National Research Council, Transportation Research Board, Studies and Information Services, Division on Engineering and Physical Sciences, Aeronautics and Space Engineering Board, Committee on Aeronautics Research and Technology for Vision 2050, 2003-12-18  
As recently as the summer of 2001, many travelers were dreading air transportation because of extensive delays associated with undercapacity of the system. That all changed on 9/11, and demand for air transportation has not yet returned to

peak levels. Most U.S. airlines continue to struggle for survival, and some have filed for bankruptcy. The situation makes it difficult to argue that strong action is urgently needed to avert a crisis of undercapacity in the air transportation system. This report assesses the visions and goals for U.S. civil aviation and technology goals for the year 2050.

*Queen of the Darkness* Anne Bishop, 2000-01-01 In the astonishing conclusion of Anne Bishop's Black Jewels Trilogy, the Dark Court has been formed and the end—for some—draws exceedingly near...

Jaenelle Angelline now reigns as Queen—protector of the Shadow Realm. No longer will the corrupt Blood slaughter her people and defile her lands. But where one chapter ends, a final, unseen battle remains to be written, and Jaenelle must unleash the terrible power that is Witch to destroy her enemies once and for all. Even so, she cannot stand alone. Somewhere, long lost in madness, is Daemon, her promised Consort. Only his unyielding love can complete her Court and secure her reign. Yet, even together, their strength may not be enough to hold back the most malevolent of forces. And in the end, under the emergent shadow of evil and unforeseen betrayal, only Jaenelle's greatest sacrifice will save those she loves—and the realm she's bound to protect...

Heir to the Shadows Anne Bishop, 2007-08-07 In the second novel set in the “darkly fascinating world” (SF Site) of Anne Bishop's Black Jewels Trilogy, ambitions unfurl as the realm's dreams of a liberator have finally been made flesh... The Blood have waited centuries for the coming of Witch, the living embodiment of magic. But Jaenelle, the young girl singled out by prophecy, is haunted by the cruel battles fought over her—for not all the Blood await her as their Savior. Some dismiss her as a myth. Some refuse to

believe. And still others look forward to using her, making her a pawn to their shadowy devices. Only time and the devotion of her loyal guardians have healed Jaenelle's physical wounds. But her mind is fragile, barely able to protect her from the horrifying memories of her childhood. Nothing, however, can deflect her from her destiny—and the day of reckoning looms near. When her memories return. When her magic matures. When she is forced to accept her fate. On that day, the dark Realms will know what it means to be ruled by Witch.

*Hardware: The Definitive SF Works of Chris Foss*  
Chris Foss, 2011-09-06 Foss's groundbreaking and distinctive science fiction art revolutionized paperback covers in the 1970s and 80s.

Dramatically raising the bar for realism and invention, his trademark battle-weary spacecraft, dramatic alien landscapes and crumbling brutalist architecture irrevocably changed the aesthetic of science fiction art and cinema. Featuring work for books by Isaac Asimov, E. E. 'Doc' Smith, Arthur C. Clarke, A. E. Van Vogt and Philip K. Dick, and film design for Ridley Scott and Stanley Kubrick, this volume brings together many rare and classic

images that have never been seen or reprinted before. The first comprehensive retrospective of Chris Foss's SF career. "Chris Foss' name has become pre-eminent among sf artists... He is in love with the monstrous, with angular momentum, with inertia-free projectiles and irresistible objects." – Brian Aldiss "[Foss'] creations are real machines, not just an artist's dreams. They combine the two elements so essential to science fiction: realism and a sense of wonder... A medieval goldsmith of future eons." – Alejandro Jodorowsky
