The World of Shannara Terry Brooks, Teresa Patterson, 2011-02-09 The beloved Shannara series by #1 New York Times bestselling author Terry Brooks is universally acclaimed as a towering achievement, an unquestioned masterpiece in fantasy literature. Now, for the first time, all the wonders of Shannara have been gathered into one single, indispensable volume in which Terry Brooks shares candid views on his creation. Lavishly illustrated with full-color paintings and black-and-white drawings, this comprehensive guide

ventures behind the scenes to explore the history, the people, the places, the major events, and of course the magic, of one of the world's greatest fantasy epics. What sets Terry Brooks apart? Is it a knack for creating complex, unforgettable characters like Allanon the Druid, Shea Ohmsford, and Amberle the elven-maid-men and women, gnomes and wizards, who come alive on the page and in our hearts? Is it the haunting and utterly believable evil of his darker creations: the foul Dagda Mor, the insanely murderous Jachyra, the enigmatic Ilse Witch? Or is it the way his adventures effortlessly partake of the timeless quality of myth? Whatever the secret of Brooks's storytelling magic, generations of readers have fallen under its spell, returning again and again to the pages of beloved classics like *The Elfstones of Shannara* and *The Druid of Shannara*, and relishing his newest novels in the *Voyage of the Jerle Shannara* saga. Sure to tantalize and delight old fans and newcomers alike, *The World of Shannara* is the ultimate gateway into the fantasy realms of Terry Brooks—and the perfect companion to take along on the journey of a lifetime.

### **Defending Elysium** Brandon Sanderson, 2021-11-23

As Brandon Sanderson's #1 bestselling Skyward series celebrates its third volume, Cytonic, travel back in time to the origin of Cytonics in the novella Defending Elysium. Centuries before Spensa looked skyward from the planet Detritus—back on Old Earth before it was lost—Jason Write faced a crucial question: was humanity ready to join galactic society? When

faster-than-light communications were discovered by a small telephone company in 2071, alien species such as the Tenasi and Varvax overheard them and came to visit Earth. Because the Phone Company controls all communications with the aliens, their operatives like Jason operate above the law. Now, on the space platform Evensong, one of the Phone Company's scientists has gone missing before surfacing in a hospital with amnesia, and Jason is sent to investigate. Right as he arrives, the body of a murdered Varvax ambassador is discovered, sure to cause a galactic incident. Coln Abrams of the United Intelligence Bureau seizes the opportunity to investigate Jason as he deals with the crisis. This could be the UIB's chance to discover the Phone Company's secrets—how does FTL communication work, and what is Jason hiding? Winner of Spain's UPC Award for Science Fiction in 2007.

**Mistborn** Brandon Sanderson, 2010-04-01 Now with over 10 million copies sold, The Mistborn Series has the thrills of a heist story, the twistiness of political intrigue, and the epic scale of a landmark fantasy saga. For a thousand years the ash fell and no flowers bloomed. For a thousand years the Skaa slaved in misery and lived in fear. For a thousand years the Lord Ruler, the Sliver of Infinity, reigned with absolute power and ultimate

terror, divinely invincible. Then, when hope was so long lost that not even its memory remained, a terribly scarred, heart-broken half-Skaa rediscovered it in the depths of the Lord Ruler's most hellish prison. Kelsier snapped and found in himself the powers of a Mistborn. A brilliant thief and natural leader, he turned his talents to the ultimate caper, with the Lord Ruler himself as the mark. Kelsier recruited the underworld's elite, the smartest and most trustworthy allomancers, each of whom shares one of his many powers, and all of whom relish a high-stakes challenge. Only then does he reveal his ultimate dream, not just the greatest heist in history, but the downfall of the divine despot. But even with the best criminal crew ever assembled, Kel's plan looks more like the ultimate long shot, until luck brings a ragged girl named Vin into his life. Like him, she's a half-Skaa orphan, but she's lived a much harsher life. Vin has learned to expect betrayal from everyone she meets, and gotten it. She will have to learn to trust, if Kel is to help her master powers of which she never dreamed. This saga dares to ask a simple question: What if the hero of prophecy fails? **Scourge of the Betrayer** Jeff Salyards, 2012-05-01

Many tales are told of the Syldoon Empire and its fearsome soldiers, who are known throughout the world for their treachery and atrocities. Some say that the Syldoon eat virgins and babies—or perhaps their own mothers. Arkamondos, a bookish young scribe, suspects that the Syldoon's dire reputation may have grown in the retelling, but he's about to find out for himself. Hired to chronicle the exploits of a band of rugged Syldoon warriors, Arki finds himself both frightened and fascinated by the men's enigmatic leader, Captain Braylar Killcoin. A secretive, mercurial figure haunted by the memories of those he's killed with his deadly flail, Braylar has already disposed of at least one impertinent scribe . . . and Arki might be next. Archiving the mundane doings of millers and merchants was tedious, but at least it was safe. As Arki heads off on a mysterious mission into parts unknown, in the company of the coarse, bloody-minded Syldoon, he is promised a chance to finally record an historic adventure well worth the telling, but first he must survive

the experience! A gripping military fantasy in the tradition of Glen Cook, *Scourge of the Betrayer* explores the brutal politics of Empire-and the searing impact of violence and dark magic on a man's soul.
