Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Three Sheets Zane Lamprey,2010-03-16 Most people have a few drinks to relax after work. For Zane Lamprey,

however, having a few (or a few too many) drinks is work. But he's not complaining. Zane has circled the globe knocking back an endless variety of booze while capturing his imbibing exploits for the cult-hit TV show Three Sheets. And now the Indiana Jones of alcohol consumption has gathered a round of his most amusing adventures, fascinating factoids, and tips for adventurous tipplers into this, the ultimate pub crawler's memoir. Join him as he ventures, glass in hand, to • Ireland, where whiskey was invented, drinking is a way of life, and beer is the best medicine • Tanzania, where the popular "bee brew," engortorogi, was accidentally discovered by a woman trying to poison her two-timing husband • Las Vegas, where the scary-to-look-at, tasty-to-sip, and impossible-to-finish-alone Witch Doctor is a better bet than the gaming tables, and a bacon martini is a savory way to wash down Sin City's famed \$777 burger • Japan, where the celebrated sake is brewed like beer and once featured saliva as a secret ingredient • Poland, where vodka is the equivalent of America's apple pie (one of the most popular brands is infused with flakes of gold) and lovers of beer constitute an official political party Zane also sips champagne in the French region that gave the bubbly its name and heads to Tequila, Mexico to sample the infamous local spirit from the blue agave plant. He also bellies up to bars in Scotland, Jamaica, Argentina, New Zealand, Belgium, St. Martin, South Africa, and Taiwan. Each destination is a new adventure in libation. Packed with anecdotes, recipes and drinking games, and more hangover remedies than you can shake a swizzle stick at, Three Sheets makes for a delightfully intoxicating cocktail.

The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership

Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes.
