Tortured Cardboard Philip E. Orbanes,2019-07-23 The term “tortured cardboard” sums up what happens to cardboard when making a board game (bound, cut, folded, punched). And, as you’ll learn, great board games often reflect whatever “tortures” culture. Each gained immortality after a chaotic beginning and a chance survival. Why? Because—be it chess, backgammon, Clue®, Monopoly®, Scrabble®, Settlers of Catan®, or one of ten others featured in this book—each is replete with “lessons” applicable to achievement in your life. As the twenty-first century gathers

momentum, our love affair with board games continues to strengthen. They involve us, they refine social skills, and they teach great lessons applicable in real life. “Tortuous” is the journey of every great board game, from birth in chaotic times, through survival by mere chance, to raging popularity and eventual immortality. Tortured Cardboard reveals how the great ones came to endure and—all fun aside—how each teaches us something about our own behavior while providing “rules” that can work in your life.
