Dr Derek Diedricksen

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts Dr Derek Diedricksen, 2012-02-01 This Old House meets Wayne's World in this zany guide to designing and building tiny homes Derek Diedricksen has always had a love for small, modest houses ever since his father gave him the book *Tiny Tiny Houses* by Lester Walker for his tenth birthday. Combining his artistic abilities, wild imagination, and his passion for small houses, he self-published *Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts, and Whatever the Heck Else we could Squeeze in Here* in 2009. This book is a collection of Diedricksen's creative/imaginative sketches for building small houses, shacks, cottages, and forts. The sketches are accompanied with hand-written commentary, both instructive and comical. Derek's main purpose is to get your creative juices flowing and encourage you to get off the couch and use your hands. Believing that specific building plans squash creativity, he avoids too many detailed

instructions, giving you the chance to put your own creative spin on your very own small abode (even if it is just in your imagination).

Countless Hues of Crimson Philippa Ballantine, Tee Morris, 2017 Anastasia Brassingware is a daughter of English aristocracy, but her station has been brought low by her father's belief in ridiculous quick schemes. Now forced into penury, she must take any menial job. A chance meeting with enigmatic pineapple merchant, Lord Heathcliff Redd, has changed everything. Drawn in by his brooding ways, the maiden discovers the pineapple merchant's darker pleasures, and technological wonders that do more than just core his tropical bounties with ease. Take caution, dear reader. This is a novel of shadow, of desire, and of wanton lust. This novella is not a collection of standing orders for a clandestine organization within Her Majesty's government. No sir. No how. No way. Nowhere in this scintillating novel of erotic perversion are coded messages intended for agents that investigate the strange, the bizarre, and the unnatural. No. In this novella are pages of good British smut, just the way God intended. This is the story of a wide-eyed ingénue innocent to carnal pleasures, a wealthy English lord with a pineapple fetish, and fresh fruit bending to their will. No standing orders whatsoever.
