Collision 2012 Dan Balz, 2013-08-06 From the bestselling author of *The Battle for America* 2008 and longtime Washington Post correspondent, an inside view and analysis of the Obama-Romney presidential race In 2008 a bright young candidate triumphed on a theme of change and hope. Four years later an embattled President struggled against an apocalyptically divided and divisive Congress, a war that won't end, and an economy that casts a dark penumbra over every spark of good news. His opponent, a well-heeled businessman who couldn't seem to stand on his own business record, withstood unexpected and extreme opposition to capture the nomination of a party whose main platform and principles with which he was historically and fundamentally at odds. The 2012 Election, once predicted to be a boring run at a popular President, took on a new urgency with the infamous 2010 midterm

shellacking and equally infamous Citizen United ruling, and delivered drama and tension as the Republicans tried to reconcile the factions at war within their party and Democrats faced the tsunami of super Pac money flooding local and regional elections. As with his last book, *The Battle for America 2008*, Washington Post correspondent Dan Balz uses a combination of superb sources and long, deep reporting experience to take us both deep inside and far beyond Campaign HQs in Chicago and Boston. He tracks the nuances of Beltway politics and the thinking behind the scenes to show how Obama regained his footing, and to speculate about whether this election actually did anything to change the toxically poisonous atmosphere inside the Beltway, the increasing hostility and disenchantment with politicians outside, and the frightening effect of the torrent of money being poured out by special-interest groups beholden to no voter or law? Will there be anything in this election that will heal the political process in America? Special highlights include two much talked-about post-election interviews with Romney and Christie which have been making headlines, as well as a new afterword.

Daniel Boone John Mack Faragher, 1993-11-15 Winner of the Los Angeles Times Book Prize for History for 1993 In the first and most reliable biography of Daniel Boone in more than fifty years, award-winning historian Faragher brilliantly portrays America's famous frontier hero. Drawing from popular narrative, the public record, scraps of documentation from Boone's own hand, and a treasure of reminiscence gathered by nineteenth-century antiquarians, Faragher uses the methods of new social history to create a portrait of the man and the times he helped shape. Blending themes from a much vitalized Western and frontier history with the words and ideas of ordinary people, Faragher has produced a book that will stand as the definitive life of Daniel Boone for decades to come, and one that illuminates the frontier world of Boone like no other.

Fire in the Ashes Jonathan Kozol, 2013-09-03 In this powerful and culminating work about a group of inner-city children he has known for many years, Jonathan Kozol returns to the scene of his previous prize-winning books, and to the children he has vividly portrayed, to share with us their fascinating journeys and unexpected victories as they grow into adulthood. For nearly fifty years, Jonathan has pricked the conscience of his readers by laying bare the savage inequalities inflicted upon children for no reason but the accident of being born to poverty within a wealthy nation. But never has his intimate acquaintance with his subjects been more apparent, or more stirring, than in *Fire in the Ashes*, as Jonathan tells the stories of young men and women who have come of age in one of the most destitute communities of the United States. Some of them never do recover from the battering they undergo in their early years, but many more battle back with fierce and often jubilant determination to overcome the formidable obstacles they face. As we watch these glorious children grow into the fullness of a healthy and contributive maturity, they ignite a flame of hope, not only for themselves but also for our society.

As Far As the Heart Can See Mark Nepo, 2011-09-01 Stories carry the seeds of our humanness. They help us, teach us, heal us, and connect us to what matters. *As Far As the Heart Can See* is an invitation to be in relationship with deep and life-giving material. Many spiritual gurus present dense metaphysical theses with an intellectual approach for working a spiritual path; poet and philosopher Mark Nepo reaches people through their hearts, bringing something fresh and new to the field by stimulating change through reflection of thoughts and feelings. The stories he shares in *As Far As the Heart Can See* come from many places—from Nepo's personal history to dreams to the myths of our ancestors. Each one is an invitation to awaken an aspect of living in relationship with the sacred. Following each of the forty-five stories are three forms of an invitation to further the conversation: journal questions, table questions, and meditations. The questions, whether reflected upon in a journal or discussed in deeper conversation with friends or family, are meant to lead the seeker down unimagined paths and

back into life; the meditations are meant to ground the learning. These stories and parables about universal concepts and themes offer a poet's sensuality and a philosopher's sensibility to personalizing the journey of the human experience in the world.
