black Patti Troubadours. Critics praised Jones as America's leading African American prima donna, with some even dubbing her voice one in a million. Lee's research, utilizing many black newspapers, such as the New York Age and the Indianapolis Freeman, concert reviews, and court documents brings overdue recognition to an important historical songstress. *Sissieretta Jones: The Greatest Singer of Her Race, 1868–1933* provides a comprehensive, moving portrait of Jones and a vivid overview of the exciting world in which she performed.

**Water+Ink Coloring Book Winter 2020** Kim Winberry,2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding swirls other artifacts, in the aim to achieve

whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and zap the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.
