But life in the Florida backwoods is harsh, and so, as his family fights off wolves, bears, and even alligators, and faces failure in their tenuous subsistence farming, Jody must finally part with his dear animal friend. There has been a film and even a musical based on this moving story, a fine work of great American literature.

Runtime S. B. Divya,2016-05-17 2016 Nebula Award finalist for Best Novella The Minerva Sierra Challenge is a grueling spectacle, the cyborg's Tour de France. Rich thrill-seekers with corporate sponsorships, extensive support teams, and top-of-the-line exoskeletal and internal augmentations pit themselves against the elements in a day-long race across the Sierra Nevada. Marmeg Guinto doesn't have funding, and she doesn't have support. She cobbled her gear together from parts she found in rich people's garbage and spent the money her mother wanted her to use for nursing school to enter the race. But the Minerva Challenge is the only chance she has at a better life for herself and her younger brothers, and she's ready to risk it all. Runtime is S. B. Divya's exciting science fiction debut. PRAISE FOR RUNTIME "A thrilling romp through a gleaming cybernetic future that's neither dystopia nor utopia, but embedded in our reality— I

wish more science fiction were as exciting and relevant as Runtime."
