If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Classic Monsters Revisited James Jacobs, 2008-03 Pathfinder and the Rise of the Runelords Adventure Path famously reimagined goblins, detailing their culture, mannerisms, and tactics in a way that made a boring old monster one of the most hotly discussed foes in fantasy roleplaying. Now, the minds that bring you Pathfinder have applied the same method to ten classic monsters, providing complete ecological discussions and adventure ideas involving orcs, ogres, goblins, hobgoblins, trolls, bugbears, and more in this lavishly illustrated, full-color overview that is both fun to read and fun to use at the gaming table.

Magnimar James Jacobs, Adam Daigle, 2012-08-14 Known as the City of Monuments for its jaw-dropping skyline of ancient ruins, magnificent towers, and stunning sculptures, Magnimar embodies the spirit of Varisia more than any other great city. Yet with Magnimar's explosive growth over the last century, life in the City of Monuments has become an adventure in and of itself. With strange monsters lurking amid the ancient ruins that form the city's foundation, roving bands of thieves, smugglers, and murderers battling for control over the city's alleys, and the increasingly decadent attitudes of its oldest families, Magnimar lies at a crossroads. Will it succeed despite the obstacles thrown in its path, or is the City of Monuments doomed to crumble under the pressure of its own runaway success? This Pathfinder sourcebook explores the city of Magnimar (first featured in the now classic Rise of the Runelords Adventure Path) in great detail. Each city district has its own unique flavor and role, and comes with pages of details on industries and institutions, leisure and markets, and politics and entertainment. Dozens of shops, taverns, guildhalls, and more await discovery, many of which are presented with additional adventure hooks, memorable NPCs, and inspirational bits of lore. Examinations of regions ripe for adventuring or sinister groups worthy of defeat, along with a robust bestiary featuring commonly encountered NPCs or monsters closely associated with the City of Monuments completes this book, which will be an invaluable addition to your upcoming Shattered Star Adventure Path.

Pathfinder Roleplaying Game: Pathfinder Unchained Jason Bulmahn, 2015-05-12 Break your chains! The Pathfinder RPG contains numerous rules considered sacred by players and GMs alike. Since the system itself was based upon RPG technology already more than 10 years old at the time of its creation, backwards compatibility often meant sticking with the familiar, even if tradition was filled with cobwebs and decades-old assumptions. Pathfinder Unchained dares to take a fresh look at the system itself, altering some of the fundamentals of the game and giving fresh optional takes on classic rules. Inside this hardcover collection of alternate rules and options you'll find completely redesigned versions of the barbarian, monk, rogue, and summoner classes. Delve into a new system for resolving player actions designed to speed play and dispel confusion. Many of the new systems (such as the revised classes) work seamlessly with the existing Pathfinder rules. Even the most staunchly traditionalist player will appreciate the book's math-lite system for on-the-fly monster creation and the new system for generating dynamic magic items that go far beyond a simple +1 to add lore and interest to the campaign. Players will love the book's new resource pool for martial characters, allowing for exciting new tactical options, as well as the robust new system that allows spellcasters to modify their spells with powerful spell components.

Pathfinder Adventure Path: Giantslayer Part 3 - Forge of the Giant God Tim Hitchcock, 2015-06-09 The heroes explore the tomb of a legendary giantslayer before venturing into the Mindspin Mountains in search of the valley where the Storm Tyrant is recruiting giants for his army. The adventurers must confront the numerous giants inhabiting the winding valley before making their way to the giant headquarters, an ancient temple to the giant god Minderhal, which contains a powerful artifact. But the valley of the giants is just a recruiting station, and the Storm Tyrant's stone giant representative has been sending the most promising recruits to a training camp deeper in the mountains. A Pathfinder Roleplaying Game adventure for 7th-level characters, Forge of the Giant God continues the Giantslayer Adventure Path, an epic campaign of classic sword & sorcery thrills. Several new monsters, details of the faith of the giant god Minderhal, a gazetteer of the Mindspin Mountains, and the next installment of the Pathfinder's Journal written by Greg A. Vaughan round out this volume of the Pathfinder Adventure Path.
