Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**If Anything Happens I Love You** Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

**Magickal Servitors** Damon Brand,2016-01-14 Magick is used to attract money, love and luck, but it can also be used to inspire artists, to encourage loyalty and passion, to increase popularity and fame, or to repel attacks. Magick can make people see you in a new light, protect you, end bad luck, open new opportunities, and direct change in whatever way you want. If you have a need, it can be served through magick. With servitor magick you create a spirit yourself, using your mind, heart and soul, to serve your deepest needs. This is the most personal magick imaginable, and it can reward you with extreme pleasure, the power to create change, and the ability to attract prosperity in all areas of your life. Everything that could be said about servitors has been said. Until now. Servitor magick has been around for a long time, but it became popular in the last half-century or so. There are countless Chaos Magick books and free websites that will tell you how to create a servitor. There are a small number of variations on a theme, but the essence of these sources is the same. **Magickal Servitors** contains two major secrets discovered by The Gallery of Magick, which are embedded within the fabric of this process. This magick is designed to be accessible to beginners as well as experienced occultists. If you are new to magick, all you need is an open

mind and the willingness to work with the techniques as instructed. You will be pleasantly surprised by the way the world yields to the touch of magick. You will discover: Spirits that are easy to contact and effortless to command. Servitors that grow and change with your needs. Magick for long-term, repeating results. Servitors for Self-Development, that help you enhance or subdue a personality trait. Perception Servitors, to see people and situations clearly. Servitors of influence, to stir thoughts and feelings in others. Manifestation Servitors for material rewards and real-world change. The secret process of Vision, Creation and Life that gives birth to a loyal, powerful spirit. Acclaimed author Damon Brand say, 'With the secrets of practical magick, you create your life according to your true will. There is no higher magick than the magick that brings results.' This book presents a system for creating servitors that will enable you to craft a conscious spirit that will act on your behalf, manipulating matter, time and the patterns of reality to bring the results you desire.

Expressive Anatomy for Comics and Narrative: Principles and Practices from the Legendary Cartoonist Will Eisner, 2008-08-17 The final volume of Will Eisner's celebrated instructional trilogy explores the

critical principle of body grammar in comics storytelling. Designed and outlined by Will Eisner before his death in 2005, this posthumous masterwork, the third and final book in the Will Eisner Instructional Series, finally reveals the secrets of Eisner's own techniques and theories of movement, body mechanics, facial expressions, and posture: the key components of graphic storytelling. From his earliest comics, including the celebrated Spirit, to his pioneering graphic novels, Eisner understood that the proper use of anatomy is crucial to effective storytelling. His control over the mechanical and intuitive skills necessary for its application set him apart among comics artists, and his principles of body grammar have proven invaluable to legions of students in overcoming what is perhaps the most challenging aspect of creating comics. Buttressed by dozens of illustrations, which display Eisner's mastery of expression, both subtle and overt, Expressive Anatomy for Comics and Narrative will benefit comics fans, students, and teachers and is destined to become the essential primer on the craft.
