Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Over the Gate Miss Read,2007-05-02 “Here you’ll find delicious wit, quirky characters, the colorful intrigues of daily life, and certainly love and laughter. . . . Delightful.” —Jan Karon Throughout her years as schoolmistress, Miss Read has gathered excellent accounts of the rich and varied history of her beloved English village, often through neighborly conversation over the gate. Fairacre has garnered its share of odd incidents, entertaining episodes, and village folklore, from an unusual recipe for weight loss found in an old notebook—and used with alarming consequences—to the tragic story of the village ghost. In *Over the Gate*, Miss Read retells many of these treasured

stories of Fairacre past and present, with characteristic grace and wit. "Affectionate, humorous, and gently charming . . . sometimes funny, sometimes touching, always appealing." —The New York Times "Miss Read has a humble, laughing heart." —Mademoiselle

Rain of the Ghosts Greg Weisman, 2013-12-03 Rain of the Ghosts is the first in Greg Weisman's series about an adventurous young girl, Rain Cacique, who discovers she has a mystery to solve, a mission to complete and, oh, yes, the ability to see ghosts. Welcome to the Prospero Keys (or as the locals call them: the Ghost Keys), a beautiful chain of tropical islands on the edge of the Bermuda Triangle. Rain Cacique is water-skiing with her two best friends Charlie and Miranda when Rain sees her father waiting for her at the dock. Sebastian Bohique, her maternal grandfather, has passed away. He was the only person who ever made Rain feel special. The only one who believed she could do something important with her life. The only thing she has left to remember him by is the armband he used to wear: two gold snakes intertwined, clasping each other's tails in their mouths. Only the armband . . . and the gift it brings: Rain can see dead people. Starting with the Dark Man: a ghost determined to reveal the Ghost Keys' hidden world of mystery and mysticism, intrigue and adventure.

Reigning Cats and Dogs Tanith Lee, 2015-11-26 Grace is green-eyed, beautiful, a psychic healer - and also a whore. She

walks the streets of Black Church to make a living. After years of horror and poverty as a brothel slave, Saul Anger was adopted into a life of ease, and now he has taken on the mantle of his dead uncle's house, as well as the leadership of a secret society whose figurehead is Anubis, the jackal god of Egypt. Dedicated to justice and to retribution, this society will destroy those it deems evil. There must always be blood. One midnight in the great clock-tower of the city, a man hangs himself - and secret desires are let loose. A demon now stalks the streets and alleys, slaying the wicked and the innocent alike. But can Saul locate the source of the destruction and tame it? Or will beautiful Grace - who has fallen in love with him - be able to stem this tide of madness and primeval terror? For, aided by the goddess Pasht and by all the cats of the city, perhaps she alone can turn back the clock.

Spirits of Ash and Foam Greg Weisman,2014-07-08

Welcome to the Prospero Keys (or as the locals call them: the Ghost Keys), the beautiful chain of tropical islands on the edge of the Bermuda Triangle where Rain Cacique lives. When Rain's maternal grandfather passed away, he left her his special armband: two gold snakes intertwined, clasping each other's tails in their mouths. Rain soon discovers that the armband is actually a zemi - a very powerful talisman created by the island's native Arawak Taino Indians - and that it allows Rain to see ghosts, including her own grandfather who is determined to help her uncover the Ghost Keys' hidden world of mystery and mysticism, intrigue and adventure. Now, Rain Cacique's looking for a few answers — and the second zemi, a Taino relic that allows her to see dead people. But it's the first week of school, so she's pretty

busy juggling teachers, homework, baby-sitting duties, new friends, missing tourist kids... and a vampire with a tribal twist. *Spirits of Ash and Foam* is the second installment in Greg Weisman's *Rain of the Ghosts* series.

Eva and Franco Mattes ,2009 Eva and Franco Mattes are the Italian artist-provocateurs behind the infamous website 0100101110101101.ORG. Pioneers of the Net Art movement, they are renowned for masterful subversions of public media, such as their notorious (and unauthorized) Nike advertising campaign--P. 4 of cover.

Turning the Tide Noam Chomsky,2015-09-28 The renowned activist examines the brutal reality of America's Cold War era foreign policy across Central America—with a new preface by the author. First published in 1986, *Turning the Tide* presents Noam Chomsky's expert analysis of three interrelated questions: What was the aim and impact of the US Central American policy? What factors in US society supported and opposed that policy? And how can concerned citizens affect future policy? Chomsky demonstrates how US Central American policies implemented broader US economic, military, and social aims—while claiming a supposedly positive impact on the lives of people in Central America. A particularly revealing focus of Chomsky's argument is the world of US academia and media, which Chomsky analyzes in detail to explain why the US public is so misinformed about our government's policies.

The Battle for the Solar System (Complete Trilogy) Stephen J Sweeney,2012-12-01 The Pandoran war machine ravaged the galaxy, driving the human race to the brink of destruction. Typographic Systems of Design Kimberly Elam, 2007-05-03
Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.
