A Successful Transformation? Petr Pavlínek,2008-04-30 This is a brilliant examination of the complex processes of the post-1990 transformation in the Czech automotive industry and its selective integration into the West European system. The post-1990 restructuring of the industry is analyzed in the context of its pre-1990 development and in the context of the East European automobile industry as a whole. Specifically, the book examines the development and post-1990 restructuring of the Czech car, components, and truck industries.

*The Heart Attack Sutra* Karl Brunnholz,2016-12-13 A guide to the famous Heart Sūtra that reveals the tenderness and compassion underlying the striking rhetoric of this popular Buddhist text The radical message of the Heart Sūtra, one of Buddhism's most famous texts, is a sweeping attack on everything we hold most dear: our troubles, the world as we know it, even the teachings of the Buddha himself. Several of the Buddha's followers are said to have suffered heart attacks and died when they first heard its assertion of the basic groundlessness of our existence—hence the title of this book. Overcoming fear, the Buddha teaches, is not to be accomplished by shutting down or building walls around oneself, but instead by opening up to understand the illusory nature of everything we fear—including ourselves. In this book of teachings, Karl Brunnhölzl guides practitioners through this 'crazy' sutra to the wisdom and compassion that lie at its core.

**The Documentary Film Reader** Jonathan Kahana,2016-01-21 Bringing together an expansive range of writing by scholars, critics, historians, and filmmakers, The Documentary Film Reader presents an international perspective on the most significant developments and debates from several decades of critical writing about documentary. Each of the book's seven sections covers a distinct period in the history of documentary, collecting both contemporary and retrospective views of filmmaking in the era. And each section is prefaced by an introductory essay that explains its design and provides critical context. Painstakingly selected from the archives of more than a hundred years of cinema practice and theory, the essays, reviews, interviews, manifestos, and ephemera gathered in this volume suit the needs and interests of the beginning student, the advanced scholar, the casual reader, and the working documentarian.

**Seaforth World Naval Review 2022** Conrad Waters,2021-12-30 The essential compendium covering the year in naval developments—the only annual overview of its kind: “Very highly recommended.” —Warship World For more than a decade, this annual volume has provided an authoritative summary of all that has happened to the world's navies and their ships in the previous twelve months. It combines regional surveys with major articles on important new warships, and looks at wider issues of significance to navies such as aviation and weaponry. The contributors come from around the globe, and in addition to providing a balanced picture of naval developments, they interpret their significance and explain their context. Along with its regular regional reviews, the 2022 volume focuses on three fleets: the Sri Lankan Navy, the Spanish Navy, and the Royal Navy. There are in-depth articles on the Argentinian Bouchard Class OPVs, the Russian Project 20380 Stereguschchiy Class corvettes, and the Royal Navy's Batch 2 “River” Class OPVs. The technological section looks at optronic systems and offboard mine countermeasures, and there is the regular review of what is happening in naval aviation, which includes coverage of the US Marine/Navy MV-22 tiltrotor. Now firmly established as the only annual naval overview of its type in the world, The Seaforth World Naval Review is essential reading for the professional and enthusiast alike, taking readers to the heart of contemporary maritime affairs. “A marvelous asset for those wishing to keep up to date with naval matters.” —Warship World Includes photographs

The European Fund for Strategic Investments: The Legacy European Investment Bank,2021-01-07 The inside story of the European Fund for Strategic Investments from 2015 to 2020 told through interviews with the Managing Director, Deputy Managing Director, members of the Investment Committee and final beneficiaries across Europe. The architects of this €500 billion-plus programme, the head of the EU bank and the president of the European Commission, describe the genesis of this financial pillar of the Investment Plan for Europe. Then the people who ran one of the biggest economic stimulus programmes in history detail how they did it—and what the lessons are for policymakers responding to new crises, including the economic shock caused by the COVID-19 pandemic. The European Fund for Strategic Investments has been one of the good news stories to emerge in a decade of economic

uncertainty. It has gone well beyond its highly ambitious target of €500 billion in mobilised investments. The Juncker Plan has made a strong contribution to the 14 million jobs created in the EU between 2015 and 2020. It has become a success in co-financing projects that otherwise might not have been carried through. It has also charted the path towards new ways of financing. This is not only the case in relatively conventional areas, such as infrastructure, but also in sectors like research and innovation or the contribution to climate change mitigation. This is exactly what makes EFSI so ground-breaking: responding to the needs of the market through continuous financial innovation. The principle of the European Fund for Strategic Investments is here to stay. It has paved the way for its successor, the InvestEU programme, which is to be deployed under the 2021-2027 multiannual financial framework. This publication details why the programme was such a success.

**The Bugatti Queen** Miranda Seymour,2015-04-09 Born in 1900 to a soon-to-be-widowed postmaster's wife in a small French village, Hélène Delangle's background offered no suggestion of the extraordinary life she was to lead. The first step was to leave the country behind and head to the city -- in this case, a Paris in the grip of an intoxicating 1920s blend of creativity and debauchery. She became a dancer, and then a stripper. But the demi-monde of gauze veils and admirers was not enough. A visit to the Actors' Championships, a uniquely French meeting of the theatrical world with the race-track, opened her eyes to the glamorous combination of machines and speed. Quickly establishing herself as a racer of uncommon talent and audacity, the beautiful woman now known as Hellé Nice -- Hellish Nice to her British fans -- then caught the attention of none other than Ettore Bugatti, founder of the marque with which her name will always be associated. And yet, despite the fame and the fortune she amassed in an unprecedented career, she died penniless and alone, an old woman in a crumbling Nice flat surrounded only by memories. THE BUGATTI QUEEN is the story of a great pioneer of motor racing who happened to be a woman. Re-creating her rollercoaster career with great verve and panache, Miranda Seymour brilliantly shows us a life now forgotten -- and makes it unforgettable.
