Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize

Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Gurps Illuminati Nigel D. Findley, 2018-11-20 The Secret Masters have denied all knowledge of the various conspiracy theories put forth in GURPS Illuminati. To begin with, we don't even exist, said a spokesman. The Illuminati are a myth. He went on to deny specifically that: Everything you read in the tabloids is true! Aliens regularly visit Earth, and are in contact with high government officials. The Men in Black are everywhere, and will snatch you from your home if you ask too many questions or just see something you shouldn't see. Orbital Mind Control satellites cruise the skies, influencing international politics and deciding the fates of billions. The Gnomes of Zurich control the world's monetary supply, and manipulate it to fit their own sinister plans. The world is such a complex web of secrets, mysteries and conspiracies that nobody really knows what is happening. But everyone in power lies . . . all the time. The only real way to protect yourself is to join the conspiracy. But even then, you'll never know who is pulling your strings. Everything you know is a lie. Everything you suspect is true. The world is a very strange place. Hail Eris! All Hail Discordia! The publishers of GURPS Illuminati, Steve Jackson Games, admitted that it was a work of fiction, but added, It's all true anyway! Just look at the book. It's closer than you think.
