**The Zozo Phenomenon** Darren Evans,Rosemary Ellen Guiley,2016-06 A negative, hostile entity named Zozo pesters and attacks people who use Ouija boards and other talking boards. Includes history, cases, personal stories, explanations, and advice for sound board use.

Travels with Zozo...in the Fjord A J Atlas,2022 Imagine if our pets could travel the world with us. What adventures would they have? What trouble would they get into? What friends would they make? In the Travels with Zozo... series of illustrated children's books for ages 4-8 years old, a fun-loving family of four brings their pet bunny, Zozo, on their trips around the world, and Zozo's escapades are bound to amaze, amuse, and inspire you. Author A.J. Atlas' extensive travel experiences in nearly fifty countries and throughout all fifty U.S. states provide firsthand insight into the settings for the books. Award-winning illustrator Anne Zimanski uses bright colors and expert digital artistry to turn the real-life places into beautifully colorful, imaginative worlds for Zozo and readers to explore. She adds an abundance of charm and heart to the culturally-diverse characters whom Zozo meets, and she packs Zozo's sweet, little, furry face full of emotion. Then, together, Atlas and Zimanski keep the pages filled with goofy gags and funny antics. So many, in fact, that rereading the stories is sure to surprise you with something new and keep you laughing. The second book in the exciting, new series, Travels with Zozo...in the Fjord, takes readers to the Scandinavian country of Norway. With dramatically steep cliffs, immensely deep water, and abundant wildlife, the fjords are an adventurous setting for an action-packed story filled with towel-stealing thieves and free-falling birds. The action begins after two white-tailed sea eagles surprise Zozo and fly her to a cliffside nest for a playdate with their three babies. There, Zozo sees firsthand the importance of trying to do one's best when she cheers her new winged friends as they take their first hilarious flights. From their initial, confident leaps out of the nest, followed immediately by the struggling, funny faces of gravity taking hold, the baby birds' first flights make the fun-filled fjord funnier than ever. Along the way, Zozo and her friends are joined by whimsically illustrated locals-foxes on bicycles, rappelling red squirrels, cartwheeling skogkatts, racing reindeer, puffins, beavers, and many others. The wildlife adds depth and richness (and laughs!) to the beautiful Northern European landscape showcased in this premium full-color 32-page book. Finally, Zozo's adventure ends with her returning to her human family via the world's longest tunnel, Laerdal Tunnel. It is an eye-opening experience for both Zozo and young readers. Bring your imagination and let Zozo be your guide to a world of amazing places!

**Stalked by the Zozo Demon** Tim Wood,Celina Summers,2017-09-25 During the summer of 2017, LiveSciFi paranormal investigator Tim Wood and author Celina Summers conducted a real-life experiment where Wood contacted the demon known as Zozo every night for a month. Wood believed Zozo was a demon; Summers believed Zozo was a myth. The Zozo experiment was to be the first paranormal experiment live streamed to thousands of witnesses. Its purpose? To determine the validity of the Zozo entity once and for all. But the experiment didn't end. Demonic influence pursued both researchers through their subsequent investigations...and their daily lives. As the activity heated up, the questions grew more difficult to answer. Was there really an entity named Zozo? Or was Zozo a smokescreen for something more sinister? At the end of the day, they had to confront the most terrifying question of all: were they stalking the Zozo demon? Or was Zozo stalking them?The Zozo experiment is not your normal paranormal.

So many, in fact, that rereading the stories is sure to surprise you with something new and keep you laughing. The first book in the exciting, new series, Travels with Zozo...and the Bears, takes readers to a coastal island in Alaska, a place with more brown bears than the whole lower 48 states combined. Zozo and her human family are on vacation there to experience all that the island has to offer and to see what fun things the bears are up to. After exploring the Alaskan wilderness by floatplane and sea kayak, a hike takes them inland to a treehouse hideaway. From high above the rainforest path, they see brown bears in action--catching fish in the river, enjoying wild blueberries, and having all kinds of fun. Along the

way, Zozo and her family mingle with whimsically illustrated locals--goofy, golfing martens, tic-tac-toe-playing sea otters, a bear cleverly disguised in a hollow tree trunk stealing a sandwich, red-breasted sapsuckers, Stellar's jays, orcas, porcupines, and many others. On their return journey, imagination and creative storytelling take hold as Zozo befriends a young brown bear and helps reunite him with his family. Zozo's newfound friendship grows while playing hide-and-go-seek, swimming in a river, and learning about hibernation. Bring your imagination and let Zozo be your guide to a world of amazing places!
