Empires of Sand David W. Ball, From the mysteriously beautiful, richly hued landscape of the Saharan mountains to the sumptuous splendor of nineteenth-century Paris, *Empires of Sand* is a novel that takes us on an extraordinary, powerfully emotional journey In a clash between two civilizations, two men of common blood discover that in war, love, and even family, they are both destined to be outsiders.... The year is 1870. The proud Republic of France is crumbling under the onslaught of the Prussian army. Paris is under siege. Too young to understand the shifting fortunes of the empire, two boys forge a bond with their breathless adventures in the tunnels beneath the threatened city. Paul deVries is the cousin and constant companion of Michel deVries—called Moussa—whose world-explorer father shocked Paris with his marriage to a noblewoman of the Sahara. Moussa will inherit the title of count; Paul is destined to be a soldier like his father. But tragic events will send Moussa fleeing to his mother's homeland, with its brooding mountains, its hidden caves and fortresses. And the two boys who have been the closest of friends are fated as men to become the bitterest of enemies—victims of history and the scheming of scoundrels. They meet again on the Sahara's blazing sands, one as part of a foolhardy French

expeditionary force, the other with the nomadic Tuareg, a majestic race of veiled warriors who live and die by flashing swords and a harsh desert code of honor. On this unforgettable, ever-shifting landscape, Paul and Moussa are swept into another war, one far more brutal than anything they have experienced. Paul is obsessed with a quest for personal vengeance and honor. And Moussa, in love with a woman betrothed to an implacable Tuareg warrior, searches for the peace he knew as a child in France. Now they both face a challenge of sheer, harrowing survival: whether to follow the call of their shared blood...or the destiny written in the treacherous sands. *Empires of Sand* is a grand novel of adventure in the best tradition of historical fiction. With its astounding scenes of the desert and its rich cast of characters—soldiers, lovers, slaves, and zealots—this is a reading experience to be treasured and remembered long after the final page is turned.

Captain Mugford W. H. G Kingston, 2020-07-17

Vincent Darre , 2022-03-08 From Vincent Darré, a French dandy and eccentric decorator, this volume offers a fanciful look into his unique universe of artful interiors. Known for his dynamic personality and extravagant style, Vincent Darré--the enfant terrible of Paris's design world--presents a debut monograph brimming with his hallmark flamboyant whimsy, unrivaled imagination, and Gallic flair. As a fixture of the city's nightlife scene and member of its exclusive artistic circles, Darré is arguably one of its most creative residents (prior to launching his decorating career, he held posts at top fashion houses)--which comes through in his instantly recognizable interiors: think Surrealist furniture, dizzying patterns, and spirited color combinations. Boasting over 200 vibrantly colored photographs, this exquisite tome takes readers on a journey into Darré's world of conversation-starting spaces. From his signature furnishings, such as the Grenouille nightstand, and maximalist use of prints (cue the Little Prince Bedroom), to his expert use of vivid hues, he offers an intimate glimpse into the singular, utterly enthralling universe of one of the design world's most eccentric, quirky, and

celebrated members.

What Do Economists Contribute? Daniel B.

Klein,2016-07-27 The title of this book raises a provocative question that should make all economists think. What is our *raison d'etre* ? Only a few economists have specifically addressed the issue. Several of the more challenging efforts are included here. Do economists have much influence on government policy, particularly over, say, five or ten years? Is that because they don't try hard enough or is it because politicians care more about the next election than about the opinion of economists? In this splendid collection, some published as long ago as the 1930s, nine great economists consider these questions. The editor's illuminating introduction sorts out the area of agreement and disagreement between them.
