Dissenting Opinions Michael Sexton, 2020-06-17 The term dissenting opinions is normally used in the law to describe the judgments of those members of appellate courts who take a different view in a particular case from their colleagues who form the majority and effectively decide the question before the court. I have used it, however, in relation to this collection of articles and book reviews published over several decades because they proposed in the main a departure from what might be characterised as the conventional wisdom, that is, the views and values of those who preside over most public and private intuitions in Australia, including much of the media. I do not suggest for a moment that there has been any disadvantage to myself as a result of these publications but I have suggested in some of the pieces concerning the relatively recent phenomenon of political correctness that this climate of conformity has had a chilling effect on public debate. And that young people embarking on their

careers now have to be wary of expressing unconventional opinions. This is even - and perhaps particularly - so in universities which historically were places where established ideas were always open to challenge. Although some of these pieces are from earlier periods, most concern questions that are still controversial and can be taken as a contribution to those on-going discussions. Most importantly, however, they represent the hope that there will be much greater scope in the immediate future for the full-blooded public debate of social, economic and political issues in Australia.

The Smurf Menace Peyo,2017-01-17 The Blue Smurfs meet the Grey Smurfs, negative versions of themselves with all of the Smurfs bad habits. Now someone is proposing they build a wall around the Smurfs village! Will the Grey Smurfs have to pay for it?

The Strange Awakening of Lazy Smurf Peyo,2014-05-23 Lazy Smurf, everyone's favorite layabout, has his work cut out for him when he wakes to find a century has passed!

Catvinkle and the Missing Tulips Elliot Perlman,2020-09-29 When best friends Catvinkle and Ula are asked to defend two sheep accused of eating Amsterdam's tulips, they're not sure what to believe. The sheep say they're innocent, but they do look very sheepish. To win this case, Catvinkle will need the help of a wolfhound, a llama, two travelling koalas, a pair of Russian bears . . . and a very special bird.

The Personal History of William Buckley Robert Larkins,2020 As a British soldier who fought against Napoleon, William Buckley served capably and truly but a drunken escapade led to his transportation to a short-lived settlement in Australia, and once there to his daring escape from custody and thirty years of isolation among the First People of the region, who saved and sheltered him. Known to his saviours as 'Murrangurk', Buckley learnt their language and forgot his own. He lived as they did and would later record - invaluable for us today - his understanding of their customs and traditions. When eventually Europeans returned and conflict between them and the First People flared, Buckley

was at the heart of the tumult. He courageously stopped three massacres, but soon found himself disregarded by the antagonists and dangerously compromised.

The Adventures of Catvinkle Elliot Perlman, 2018-10-01

But a cat and a dog can't be friends – can they? A tail-spin of a tale that will make you howl with laughter – and remind you that if you aren't open to adventure, you might never meet your best friend.

Family Trees Michael Farrell, 2020-04 In *Family Trees* Michael Farrell continues to question how humans relate -- to each other, and to the nonhuman, the worlds of animals, plants and objects. Inheritance can be a heavy legacy but in Farrell's expansive rendering it frees itself: how do we connect? Through affection, and through sharing, swapping and listening. *Family Trees* sees the return of familiar characters such as Pope Pinocchio, alongside new figures Lord Marmalade, Cherry the 'Kiama Scammer' and Adam, a paranoid country English teacher. Presented in film-like scenarios, Farrell's characters are often busily thinking, while also participating in more mundane forms of activity -- gossip and sleep and work. The book includes a number of South Coast poems that take a poking interest in how language blooms off-track. It's about memory, fantasy and the possibilities of living in conceptual space. Anything that has roots can be a family tree. 'Endless, rascally contortions. Read them boldly as an archaeologist...but stay quietly aware that the texts are already affecting your cognitive frame, turning you into their accomplice in

the renewing of language.' --Sydney Review of Books

Maybe the Horse Will Talk Elliot Perlman, 2020-10-20 'I am absolutely terrified of losing a job I absolutely hate.' Stephen Maserov has problems. A onetime teacher, married to fellow teacher Eleanor, he has retrained and is now a second-year lawyer working at mega-firm Freely Savage Carter Blanche. Despite toiling around the clock to make budget, he's in imminent danger of being downsized. And to make things worse, Eleanor, sick of single-parenting their two young children thanks to Stephen's relentless work schedule, has asked him to move out.
