**Louise Haselton** Gillian Brown, Leigh Robb, Jenna McKenzie, 2019-11-02 Louise Haselton offers glimpses of the curious inner lives of everyday and overlooked things. From the domestic to the exotic, the natural to the 'made', she distinctively intuits connections between seemingly disparate material vernaculars. Haselton believes in the invisible forces that bind and repel the world around us. With a witty reverence for the objects and materials she engages with, Haselton explores the communicative possibilities of weight, balance and form within her predominantly sculptural works. Her practice is unexpected, unconventional, and exemplary of an artist especially attuned to the matters which surround us. Louise Haselton: Act natural is a compendium of Haselton's works to date including illustrated essays chronicling the inspirations, influences and ideas behind her extraordinary practice of the last twenty-five years.

And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

National School Improvement Tool [in Arabic] ,2016 The National School Improvement Tool brings together findings from international research into the practices of highly effective schools and school leaders. The Tool assists schools to review and reflect on their efforts to improve the quality of classroom

teaching and learning. It supports school-wide conversations - including with parents and families, school governing bodies, local communities and students themselves - about aspects of current practice, areas for improvement and evidence that progress is being made. The Tool does not describe everything that effective schools do, but focuses on those practices that are most directly related to school-wide improvements, and thus outcomes for students. In this sense, the tool can be thought of as a core element of more comprehensive school improvement programs, frameworks and initiatives.
