school prefects, from whose attention nothing at the school escapes...

The Dark History of the Reincarnated Villainess, Vol. 4 Akiharu Touka,2022-01-25 No matter how much I rewrite the story... nothing changes! Konoha Satou's Dark History first began with a self-indulgent fantasy romance fic written in her teens. Since she is now its most abominable villainess, the details of the story are a matter of life-and-death! Narrowly avoiding the Bloody Rosa death flag and saving the duchess was supposed to be the end. Case closed. But when grave news reaches Iana at Dandelion Lake shortly after an assassination attempt on Konoha, she must accept that all is not as it seems. With her Dark History correcting itself in mysterious ways, Iana will need every shred of help she can get...or this chapter may be her last.

**Val x Love, Vol. 1** Ryosuke Asakura,2018-01-30 Gotta flirt to save the world!! High schooler Takuma Akutsu is terrified of human contact and just wants to live a quiet life. Too bad he doesn't have a choice in the matter when nine Valkyrie sisters come barging into his home! They've tasked him with raising their level to fight off the monsters threatening humanity--and how will he do that, exactly...? By gettin' down & dirty to the max!!!

Uncle from Another World, Vol. 2 Hotondoshindeiru,2021-08-03 UNCLE DOES WHAT OTHERS DON'T. □Takafumi's uncle returned from an alternate fantasy world after seventeen years, and now he's (sort of) getting the hang of the twentyfirst century. From virtual YouTubers to modern netiquette, there's a lot to learn for a guy who lives in service of games. But as Uncle recalls his memories of ax-wielding battlers and draconic forces, Takafumi keeps noticing one thing: the swooning heroines who failed to catch his romantically oblivious uncle's attention! Can Takafumi help him get a clue, or is it too late for such a die-hard gamer?

**The Men Who Governed Han China** Michael Loewe,2019-01-03 How were prominent figures in the formative stages of China's imperial government affected by changes in the theory and practice of government and its institutions? Calling on documentary evidence, some found only recently, Dr. Loewe examines local administration, the careers of officials, military organisation, the nobilities and kingdoms, the concepts of imperial sovereignty and the part played by the emperors. Special attention is paid to the anomalies in the historical records; tabulated lists of officials and other items summarise the evidence on which the chapters are based. Historical change and intellectual controversies are seen in the growth and decay of organs of administration, in the careers of individual men and women and the personal part that they played in shaping events.

Lake Biwa: Interactions between Nature and People Hiroya Kawanabe,Machiko Nishino,Masayoshi Maehata,2020-08-25 Although, the first edition had a similar focus, more than five years have passed since its publication and the biological and social circumstances of the lake have drastically changed due to, for example, the further expansion of alien species, the decrease of indigenous species, the progress of integrated watershed management by the Union of the Kansai Government which was established in 2010, the legislation of the Conservation and Restoration Act of Lake Biwa in 2015 and more. The new edition will therefore feature updated and new information on the above and more topics as well as updated and revised data based on the latest research. Inventories of respective taxa, especially those of small animals, are also revised based on the latest studies. Furthermore, this volume covers the characteristics of the biota of this ancient lake, but at the same time, it will also approach it as a 'culture ancient lake'. Other topics also include water pollution, lakeshore development, the effects of global warming in the past and present, the influence of people, and countermeasures by local and national governments. Moreover, the volume also provides a comprehensive view on the future of Lake Biwa and that of its residents. Miraculously enough, this ancient lake has kept its water quality clear even until today despite the fact of more than 1.4 million people living on its shores. Finally, the book also gives indispensable information to those engaged in improving and conserving water regimes of lakes and other water bodies all over the world and to those interested in the culture and history of Japan. Lake Biwa is not only one of the rarest ancient lakes of the world, but the people's involvement with the lake also goes back a long way. This is shown in the diverse culture developed in this area and in the various archaeological finds that date back as early as the Jomon Period, nearly 10,000 years ago. Today Lake Biwa fulfills an important role as a water resource by providing domestic, commercial, industrial, and agricultural water for over 14 million residents living around the Lake Biwa-Yodo River drainage basin. This updated volume focuses on the geological and biological features of the lake as well as on the long-term interactions between the people and the lake.

But the meisters' own personal quirks may prove a bigger obstacle than any sultry enchantress!

**Val x Love, Vol. 10** Ryosuke Asakura,2021-12-28 And that's how I became a harem protagonist! □Takuma has come a long way as a hero and lover, but just how did he get involved with the nine valkyrie sisters? Discover the oh-so-revealing origins of Natsuki's first voyage to Japan from Asgard, and her passionate first lovers' contract with Takuma! The future is just as important as the past, though— an unexpected visitor has arrived to tell the truth of why the valkyries were sent to Earth!
